APPENDIX G-3

III. Reasonable Distance, Very Low Income, Family Share, Case Closings and Openings, and Fraud and Abuse Control Activities (Required Section)

Reasonable Distance

Your district is required to define reasonable distance based on community standards for determining accessible child care.

The following defines "reasonable distance": **No more than one hour and fifteen minutes travel time, by public transportation or private car, between the caretaker's home and the child care provider.**

Describe any steps/consultations made to arrive at your definition: **Consultation with parents living throughout the city to determine maximum travel time from home to the work activity site, including time to stop at a child care provider.**

Very Low Income

Very Low Income is defined by each district and is used in determining priorities for child care benefits.

Very Low Income is defined as **200 %** of the State Income Standard.

Family Share

Family share is the weekly amount paid towards the costs of the child care services by the child's parent or caretaker. In establishing family share, your district must select a percentage from 10% to 35% to use in calculating the family share. The family share of child care is calculated by applying the family share percentage against the amount of the family's annual gross income that is in excess of the State Income Standard divided by 52.

Family Share Percentage selected by our district will be **35%**.

Note: Make sure the % selected here matches the % selected in Appendix F.

New York City will not use the State prescribed methodology of applying a formula to gross family income above the State Income Standard (SIS). Instead a fee schedule will be utilized. Within a given fee band in the fee schedule, and, depending on family income, the family share percentage will be 35% of remaining gross family income after subtracting the applicable SIS level. Family shares or fees will be capped at 17% of annual gross family income. A minimum weekly family share of \$15 for full-time care or \$12 for part-time care will be charged to families. If \$15 per week exceeds 35% of remaining income after subtracting SIS from the highest income level listed in a given fee band, a \$15 per week minimum family share/fee for

full-time care or \$12 per week for part-time care will apply to that entire fee band. A part-day weekly family share of 61% of the full-time weekly family share for a family of the same size and income will be charged for children who receive part-day care. Households in receipt of Child Care in Lieu of Public Assistance (CILOPA) are required to pay \$15 per week for their family share.

Case Closings (select one or two)

1. The district must describe below how priority is given to federally mandated priorities and describe local priorities. If all NYSCCBG funds are committed, the district will discontinue funding to those families that have lower priorities in order to serve families with higher priorities. Described below is how the district will select cases to be closed in the event that there are insufficient or no funds available.

In the event that there are limited or no NYSCCBG funds available, cases will be selected to be closed using the longest time receiving child care services within the priority in the reverse priority order that will be used to open cases in priorities funded by the NYSCCBG.

2. The district has not established priorities beyond the federally-mandated priorities. If all NYSCCBG funds are committed, case closings for families which are not eligible under a child care guarantee and are not a federally-mandated priority must be based on the length of time in receipt of services. The length of time used to close cases may be based either on the shortest or longest time receiving child care services but must be consistent for all families. The district has chosen to close cases based on:

- shortest time receiving child care services
- longest time receiving child care services

Case Openings

The district must describe below how priority is given to federally mandated priorities and how the district will select cases to be opened in the event that there are insufficient funds available.

If additional funds become available (either through an increased allocation or attrition), cases will be selected to be opened in the priority order listed in Appendix G-5.

Fraud and Abuse Control Activities

The district must identify below the criteria it will use to determine which child care subsidy applications suggest a higher than acceptable risk for fraudulent or erroneous child care subsidy payment and procedures for referring such applications to the district's front end detection system.

Indicators:

- (a) Working off the books (currently or previously)**
- (b) Self-employed, but without business records to support financial assertions**
- (c) P.O. Box used as a mailing address without cause, i.e. high crime area**
- (d) Client unsure of own address**
- (e) An individual has no identification to verify his/her identity or the identification is suspect**
- (f) Prior history of denial, case closing, or overpayments resulting from an investigation or prior fraud history**
- (g) Application inconsistent with prior case history or with information provided on application**
- (h) Child(ren) in the household under the age of six with no birth certificate**
- (i) Child care provider lives in same household as the child**
- (j) Missing or inconsistent absent parent information**

If, in the judgment of the eligibility worker, the applicant/recipient did not submit adequate records to support his/her assertions pertaining to identity, income/resources, or residence, the case - with supervisory approval - will be referred to New York City's (NYC) FEDS program.

The district must describe below its sampling methodology used to determine which cases it will seek verification of an applicant or recipient's continued need for childcare including, as applicable, verification of participation in employment, education or other required activities.

The district will seek verification for 25% of all new applicants.

The district must describe below its sampling methodology used to determine which child care providers of subsidized child care services they will review for the purpose of comparing the child care providers attendance forms for children receiving subsidized child care services and any child and adult care food program inspection forms to verify that child care was actually provided on the days listed on the attendance forms.

A random sample of 40 providers will be chosen from the informal providers subsidized child care who are participating in CACFP. The attendance forms for subsidized children from 10 providers per quarter will be compared to the CACFP inspection forms for those same providers.

APPENDIX G-4

APPENDIX G-8
ADDITIONAL LOCAL STANDARDS FOR CHILD CARE PROVIDERS

The district may propose local standards in addition to the State standards for providers who will receive child care subsidies.

Additional Local Standard #1

1. Described below are the additional local standards that will be required of providers as well as which providers must comply with each additional standard.

Upon notification by WHEDCo of the temporary enrollment of a legally-exempt family or in-home child care provider, ACS will submit the provider's name and date of birth to the NYS Office of Court Administration to conduct a Criminal History Records Search. ACS will provide WHEDCo with any criminal history records obtained. WHEDCo will evaluate the convictions in the criminal history record findings in accordance with the guidelines issued in 01 OCFS LCM 11 to determine if the provider can be enrolled. A notice approved by OCFS will accompany the enrollment form for the provider notifying them of the criminal background check. The criminal background check will be completed at no cost to the provider.

ACS will review all arrests currently pending against the provider to determine if there is a charge pending against the provider involving a crime against children or a violent or other serious crime in which case the provider will not have met the additional standard. ACS will notify WHEDCo as to whether the additional standard has been met and WHEDCo will determine whether or not to enroll the provider.

As per the New York State Human Rights Law, neither ACS nor WHEDCo will review "any arrest or criminal accusation of such individual not then pending against that individual which was followed by a termination of that criminal action or proceeding in favor of such individual, as defined in subdivision two of section 160.50 of the criminal procedure law, or by a youthful offender adjudication, as defined in subdivision one of section 720.35 of the criminal procedure law, or by a conviction for a violation sealed pursuant to section 160.55 of the criminal procedure law or by a conviction which is sealed pursuant to section 160.58 of the criminal procedure law." NYS Executive Law 296(16).

2. Described below are the methods and resources that will be utilized to determine that these additional local standards are being met.

The legally exempt enrollment agency will notify the provider and the parent and ACS will terminate payment to a provider who has been temporarily enrolled if the provider cannot be fully enrolled.

3. Described below are the procedures the district will use to notify the Legally Exempt Caregiver Enrollment Agency as to whether or not the legally exempt provider is in compliance with the additional local standards. Districts only need to describe this procedure if the additional local standard is applied to legally exempt child care providers.

ACS will forward the results of the Criminal History Record Search to the Legally Exempt Caregiver Enrollment Agency within 30 days of the request.

4. Described below is the justification for each additional standard.

ACS is committed to the safety of all children in our child care services, including those in license-exempt care. As per New York State Corrections Law section 752(2), ACS believes that granting enrollment to a legally exempt family or in-home provider who has an arrest or conviction for a crime against a child or a violent or other serious charge as defined in 01OCFS LCM 11 would pose an unreasonable risk to the safety and welfare of a child in their care.

Additionally, because of the prohibition against fingerprinting a legally exempt child care provider, there is no method for ACS or WHEDCo to receive notification if a currently pending arrest against a provider for a violent crime or a crime against a child results in a conviction prior to the annual recertification.

Additional Local Standard #2

1. Described below are the additional standards that will be required of providers as well as which providers must comply with each additional standard.

In order to deter fraud, all legally exempt family and in-home child care providers must provide proof of identity and residency in order to receive payment as a legally exempt child care provider as part of the enrollment packet. If child care is provided at a location that is neither the home of the child nor the provider, a notarized letter from the resident of the location where care is provided must be submitted to WHEDCo.

2. Described below are the methods and resources that will be utilized to determine that these additional standards are being met.

The provider must submit an original document to be copied by WHEDCo or a copy of one of the following forms of documentation for WHEDCo to verify his/her identity:

- Current valid photo ID issued by government, employer, school or other official institution/agency including but not limited to:
 - Driver's license/non-driver's identification card
 - Passport or visa
 - Naturalization or citizenship certificate
 - School or Military ID card
 - Employment Authorization Card
 - Permanent Resident Card
 - Government Benefit Card (e.g., Welfare/Medicaid/Food Stamps)

OR at least two of the following non-photo IDs including but not limited to:

- Social Security card
- Birth certificate
- Baptismal certificate
- Government benefit card (e.g., Welfare/Medicaid/Food Stamps)
- Life Insurance Policy

The provider must submit one of the following forms of documentation, either a copy or an original to be copied by WHEDCo, for WHEDCo to verify his/her residence:

- Statement from landlord on his/her official stationery*
- Lease or deed with the provider's name
- Rent statement/receipt with preprinted address*
- Mortgage records (the provider may [for privacy reasons] cross out any specific financial information on the document)
- Tax records for residence
- A utility bill with the provider's address (the provider may [for privacy reasons] cross out any specific financial information on the document) *

- A bank statement with the provider's address (the provider may [for privacy reasons] cross out any specific financial information on the document) *
- Provider's school records indicating address*

If care is taking place at a location other than the home of the child or the provider, the owner or tenant of the residence where care is taking place must submit a notarized letter to WHEDCo approving the use of their residence for such care along with the documentation listed above to verify the residence of the property owner or tenant of the residence where care is taking place.

*** Documents cannot be more than 60 days old.**

3. Described below is the justification for each additional standard.

ACS requests verification of the provider's identity and location of providing child care in order to deter fraud, verify the location where child care is being provided, confirm what residence is being assessed for the health and safety standards, and to obtain an accurate address for purposes of mailings and home visits.

Transportation

Describe below under what circumstances and limitations if any your district will use to reimburse for transportation, what type of transportation will be reimbursed (public vs. private), and how much your district will pay (per mile or trip). Note if paying for transportation, Appendix F will need to reflect this choice.

Differential Payment Rates

Indicate below the percentage above the market rate your district has chosen.

Accredited Programs may receive a differential payment up to **15%** above market rate.

Care during non-traditional hours may be paid up to **15%** above market rate.

Limitations to the above differentials are as follows:

Payments of up to 15% above the market rate for care during non-traditional hours will only be available to licensed or registered programs or providers and is contingent upon the availability of funds in the budget. The differential rate will only be paid for night-time and weekend care provided for at least 3 hours per night/day. Night time care must be provided between the hours of 6 PM and 8 AM.

Payments may not exceed 15% above market rate. However, if your district wishes to establish a payment rate that is in excess of 15% above the applicable market rate must describe below why the 15% maximum is insufficient to provide access within the district to accredited programs and/or care provided during non-traditional hours.

Enhanced Market Rate For Legally-Exempt Family and In-Home Child Care Providers

If a district elects to establish a payment rate that is in excess of the enhanced market rate for legally- exempt family and in-home child care providers who have annually completed 10 or more hours of training and the training has been verified by the legally-exempt care giver enrollment agency. The district must state the percentage above the market rate it proposes to use.

Our district is requesting to increase the legally-exempt enhanced market rate up to ___percent of the applicable registered family day care market rate. Market rate may not exceed 75 percent (75%) of the child care market rates established for registered family day care.

A district that selects the option to increase the legally-exempt enhanced market rate must select one of the options listed below for implementation of the legally-exempt enhanced market rate:

for all legally-exempt family and in-home child care providers that have been approved by the applicable legally-exempt caregiver enrollment agency; or

for those legally-exempt family and in-home child care providers who were receiving the enhanced rate on the date of the regulations, but only for the remainder of their current one-year enrollment period; or

for those legally-exempt family and in-home child care providers who were receiving the enhanced rate on the date of the regulations, for the remainder of the time they remain enrolled and continue to meet the ten-hour annual training requirement.

Appendix H

Reason for Change

- Appendix G-1: Updated to reflect contract with YMS (payment vendor) for 5/01/10 to 4/30/13
- Appendix G-2: Updated to reflect that local funds are no longer used for families with an open child protective services case when child care is needed to protect the child. Families continue to be funded with Title XX. Eligibility for PA families or families with income up to 200% of the SIS when the caretaker is homeless is limited to homeless who are working or participating in an educational or vocational activity.
- Appendix G-3: Updated to reflect change in the family share. Minimum fees will increase to \$15 (FT)/\$12 (PT), up from \$5/\$4. Fees will be capped at 17% of annual gross family income, up from 12%.
- Case closings revised to select cases to be closed using the longest time receiving child care services within the priority in the reverse priority order that will be used to open cases in priorities funded by the NYSCCBG.
- Fraud and Abuse Control Activities revised to reflect new indicators and application.
- Appendix G-4: Deleted district option to choose to pay for child care services while a caretaker who works the second or third shift sleeps.
- Appendix G-5: Priority Populations revised to provide category for domestic violence as third ranking priority. Homeless, Employment and Educational/Vocational Activity have been collapsed into one category as the fourth ranking priority. Protective and Preventive are funded with Title XX and have been listed as the fifth ranking category to reflect that they are outside of the priorities funded by the NYSCCBG.
- Appendix G-7: Amended to reflect that the only populations for which Title XX is used are Preventive and Protective.
- Appendix G-11: Amended to reflect that ACS does not pay for child care services while a caretaker who works the second or third shift sleeps.
- Appendix G-12: Breaks in Activities revised to reflect that ACS will pay for a period not to exceed two weeks where child care arrangements would otherwise be lost and the subsequent activity is expected to begin within that period. Previously indicated that ACS would pay four weeks. ACS will provide child care services while the caretaker is waiting to enter an approved activity or employment. Eliminates provision of child care services while the caretaker is on break between activities.
