District requesting the amendment Oneida County**Enhanced Market Rate For Legally-Exempt Family and In-Home Child Care Providers**

If a district elects to establish a payment rate that is in excess of the enhanced market rate for legally-exempt family and in-home child care providers, a district must state the percentage above the market rate it proposes to use:

- Our district is requesting to increase the legally-exempt enhanced market rate up to 75 percent of the applicable registered family day care market rate. Market rate may not exceed 75 percent of the child care market rates established for registered family day care. Districts that select the option to increase the legally-exempt enhanced market rate must also select one of the options listed below for which the legally-exempt enhanced market rate applies:
- for all legally-exempt family and in-home child care providers that have been approved by the applicable legally-exempt caregiver enrollment agency or by the district for those portions of the district that are not covered by a legally-exempt caregiver enrollment agency as having completed ten or more hours of training annually;
- for those legally-exempt family and in-home child care providers who were receiving the enhanced rate on the date of the regulations, but only for the remainder of their current one-year enrollment period; or
- for those legally-exempt family and in-home child care providers who were receiving the enhanced rate on the date of the regulations, for the remainder of the time they remain enrolled and continue to meet the ten-hour annual training requirement.

This amendment is effective May 15, 2009. This option cannot be effective prior to May 15, 2009.
