

## **CFSR PIP 2004**

The OCFS Data Warehouse Team is pleased to announce that 2004 data has been added to the CFSR PIP Six National Indicators reports in the Data Warehouse.

Access to these reports is through the OCFS Data Warehouse:

1. Login to Citrix.
2. From the Welcome screen open the **CFSR PIP** folder.
3. Double-click on the **Pre-Defined User Reports** folder to open it.
4. Double-click on the **2004** folder to open it.
5. Double-click on any report ending in **.imr** to open it.
6. Click on the **OK** button to the message: "This report is locked by another user or is read only. A copy will be made."
7. If the **Cognos Common Logon** dialog box displays, enter your **User ID** and **Cognos Password** and click the **Log On** button.

### Background:

As part of the Child and Family Services Review (CFSR) process, the federal government established six data indicators for which there are national standards. In a continuing effort to support districts in the implementation of the State's CFSR PIP, the OCFS Data Warehouse maintains a series of reports that replicate the six data indicators:

- Recurrence by District
- Maltreatment in Foster Care Summary
- Discharge to Adoption Summary
- Reunify with Parent or Caretaker Summary
- Re-entry to Foster Care Summary
- Two or Fewer Placement Settings Summary
- Six National Indicators – includes rates for all six indicators

For each indicator, data is provided on the national standard, New York's rate and a rate for each county. Drill-through reports provide child-level data with key pieces of information to permit reviewing other dynamics of the indicator on a case-by-case basis.
