## APPENDIX G-3

### III. Reasonable Distance, Very Low Income, Family Share, Case Closings and Openings, and Fraud and Abuse Control Activities (Required Section)

#### Reasonable Distance

Your district is required to define reasonable distance based on community standards for determining accessible child care.

The following defines "reasonable distance": **Chemung County DSS defines reasonable distance as 22 miles between home or work with child care accessible along the way.**

Describe any steps/consultations made to arrive at your definition:

**Contacted the Chemung County Planning Board to determine the distance between county borders.**

**Considered the location of major employers in Chemung County.**

**Consulted the Chemung County Transit to determine the accessibility of bus routes throughout the county.**

**Considered the location of licensed and regulated child care providers throughout the county.**

#### Very Low Income

Very Low Income is defined by each district and is used in determining priorities for child care benefits.

Very Low Income is defined as **100%** of the State Income Standard.

#### Family Share

Family share is the weekly amount paid towards the costs of the child care services by the child's parent or caretaker. In establishing family share, your district must select a percentage from 10% to 35% to use in calculating the family share. The family share of child care is calculated by applying the family share percentage against the amount of the family's annual gross income that is in excess of the State Income Standard divided by 52.

Family Share Percentage selected by our district **35%**.

#### Case Closings (select one or two)

1. The district must describe below how priority is given to federally mandated priorities and describe local priorities. If all NYSCCBG funds are committed, the district will discontinue funding to those families that have lower priorities in order to serve families with higher priorities. Described below is how the district will select cases to be closed in the event that there are insufficient or no funds available.

**The Chemung County district has established local priorities beyond the federally mandated priorities. If all NYSCCBG funds are committed, out district will discontinue funding to those families that have lower priorities in order to serve families with higher priorities. Described below is how the district will select cases to be closed in the event that there are insufficient or no funds available.**

- 1. The first categories of cases to be closed are those in the optional categories found in Appendix G-2. They will be closed based on income, from the highest to lowest income; the highest being closed first.**
- 2. The second category of cases to be closed is special needs from the highest to lowest income; the highest being closed first.**
- 3. The third category of cases to close is employed. Those cases with the highest income would close first. In cases where income is the same, the tiebreaker will be the date of application; the most recent date being the first to close. If cases are closed due to insufficient funds, those families will be placed on a waiting list.**

2. The district has not established priorities beyond the federally-mandated priorities. If all NYSCCBG funds are committed, case closings for families which are not eligible under a child care guarantee and are not a federally-mandated priority must be based on the length of time in receipt of services. The length of time used to close cases may be based either on the shortest or longest time receiving child care services but must be consistent for all families. The district has chosen to close cases based on:

- shortest time receiving child care services
- longest time receiving child care services

### **Case Openings**

The district must describe below how priority is given to federally mandated priorities and how the district will select cases to be opened in the event that there are insufficient funds available.

**Families whose cases were closed due to insufficient NYSCCBG funds will be placed on a waiting list. Those cases will be given priority over new applicants and their cases will be opened in reverse of case closings. Once all cases on the waiting list have been addressed new cases will be opened in reverse order of case closing.**

### **Fraud and Abuse Control Activities**

The district must identify below the criteria it will use to determine which child care subsidy applications suggest a higher than acceptable risk for fraudulent or erroneous child care subsidy payment and procedures for referring such applications to the district's front end detection system.

**Cases are referred to our Special Investigative Unit when: there is a prior history of overpayment resulting from an investigation.**

The district must describe below its sampling methodology used to determine which cases it will seek verification of an applicant or recipient's continued need for child care including, as applicable, verification of participation in employment, education or other required activities.

**The Temporary Assistance and Services cases are recertified every 6 months. The continued need of child care is determined at each recertification and Child Care Council is notified of any changes. Chemung County Child Care Council is also notified by the LDSS of changes that occur within the 6 months.**

The district must describe below its sampling methodology used to determine which child care providers of subsidized child care services they will review for the purpose of comparing the child care providers attendance forms for children receiving subsidized child care services and any child and adult care food program inspection forms to verify that child care was actually provided on the days listed on the attendance forms.

**Chemung County DSS has contracted with Chemung County Child Care Council for this service. Chemung County Child Care Council reviews copies of the CACFP Monitor inspection forms. Every four months, they will pull at least 20 cases (75%) and compare the CACFP Monitor inspection forms against the subsidy billing form. They look for any discrepancies in billing days and time between the CACFP program and subsidy billing. If there are any discrepancies in what hours are being billed, what was approved for child care or if the days billed are different from CACFP, verification of attendance at employment and/or school, is requested. They also administer the CACFP so everything is done on site.**

**ADDITIONAL LOCAL STANDARDS FOR CHILD CARE PROVIDERS**

The district may propose local standards in addition to the State standards for providers who will receive child care subsidies.

1. Described below are the additional local standards that will be required of providers as well as which providers must comply with each additional standard.

**Department of Corrections (DOC), Local warrant checks and criminal history checks on legally exempt provider households to:**

**Compare all household members 18 years of age and older against the State Department of Corrections web site and the local Sheriff's department outstanding warrant list. For Department of Corrections this is done solely through their website. For the local Sheriff's department, names are faxed to the sheriff's department and they reply by fax. We may also fax names to local law enforcement agencies such as surrounding cities, towns, or villages if we feel there is a need or if the local sheriff's department indicates that there may be a need. There are no fees paid for this service.**

**Review the DOC, criminal history and warrant check against the filed enrollment form for accuracy.**

**If all criminal convictions are not provided, without a reasonable explanation as to why it was not provided, the provider is denied enrollment.**

**If all criminal convictions are provided, that information will be evaluated based on State guidelines.**

**All providers are verbally advised about the background check and must sign a release that allows us to do the criminal background checks. A copy of the release is attached.**

2. Described below are the methods and resources that will be utilized to determine that these additional local standards are being met.

**Chemung County DSS has contracted with Chemung County Child Care Council to perform this process. DSS will do Random review of cases twice a year to assure that the additional standards are being met.**

3. Described below are the procedures the district will use to notify the Legally Exempt Caregiver Enrollment Agency as to whether or not the legally exempt provider is in compliance with the additional local standards. (Districts only need to describe this procedure if the additional local standard is applied to legally exempt child care providers.)

**This will be conducted twice per year.**

4. Described below is the justification for each additional standard.

**DOC, Criminal history check and warrant checks will:**

**Ensure that basic health and safety standards are being met.**

**Ensure information provided pertaining to the provision of childcare is legal and correct.**

**APPENDIX G-11**  
**TRANSPORTATION, DIFFERENTIAL PAYMENT RATES, ENHANCED MARKET RATES FOR LEGALLY EXEMPT, SLEEP**

**Transportation**

Describe below under what circumstances and limitations if any your district will use to reimburse for transportation, what type of transportation will be reimbursed (public vs. private), and how much your district will pay (per mile or trip). Note if paying for transportation, Appendix F will need to reflect this choice.

**Differential Payment Rates**

Indicate below the percentage above the market rate your district has chosen.

Accredited Programs may receive a differential payment up to \_\_\_\_\_ % above market rate.

Care during non-traditional hours may be paid up to **15%** above market rate.

Limitations to the above differentials are as follows:

Payments may not exceed 15% above market rate. However, if your district wishes to establish a payment rate that is in excess of 15% above the applicable market rate must describe below why the 15% maximum is insufficient to provide access within the district to accredited programs and/or care provided during non-traditional hours.

**Enhanced Market Rate For Legally-Exempt Family and In-Home Child Care Providers**

If a district elects to establish a payment rate that is in excess of the enhanced market rate for legally- exempt family and in-home child care providers who have annually completed 10 or more hours of training and the training has been verified by the legally-exempt care giver enrollment agency. The district must state the percentage above the market rate it proposes to use.

Our district is requesting to increase the legally-exempt enhanced market rate up to \_\_\_\_\_ percent of the applicable registered family day care market rate. Market rate may not exceed 75 percent (75%) of the child care market rates established for registered family day care.

A district that selects the option to increase the legally-exempt enhanced market rate must select one of the options listed below for implementation of the legally-exempt enhanced market rate:

for all legally-exempt family and in-home child care providers that have been approved by the applicable legally-exempt caregiver enrollment agency; or

for those legally-exempt family and in-home child care providers who were receiving the enhanced rate on the date of the regulations, but only for the remainder of their current one-year enrollment period; or

for those legally-exempt family and in-home child care providers who were receiving the enhanced rate on the date of the regulations, for the remainder of the time they remain enrolled and continue to meet the ten-hour annual training requirement.

### **Sleep**

The following describes the standards that will be used in evaluating whether or not to pay for child care services while a parent or caretaker that works a second or third shift sleeps and any limitations pertaining to payment:

**The district will pay for eight (8) hours of child care service when a sole caretaker parent or both parents in a two parent household works the third shift and the child/children are not attending school. In a two parent family when one parent is working the third shift and the second parent works 1st shift and the child/children are not attending school, child care service will be provided up to eight (8) hours for sleep for the parent working the 3rd shift.**

**APPENDIX G-12  
CHILD CARE EXCEEDING 24 HOURS, CHILD CARE SERVICES UNIT,  
WAIVERS, BREAKS IN ACTIVITIES**

**Child Care Exceeding 24 Hours**

Child care services may exceed 24 consecutive hours when such services are provided on a short-term emergency basis or in other cases where the caretaker's approved activity necessitates care for 24 hours on a limited basis.

Describe any limitations for payment of child care services that exceed 24 consecutive hours.

**Child Care Services Unit**

The Child Care Service Unit is the basis upon which a district will determine which household and/or family members should be counted in determining family size and countable family income.

Our district will include the following in the Child Care Services Unit (check which ones apply).

18 year old       19 year old       20 year old

Districts have the authority to request a waiver of any regulatory provision that is non-statutory. Describe and justify why your district is requesting a waiver.

**Breaks in Activities**

Districts may pay for child care services for low income families during breaks in activities for a period not to exceed two weeks or for a period not to exceed one month where child care arrangements would otherwise be lost and the subsequent activity is expected to begin within that period (check one).

- two weeks       four weeks
