Columbia County 2017 APU – September 5, 2017
I. Reasonable Distance

Define “reasonable distance” based on community standards for determining accessible child care.

1. The following defines “reasonable distance”: The maximum "reasonable distance" that a TANF recipient would be expected to travel from home to a work activity with a stop at a day care provider along the way is 15 miles.

2. Describe any steps/consultations made to arrive at your definition: A committee was formed of Department staff along with community agency staff to determine appropriate reasonable distance.

II. Recertification Period

The district’s recertification period for low income child care cases is every (select one):

☒ six months ☐ twelve months

III. Family Share

“Family Share” is the weekly amount paid towards the costs of the child care services by the child’s parent or caretaker. Your district must select a family share percentage from 10% to 35% to use in calculating the amount of family share. The weekly family share of child care costs is calculated by applying the family share percentage against the amount of the family’s annual gross income that is in excess of the State Income Standard divided by 52.

Family Share Percentage selected by the district 20%.

Note: The family share percentage selected here must match the percentage entered in the Program Matrix in the Welfare Management System (WMS).

IV. Very Low Income

Define “very low income” as it is used in determining priorities for child care benefits.

“Very Low Income” is defined as 150% of the State Income Standard.

V. Federal and Local Priorities

1. The district must rank the federally mandated priorities. Cases that are ranked 1 have the highest priority for receiving child care assistance. These rankings apply to case closings and case openings.

   a. Very low income as defined in Section IV: ☑ Rank 1 ☐ Rank 2 ☐ Rank 3

   b. Families with incomes up to 200% of the State Income Standard that have a child with special needs and a need for child care: ☒ Rank 1 ☐ Rank 2 ☐ Rank 3

   c. Families with incomes up to 200% of the State Income Standard that are experiencing homelessness: ☐ Rank 1 ☐ Rank 2 ☒ Rank 3
2. Does the district have local priorities?
   ☒ Yes   ☐ No

   If yes, list below and rank beginning with Rank 4.

4. Teen parents enrolled and actively attending high school

APPENDIX M #2
Case Openings, Case Closings, and Waiting List (Required)

I. Case Openings When Funds Are Limited

If a social services district does not have sufficient funds to provide child care services to all families who are applying, the district may decide to open certain categories of families as funds become available. The district must open federal priorities first. If the district identified local priorities, they must be opened next. After the federal and local priorities, identify the basis upon which the district will open cases if funds become available. Check only ONE of the options listed below and describe the process for opening.

1. ☐ Open based on FIRST COME, FIRST SERVED.

2. ☐ Open based on INCOME. Check one of the boxes below:
   - ☐ The district will open cases starting from the lowest income to the highest income.
   - ☐ The district will open cases based on income bands, starting from the lowest income band to the highest income band. List the income bands, starting from the band that will be opened first:

3. ☐ Open based on CATEGORY OF FAMILY.
   List below the remaining category 2 and 3 families included in 18 NYCRR §415.2(a)(2) and 18 NYCRR §415.2(a)(3) that are not federal or local priorities in the order they will be opened first.

4. ☒ Open based on INCOME AND CATEGORY OF FAMILY.
   List below the incomes (from lowest to highest income) or income bands (from lowest income band to highest income band), and the remaining category 2 and 3 families included in 18 NYCRR §415.2(a)(2) and 18 NYCRR §415.2(a)(3) that are not federal or local priorities in the order they will be opened first.

   Families who have children with special needs will be opened first. Next, families with very low income will be open. We will open cases by income bands from lowest to highest in the following order: 100-124% State Income Standard (SIS), 125-149% (SIS), 150-174% (SIS) and 175-200% (SIS). Last, we will open teen parents enrolled and actively attending high school.

☐ Open based on OTHER CRITERIA.
Describe the criteria the district will use to select cases to be opened:

II. Case Closings When Sufficient Funds Are Not Available

If a social services district does not have sufficient funds to continue to provide child care assistance to all families in its current caseload, the district may decide to discontinue child care assistance to certain categories of families. The district must close federal priorities last. If the district identified local priorities, they must be closed next to last. After the federal and local priorities, describe the basis upon which the district will close cases if sufficient funds are not available.

If no priorities are established beyond the federally mandated priorities and all funds are committed, case closings for families that are not eligible under a child care guarantee and are not under a federally mandated priority must be based on the length of time they have received services (must choose #1 below).

Check only one of the options for closing listed below and describe the process for closing.

1. ☐ Close based on **AMOUNT OF TIME** receiving child care services.  
   Check one of the boxes below:
   - ☐ The district will close cases starting from the shortest time receiving child care services to the longest time.
   - ☐ The district will close cases starting from the longest time receiving child care services to the shortest time.

2. ☐ Close based on **INCOME**.  
   Check one of the boxes below:
   - ☐ The district will close cases starting from the highest income to the lowest income.
   - ☐ The district will close cases based on income bands, starting from the highest income band to the lowest income band. List the income bands starting from the band that will be closed first:
3. □ Close based on CATEGORY OF FAMILY.
   List the category 2 and 3 families included in 18 NYCRR §415.2(a) that are not federal or local priorities in the order they will be closed.

4. ☑ Close based on INCOME AND CATEGORY OF FAMILY.
   List below the incomes (from the highest to lowest income) or income bands (from the highest income band to the lowest income band), and the category 2 and 3 families included in 18 NYCRR §415.2(a) that are not federal or local priorities in the order they will be closed.

   Teen parent enrolled and actively attending high school will be closed first. Next we will close cases by income bands from highest to lowest income in the following order: 200-175% State Income Standard (SIS), 174-150% SIS, 149-125%, 124-100%. Families with children who have special needs will be closed last.

5. □ Close based on OTHER CRITERIA.
   Describe the criteria the district will use to select cases to be closed:

III. Waiting List

The district will establish a waiting list when there are not sufficient funds to open all eligible cases.

□ No.

☑ Yes.
I. Fraud and Abuse Control Activities

1. Describe below the criteria the district will use to determine which child care subsidy applications suggest a higher than acceptable risk for fraudulent or erroneous child care subsidy payments in addition to procedures for referring such applications to the district’s front-end detection system.

The following FEDS indicators will be used prior to generating a referral: working off the books, supported by loans/friends, self-employed but without adequate business records, no defined residence address, an individual has no documentation to verify his/her identity or the ID is suspect, documents or information is suspicious, prior hx of denial and or provider fraud, application inconsistent with prior case, no absent parent information or inconsistent information as well as household composition.

2. Describe the sampling methodology used to determine which cases will require verification of an applicant’s or recipient’s continued need for child care, including, as applicable, verification of participation in employment, education, or other required activities.

Columbia County verifies 100% child care services cases no less than every 6 months. At recertification all families are required to provide documentation, which verifies their need for child care.

3. Describe the sampling methodology used to determine which providers of subsidized child care services will be reviewed for the purpose of comparing the child care provider’s attendance forms for children receiving subsidized child care services with any Child and Adult Care Food Program inspection forms to verify that child care was actually provided on the days listed on the attendance forms.

On a quarterly basis Columbia County will compare the subsidy attendance forms against all CACFP program inspection forms of 20% providers that participate in CACFP and care for subsidized children to verify that child care was provided on the days listed on the attendance form.

II. Inspections of Child Care Provider Records and Premises

The district may choose to make announced or unannounced inspections of the records and premises of any provider/program that provides child care for subsidized children for the purpose of determining whether the child care provider is in compliance with applicable laws and regulations and any additional requirements imposed on such a provider by the social services district per 18 NYCRR §415.4(h)(3).

The district has the right to make inspections prior to subsidized children receiving care of any child care provider, including care in a home, to determine whether the child care provider is in compliance with applicable laws and regulations and any additional requirements imposed on such a provider by the district.

The district must report violations of regulations as follows:

- Violations by a licensed or registered child care provider must be reported to the applicable Office of Children and Families (OCFS) Regional Office.
• Violations by an enrolled or enrolling legally-exempt child care provider must be reported to the applicable Enrollment Agency.

1. Does the district choose to make inspections of such child care providers/programs?
   ☑ No.
   ☐ Yes. Provide the details of your inspections plan below.

   a. The following *types* of subsidized child care providers/programs are subject to this requirement:

   ☐ Legally-Exempt Child Care
   ☐ In-Home
   ☐ Family Child Care
   ☐ Group programs not operating under the auspices of another government agency
   ☐ Group programs operating under the auspices of another government agency

I. The district may propose local standards in addition to the State standards for legally-exempt providers who will receive child care subsidies issued by the district. This appendix must be completed for each additional local standard that the district wants to implement.

The district must coordinate with the local Enrollment Agency, including, but not limited to:
- Informing the Enrollment Agency of the intent to request an additional standard.
- Developing the stepwise process referenced in Question 5.
- Ensuring that no significant burden of work shall be incurred by the Enrollment Agency as a result of the additional local standard, unless such work is addressed in a separate contract or a formal agreement is in place, which are referenced in Question 3.
- Sharing any consent/release form that may be required.
- Keeping the Enrollment Agency informed of the approval status.

- Local criminal background check
- Require providers caring for subsidized children for 30 or more hours a week participate in the Child and Adult Care Food Program (CACFP). 2a. Exceptions: There may be instances when the district may be unable to enact the additional standard, such as, the applicable person may reside outside of the district’s jurisdiction, or the site of care may not be located within the district. In such cases, the district may create an exception to the applicability stated above. 

   Note: The Child Care Facility System cannot track such exceptions and, therefore, the district remains responsible for notifying the applicable Enrollment Agency, using the OCFS-2114, District Notification to Legally-Exempt Caregiver Enrollment Agency, that an additional standard is “not applicable” to the specific provider/person named on the referral list.

Place a check mark below to show any exception to the applicability of this Local Additional Standard to programs or roles previously identified.

☒ a. The district will not apply this additional local standard when the applicable person resides outside of the subsidy-paying district.
☒ b. The district will not apply this additional local standard when the program’s site of care is located outside of the subsidy-paying district.
☒ c. The district will not apply this additional local standard when the informal provider is younger than 18 years of age.

3. Districts are responsible for implementation of the additional local standard unless they have a formal agreement or contract with another organization. Check the organization that will be responsible for the implementation of the additional local standard.

☒ Local social services staff  

Provide the name of the unit and contact person: Alissa Mullins, CPS Unit  

☐ Contracted agency  

Provide the name of the agency and contact person:

4. Are there any fees or other costs associated with the additional local standard?

☐ Yes  ☒ No  

   Note: Costs associated with the additional local standard cannot be passed on to the provider.

5. Describe, in chronological order, the steps for conducting the additional local standard. Include how the district will retrieve referrals from CCFS, communicate with providers and other applicable persons, determine compliance with the additional local standard, inform the Enrollment Agency whether the additional local standard has been “met,” “not met”, or is “not applicable”, and monitor its timeliness. Include all agencies involved and
their roles. Note that the district’s procedures must be in accordance with 12-OCFS-LCM-01.

Our district will provide the authorization form, which will allow our Department to conduct a local welfare database check, in the enrollment package instructing the provider (or adults 18 years or older) to return the completed enrollment package including the release(s) to the enrollment agency. If a provider or other required person specified in question 2 does not comply with the signing release to perform the additional standard, the packet is considered incomplete and the provider cannot be enrolled.

To initiate the additional standards check, per 12-OCFS-LCM-01, the Child Care Facility System will automatically generate the E-Notice, LE-CCFS LD-003 Legally-Exempt Additional Standard Referral Notification, to inform the local district that the additional standards check must be conducted. The designated district must run the CCFS report, LE Additional Local Standard Referral List to obtain the list of persons (as specified in question #2 above) for whom Legally Exempt Additional Standard(s) Review(s) must be conducted and other pertinent information.

When a local child welfare database check reveals that a legally exempt provider and/or household member(s) 18 years of age and older are the indicated subject of a child abuse or maltreatment report, the provider will be required to submit to our Department a written statement providing information concerning the indicated reports(s). This statement must be signed by the parent/caretaker acknowledging receipt of this information and confirming the parent/caretaker’s wish to use this child care provider.

If the information on the written statement regarding the indicated child protective report does not correlate with the information obtained from the local database check, our Department will notify the provider that they have five calendar days to clarify the discrepancies in the information submitted to the Department and parent/caretaker. Within that five-calendar day period the provider must submit information to our Department and the parent/caretaker that either correlates with the information obtained by our Department’s local database check or the provider submits information to our Department which documents that the information obtained from the local database check is inaccurate. If the provider fails to clarify the discrepancies our Department will notify the Legally Exempt Enrollment Agent that the additional standard has not been met and no additional payments will be authorized.

If the information on the written statement regarding the indicated child protective report correlates with the information obtained by the local child welfare database check, and the parent/caretaker still chooses to use the provider, the Enrollment Agency will be notified that the additional local standard has been met. In some cases, our district will need to inform the parent that the parent’s decision to place their child in the care of this provider would place their child at risk. As mandated reporters, our Department is obligated to make a report of suspected child abuse or maltreatment if placing the child in
the care of a provider would place the child in imminent danger of impairment and the parent/caretaker nevertheless places the child in that provider’s care. Parent will be informed of their right to choose an alternative provider and be given information about how to locate other provider.

The Columbia County Department of Social Services will make the determinations as follows:

- Not met: If the provider fails to clarify the discrepancies.
- Met:
  - If the information regarding the indicated child protective report submitted by the provider to the parent/caretaker and the local district correlates with the information obtained from the local database check and the parent/caretaker still chooses to use the provider.
  - When the local records check does not reveal a record wherein the person was an indicated subject of a child abuse or maltreatment report.
- Not Applicable: When the applicable person resides outside of the subsidy-paying district; or the program’s site of care is located outside of the subsidy-paying district; or the informal provider is younger than 18 years of age.

In accordance with 12-OCFS-LCM-01, Columbia County Department of Social Services will complete the OCFS-2114, District Notification to Legally-Exempt Caregiver Enrollment Agency, and send it to the applicable Enrollment Agency to notify the Enrollment Agency of the determination of “Met”, “Not Met” or “Not Applicable”.

6. Indicate how frequently the additional local standard will be applied. Answer both questions.

   a. The Standard will be applied:
      i. ☒ At initial enrollment and re-opening
      ii. ☒ At each re-enrollment

   b. The district will assess compliance with the additional local standard:
      i. ☒ During the enrollment review period, and, the district will notify the Enrollment Agency of the results within 25 days from the E-Notice referral date.
      ii. ☐ During the 12-month enrollment period, and, the district will notify the Enrollment Agency of the results promptly. Note that this option is always applicable to an additional local standard requiring participation in CACFP.

7. Describe the justification for the additional local standard in the space below.
To ensure information that could affect the safety of the children in legally exempt childcare settings is shared.

The Department of Social Services wants to make sure that providers have told parents about known child protective histories for themselves and any adults 18 years or older residing in the provider's home where child care is to take place.

III. Enhanced Market Rate for Legally-Exempt Family and In-Home Child Care Providers

1.
