This letter is to inform you that your January 1, 2007 to December 31, 2010 County Child and Family Services Plan (CFSP) Annual Plan Update, except for the Child Care Appendix G-1, Administrative, and the Child Care Appendix G-8, Additional Local Standards, of the Administrative Component, has been approved by the Office of Children and Family Services.

The Appendix G-8 is still being reviewed for regulatory compliance and your county will be contacted with the results of that review. The OCFS Division of Child Care Services (DCCS) will work with your county to obtain approval of Appendix G-1 and Appendix G-8. Until such time that Appendix G-1 and Appendix G-8 are approved, you may not implement any changes to these pieces of your CFSP. If you have any questions about the child care section of your Annual Plan Update, please contact Ms. Amy Ryan at (518) 474-9620, or by e-mail at Amy.Ryan@ocfs.state.ny.us.

Additionally, the PINS Diversion Services Plan of your January 1, 2007 to December 31, 2010 County Child and Family Services Plan (CFSP) Annual Plan Update (APU) has been jointly approved by the Division of Probation and Correctional Alternatives and the Office of Children and Family Services.

The Office of Children and Family Services and the Division of Probation and Correctional Alternatives are committed to working together to provide the support probation, youth bureaus and local social service departments need to improve outcomes for youth and their families. We look forward to working with your county to implement the provisions of your CFSP APU.

APPENDIX G-3

III. Reasonable Distance, Very Low Income, Family Share, Case Closings and Openings, and Fraud and Abuse Control Activities (Required Section)

Reasonable Distance

Your district is required to define reasonable distance based on community standards for determining accessible child care.

The following defines "reasonable distance": **No more than one hour and fifteen minutes travel time, by public transportation or private car, between the caretaker's home and the child care provider.**

Describe any steps/consultations made to arrive at your definition: **Consultation with parents living throughout the city to determine maximum travel time from home to the work activity site, including time to stop at a child care provider.**

Very Low Income

Very Low Income is defined by each district and is used in determining priorities for child care benefits.

Very Low Income is defined as **200 %** of the State Income Standard.

Family Share

Family share is the weekly amount paid towards the costs of the child care services by the child's parent or caretaker. In establishing family share, your district must select a percentage from 10% to 35% to use in calculating the family share. The family share of child care is calculated by applying the family share percentage against the amount of the family's annual gross income that is in excess of the State Income Standard divided by 52.

Family Share Percentage selected by our district will range from **27% to 35.3%**. In **April 2009**, the Family Share Percentage will become **35%**.

Note: Make sure the % selected here matches the % selected in Appendix F.

New York City will not use the State prescribed methodology of applying a formula to gross family income above the State Income Standard (SIS). Instead a fee schedule will be utilized. Within a given fee band in the fee schedule, and, depending on family income, the family share percentage will range between **27% and 35.3%** of remaining gross family income after subtracting the applicable SIS level. Family shares or fees will be capped at **10%** of annual gross family income. A minimum weekly family share of **\$3** for full-time care or **\$2** for part-time care will be charged to families. If **\$3** per week exceeds **27%** of remaining income after subtracting SIS from the highest income level listed in a given fee band, a **\$3** per week minimum family share/fee for full-time care or **\$2** per week for part-

time care will apply to that entire fee band. A part-day weekly family share of 62.5% of the full-time weekly family share for a family of the same size and income will be charged for children who receive part-day care. Households in receipt of Child Care in Lieu of Public Assistance (CILOPA) are required to pay \$1 per week for their family share.

In April 2009, the family share percentage in New York City will become 35% of remaining gross family income after subtracting the applicable SIS level. Family shares or fees will be capped at 12% of annual gross family income. A minimum weekly family share of \$5 for full-time care or \$4 for part-time care will be charged to families. If \$5 per week exceeds 35% of remaining income after subtracting SIS from the highest income level listed in a given fee band, a \$5 per week minimum family share/fee for full-time care or \$4 per week for part-time care will apply to that entire fee band. A part-day weekly family share of 75% of the full-time weekly family share for a family of the same size and income will be charged for children who receive part-day care. Households in receipt of Child Care in Lieu of Public Assistance (CILOPA) are required to pay \$1 per week for their family share.

Case Closings (select one or two)

1. The district must describe below how priority is given to federally mandated priorities and describe local priorities. If all NYSCCBG funds are committed, the district will discontinue funding to those families that have lower priorities in order to serve families with higher priorities. Described below is how the district will select cases to be closed in the event that there are insufficient or no funds available.

In the event that there are limited or no funds available, cases will be selected to be closed using the reverse of the priority order that will be used to open cases. (See the Case Opening section below.)

2. The district has not established priorities beyond the federally-mandated priorities. If all NYSCCBG funds are committed, case closings for families which are not eligible under a child care guarantee and are not a federally-mandated priority must be based on the length of time in receipt of services. The length of time used to close cases may be based either on the shortest or longest time receiving child care services but must be consistent for all families. The district has chosen to close cases based on:

- shortest time receiving child care services
- longest time receiving child care services

Case Openings

The district must describe below how priority is given to federally mandated priorities and how the district will select cases to be opened in the event that there are insufficient funds available.

Eligible families will be placed on a waiting list if there are insufficient funds to open

their cases. If additional funds become available (either through an increased allocation or attrition), cases will be selected to be opened in the priority order listed below.

First

Category 3c: A family with an open child protective services case when it is determined that such child care is needed to protect the child. These families will be funded using Title XX and local funds.

Second

A family with an open child preventive services case when it is determined that such child care is needed to prevent the risk of foster care placement of the child. These families will be funded using Title XX and local funds.

Third

Children with special needs from families that meet financial and programmatic eligibility requirements for NYSCCBG funding will receive first priority among all NYSCCBG eligible cases and third priority overall.

Fourth

- Category 2 c (1): A family receiving public assistance when child care services are necessary to enable a teenage parent to attend high school or an equivalency program.

Eighth

Ninth

- Category 3 f (1): A family with income up to 200 percent of the State income standard when child care services are needed for the child's caretaker to actively seek employment for a period of up to six months, if the caretaker documents that he or she is currently registered with the New York State Department of Labor Community Service Center and the district determines that the activity is a necessary part of plan for the family's self support:

- when child care services are needed for the child's caretaker(s) to be engaged in work.

When a family is referred for child care services by non child welfare social services personnel.

These families will be funded using Title XX and local funds.

Thirteenth

- Category 3 g: PA recipients and families with incomes up to 200% of the SIS when the child care services are needed for the child's caretaker to attend a two year program other than one with a specific vocational sequence leading to an associates degree or certificate of completion or a four-year college or university program leading to a bachelor degree provided:
 - that the program is reasonably expected to lead to an improvement in the parent/caretaker's earning capacity)
 - the parent(s) or caretaker is also participating in non-subsidized employment at least 17 ½ hours per week.
 - the caretaker can demonstrate the ability to satisfactorily complete the course of study.

Fraud and Abuse Control Activities

The district must identify below the criteria it will use to determine which child care subsidy applications suggest a higher than acceptable risk for fraudulent or erroneous child care subsidy payment and procedures for referring such applications to the district's front end detection system.

Income/Resource Indicators

- 1) Working off the books, lack of pay stubs, or lack of proof that income will be reported to IRS, State and local tax agencies (currently or previously).
At the time of eligibility determination, all cases of applicants or recipients who indicate that they work off the books and who only submit a letter or a "Referral to Employer for Employee Information Form" (ACD 1069) from their employer as documentation of employment income will be reviewed by an eligibility worker. If, upon review, the documentation of income is determined questionable by the worker and the supervisor approves, the case will be

referred to New York City's (NYC) FEDS program.

2) Self Employed but without adequate business records to support financial assertions.

At the time of eligibility determination, cases of applicants or recipients who indicate that they are self employed will be reviewed by an eligibility worker. If, in the judgment of the eligibility worker, the applicant/recipient did not submit adequate business records to support his/her financial assertions pertaining to self employment, the case, with supervisory approval, will be referred to NYC's FEDS program.

The district must describe below its sampling methodology used to determine which cases it will seek verification of an applicant or recipient's continued need for child care including, as applicable, verification of participation in employment, education or other required activities.

A random sample of 100 cases will be chosen from the universe of approximately 40,000 non-public assistance child care subsidy cases. From the sample, we will seek verification of participation in the above specified activities of 25 cases per quarter.

The district must describe below its sampling methodology used to determine which child care providers of subsidized child care services they will review for the purpose of comparing the child care providers attendance forms for children receiving subsidized child care services and any child and adult care food program inspection forms to verify that child care was actually provided on the days listed on the attendance forms.

A random sample of 40 providers will be chosen from the universe of 375 informal providers of subsidized child care who are participating in CACFP. The attendance forms for subsidized children from 10 providers per quarter will be compared to the CACFP inspection forms for those same providers.

APPENDIX G-4

TRANSPORTATION, DIFFERENTIAL PAYMENT RATES, SLEEP**

Transportation

Describe below under what circumstances and limitations if any your district will use to reimburse for transportation, what type of transportation will be reimbursed (public vs. private), and how much your district will pay (per mile or trip). Note if paying for transportation, Appendix F will need to reflect this choice.

Differential Payment Rates

Indicate below the percentage above the market rate your district has chosen.

Accredited Programs may receive a differential payment up to **15%** above market rate.

Care during non-traditional hours may be paid up to _____ % above market rate.

Limitations to the above differentials are as follows:

Our proposal to pay a differential payment of up to 15% above the market rate to accredited programs is contingent upon the availability of funds in the budget.

Payments of up to 15% above the market rate for care during non-traditional hours will only be available to licensed or registered programs or providers and is contingent upon the availability of funds in the budget. The differential rate will only be paid for night-time and weekend care provided for at least 3 hours per night/day. Night time care must be provided between the hours of 6 PM and 8 AM.

Payments may not exceed 15% above market rate. However, if your district wishes to establish a payment rate that is in excess of 15% above the applicable market rate must describe below why the 15% maximum is insufficient to provide access within the district to accredited programs and/or care provided during non-traditional hours.

Sleep

The following describes the standards that will be used in evaluating whether or not to pay for child care services while a parent or caretaker that works a second or third shift sleeps and any limitations pertaining to payment:

There is no parent or legally responsible relative available to provide care during the second or third shifts that the other parent/caretaker works.

Indicate the number of hours allowed by your district (maximum number of hours allowed is eight). **Eight**
