## APPENDIX G-3

### III. Reasonable Distance, Very Low Income, Family Share, Case Closings and Openings, and Fraud and Abuse Control Activities (Required Section)

#### Reasonable Distance

Your district is required to define reasonable distance based on community standards for determining accessible child care.

The following defines "reasonable distance": 50 miles

Describe any steps/consultations made to arrive at your definition: Information was obtained as to geography (1030 square miles in the county) and population density (49 persons/square mile) to help us determine our definition. Legal notices were published in the past concerning our definition and we received no responses.

#### Very Low Income

Very Low Income is defined by each district and is used in determining priorities for child care benefits.

Very Low Income is defined as **200%** of the State Income Standard.

#### Family Share

Family share is the weekly amount paid towards the costs of the child care services by the child's parent or caretaker. In establishing family share, your district must select a percentage from 10% to 35% to use in calculating the family share. The family share of child care is calculated by applying the family share percentage against the amount of the family's annual gross income that is in excess of the State Income Standard divided by 52.

Family Share Percentage selected by our district **20%**.

#### Case Closings (select one or two)

1. The district must describe below how priority is given to federally mandated priorities and describe local priorities. If all NYSCCBG funds are committed, the district will discontinue funding to those families that have lower priorities in order to serve families with higher priorities, which are those children with special needs and those families with very low income. Described below is how the district will select cases to be closed in the event that there are insufficient or no funds available.

**When there are no or insufficient funds, cases will be closed in the following ascending order:**

- 1. All category three (other eligible families if funds are available and if the social services district has listed these other families as eligible in the district's 2007-09 Child and Family Services Plan, Appendix G-2) families will be closed.**
- 2. All category two (families that are eligible when funds are available) families will be closed, with the exception of C(1) (to enable a teenage parent to attend high school or an equivalency program) a family receiving Public Assistance when child care services are necessary to enable a teenage parent to attend high school or an equivalency program and D(2) (to enable a teenage parent to attend high school or an equivalency program) a family with income up to 200 percent of the State income standard which is at risk of becoming dependent on Public Assistance when child care services are needed to enable a teenage parent to attend high school or an equivalency program.**
- 3. Category two families in the following order as stated above.**
  - a. D (2) (to enable a teenage parent to attend high school or an equivalency program)**
  - b. C.(1) (to enable a teenage parent to attend high school or an equivalency program)**
- 4. And those families who have children with special needs.**

**Within the categories, cases will be selected to be closed that have been in receipt of the child care program the shortest period of time.**

2. The district has not established priorities beyond the federally-mandated priorities. If all NYSCCBG funds are committed, case closings for families which are not eligible under a child care guarantee and are not a federally-mandated priority must be based on the length of time in receipt of services. The length of time used to close cases may be based either on the shortest or longest time receiving child care services but must be consistent for all families. The district has chosen to close cases based on:

- shortest time receiving child care services  
 longest time receiving child care services

### **Case Openings**

The district must describe below how priority is given to federally mandated priorities and how the district will select cases to be opened in the event that there are insufficient funds available.

**Cases will be opened in the reverse order of closings.**

### **Fraud and Abuse Control Activities**

The district must identify below the criteria it will use to determine which child care subsidy applications suggest a higher than acceptable risk for fraudulent or erroneous child care subsidy payment and procedures for referring such applications to the district's front end detection system.

**See attached FEDS Plan. (Labeled starting with page 77a.)**

The district must describe below its sampling methodology used to determine which cases it will seek verification of an applicant or recipient's continued need for child care including, as applicable, verification of participation in employment, education or other required activities.

**100% of low income child care subsidy cases are recertified every six months. At recertification the ongoing need for child care is determined.**

**Reviews are done on each reported change in income and other undercare changes that may affect eligibility. Any reported referrals to the Program Integrity Unit (PIU) unit are investigated as well.**

The district must describe below its sampling methodology used to determine which child care providers of subsidized child care services they will review for the purpose of comparing the child care providers attendance forms for children receiving subsidized child care services and any child and adult care food program inspection forms to verify that child care was actually provided on the days listed on the attendance forms.

**We estimate Allegany County has 31 child care providers who participate in the food program. We will inspect 2 or 3 per month. Monitoring will be done by checking the child care attendance forms against CACFP monitoring check list to verify attendance of subsidized child,. Any discrepancies that occur will always be followed up on.**

The district may propose local standards in addition to the State standards for providers who will receive child care subsidies.

1. Described below are the additional local standards that will be required of providers as well as which providers must comply with each additional standard.
  
2. Described below are the methods and resources that will be utilized to determine that these additional local standards are being met.
  
3. Described below are the procedures the district will use to notify the Legally Exempt Caregiver Enrollment Agency as to whether or not the legally exempt provider is in compliance with the additional local standards. (Districts only need to describe this procedure if the additional local standard is applied to legally exempt child care providers.)
  
4. Described below is the justification for each additional standard.

**APPENDIX G-9  
PAYMENT TO CHILD CARE PROVIDERS FOR ABSENCES**

The following providers are eligible for payment for absences:  
(Check any that are eligible)

- Day Care Center                       Legally Exempt Group  
 Group Family Day Care             School Age Child Care  
 Family Day Care

Our district will only pay for absences to providers with which the district has a contract or letter of intent.  Yes  No

Base period selected (check one)     3 months             6 months

Number of absences allowed during base period:

<b>Period</b>	<b>Routine Limits (# of days)</b>	<b>Extenuating Circumstances (# of days)</b>	<b>Total Number of Absences Allowed (# of days)</b>

List any limitations on the above providers' eligibility for payment for absences:

When required per contract between client and provider

Note: Legally exempt family child care and in-home child care providers are **not** eligible to receive payment for absences.

**APPENDIX G-11**  
**TRANSPORTATION, DIFFERENTIAL PAYMENT RATES, ENHANCED MARKET**  
**RATES FOR LEGALLY EXEMPT, SLEEP**

**Transportation**

Describe below under what circumstances and limitations if any your district will use to reimburse for transportation, what type of transportation will be reimbursed (public vs. private), and how much your district will pay (per mile or trip). Note if paying for transportation, Appendix F will need to reflect this choice.

**Differential Payment Rates**

Indicate below the percentage above the market rate your district has chosen. **Not applicable**

Accredited Programs may receive a differential payment up to \_\_\_\_\_ % above market rate.

Care during non-traditional hours may be paid up to \_\_\_\_\_ % above market rate.

Limitations to the above differentials are as follows:

Payments may not exceed 15% above market rate. However, if your district wishes to establish a payment rate that is in excess of 15% above the applicable market rate must describe below why the 15% maximum is insufficient to provide access within the district to accredited programs and/or care provided during non-traditional hours.

**Enhanced Market Rate For Legally-Exempt Family and In-Home Child Care Providers**

If a district elects to establish a payment rate that is in excess of the enhanced market rate for legally-exempt family and in-home child care providers who have annually completed 10 or more hours of training and the training has been verified by the legally-exempt care giver enrollment agency. The district must state the percentage above the market rate it proposes to use.

Our district is requesting to increase the legally-exempt enhanced market rate up to \_\_\_\_\_ percent of the applicable registered family day care market rate. Market rate may not exceed 75 percent (75%) of the child care market rates established for registered family day care.

A district that selects the option to increase the legally-exempt enhanced market rate must select one of the options listed below for implementation of the legally-exempt enhanced market rate:

for all legally-exempt family and in-home child care providers that have been approved by the applicable legally-exempt caregiver enrollment agency; or

for those legally-exempt family and in-home child care providers who were receiving the enhanced rate on the date of the regulations, but only for the remainder of their current one-year enrollment period; or

for those legally-exempt family and in-home child care providers who were receiving the enhanced rate on the date of the regulations, for the remainder of the time they remain enrolled and continue to meet the ten-hour annual training requirement.

### **Sleep**

The following describes the standards that will be used in evaluating whether or not to pay for child care services while a parent or caretaker that works a second or third shift sleeps and any limitations pertaining to payment:

**Client will have to verify the shifts worked and hours needed for sleep according to the weekly schedule required by the employer. DSS will pay up to 8 hours time for sleep for those working the third shift. Time will not be paid for sleep time for those working the second shift.**

Indicate the number of hours allowed by your district (maximum number of hours allowed is eight). **8**

**BREAKS IN ACTIVITIES**

**Child Care Exceeding 24 Hours**

Child care services may exceed 24 consecutive hours when such services are provided on a short-term emergency basis or in other cases where the caretaker's approved activity necessitates care for 24 hours on a limited basis.

Describe any limitations for payment of child care services that exceed 24 consecutive hours.  
**7 days maximum per year.**

**Child Care Services Unit**

The Child Care Service Unit is the basis upon which a district will determine which household and/or family members should be counted in determining family size and countable family income.

Our district will include the following in the Child Care Services Unit (check which ones apply).

18 year old       19 year old       20 year old

**-OR-**

Our district will include only the following in the Child Care Services Unit when it will benefit the family (check which ones apply).

**Waivers**

Districts have the authority to request a waiver of any regulatory provision that is non-statutory. Describe and justify why your district is requesting a waiver.

### **Breaks in Activities**

Districts may pay for child care services for low income families during breaks in activities for a period not to exceed two weeks or for a period not to exceed one month where child care arrangements would otherwise be lost and the subsequent activity is expected to begin within that period (check one).

- two weeks       four weeks
