

Allegations Report

Report Title: CPS Allegations by Type

Report Purpose: To provide detailed information on substantiated, unsubstantiated, and undetermined allegations for the period of time requested. Undetermined allegations include any CPS Reports that were open as of midnight on the last day of the period covered. An allegation consists of a child and an allegation type. Children with more than one allegation are counted once for each allegation type.

Totals: Number of children involved in allegations is totaled as follows:

- Gender of the child
- Substantiated/Unsubstantiated status and allegation type
- Statewide – Statewide, region, county

Layers: Statewide– Upstate/Downstate, Region, County, Unit, Worker, Case Name

Other Dimensions Available:

Date
Race
Undetermined Disposition Status
NCANDS Reporter Type
Age Range at Intake

Other Measures Available:

Allegation Count (total number of allegations)
Report Count (number of reports)
