

The Professional Photographer's Society of Central New York (PPSCNY) and the NYS Office of Children and Family Services-Syracuse Regional Office has joined together to create a portrait exhibit of children in the foster care system that are waiting to be adopted. The photographers include members of PPSCNY, private photographers who continually donate their time and talents to create these unique portraits.

During National Adoption Month, the CNY Heart Gallery will be on display at the Onondaga Court house located at 401 Montgomery Street in downtown Syracuse. There are 39 portraits in the exhibit.

The Heart Gallery of CNY hopes to find forever families for these children, as well as to raise awareness around the need for foster and adoptive families here in the central New York region and across the state. The central New York region includes: Broome, Cayuga, Cortland, Chenango, Herkimer, Jefferson, Lewis, Madison, Oneida, Onondaga, and Oswego, St. Lawrence, Tompkins and Tioga counties.

For additional information on adoption visit the New York State Office of Children and Family Services website at www.ocfs.state.ny.us.
