## APPENDIX G-3

### III. Reasonable Distance, Very Low Income, Family Share, Case Closings and Openings, and Fraud and Abuse Control Activities (Required Section)

#### Reasonable Distance

Your district is required to define reasonable distance based on community standards for determining accessible child care.

The following defines "reasonable distance": 25 miles or 30 minutes one way

Describe any steps/consultations made to arrive at your definition: This mileage/timeframe was arrived at by interviewing staff from DSS who live in surrounding counties, consultation with our childcare coordinator, the employment unit and our paralegal staff. The "reasonable distance" determination would allow ample time and distance opportunities for all persons seeking work in our 5 contiguous counties. Public transportation is not available to all surrounding counties and was not a consideration in this equation.

#### Very Low Income

Very Low Income is defined by each district and is used in determining priorities for child care benefits.

Very Low Income is defined as **100%** of the State Income Standard.

#### Family Share

Family share is the weekly amount paid towards the costs of the child care services by the child's parent or caretaker. In establishing family share, your district must select a percentage from 10% to 35% to use in calculating the family share. The family share of child care is calculated by applying the family share percentage against the amount of the family's annual gross income that is in excess of the State Income Standard divided by 52.

Family Share Percentage selected by our district **25%**.

#### Case Closings (select one or two)

2. The district has not established priorities beyond the federally-mandated priorities. If all NYSCCBG funds are committed, case closings for families which are not eligible under a child care guarantee and are not a federally-mandated priority must be based on the length of time in receipt of services. The length of time used to close cases may be based either on the shortest or longest time receiving child care services but must be consistent for all families. The district has chosen to close cases based on:

- shortest time receiving child care services
- longest time receiving child care services

## **Case Openings**

The district must describe below how priority is given to federally mandated priorities and how the district will select cases to be opened in the event that there are insufficient funds available.

- 1. Families with income up to 100% SIS**
- 2. Families who have children with special needs.**
- 3. Families with income-100-140% SIS**
- 4. Families with income 140-200%**

**\* within categories, cases will be opened based on date of application: i.e. case with earliest application date would be opened first**

## **Fraud and Abuse Control Activities**

The district must identify below the criteria it will use to determine which child care subsidy applications suggest a higher than acceptable risk for fraudulent or erroneous child care subsidy payment and procedures for referring such applications to the district's front end detection system.

**Our county uses the Front End Detection System to determine eligibility irregularities and check for possible fraud. All applications are screened and verified. See attached**

**Our county uses the following FEEDS indicators for child care:**

- Working off the books (currently or previously)**
- Current application is inconsistent with prior case information**
- Prior history of denial, case closing, or overpayments resulting from an investigation (i.e. fraud, FEEDS, EVR)**
- No absent parent information or information is inconsistent with application**
- No documentation to verify identity or documentation of identity is questionable**
- Self employed without adequate business records to support financial assertions**
- Documents or information provided are inconsistent with such as different name used for signature**
- P.O. Box used as a mailing address without a reasonable explanation**
- Unsure of own address**

The district must describe below its sampling methodology used to determine which cases it will seek verification of an applicant or recipient's continued need for child care including, as applicable, verification of participation in employment, education or other required activities.

**We perform a full recertification for all cases every six months which includes: completing a new CC application; verifying client's need with pay stubs, employment verification forms or official class schedules.**

The district must describe below its sampling methodology used to determine which child care providers of subsidized child care services they will review for the purpose of comparing the child care providers' attendance forms for children receiving subsidized child care services and any child and adult care food program inspection forms to verify that child care was actually provided on the days listed on the attendance forms.

**SCCCCC will provide copies of the completed CACFP home inspection forms to the District on a monthly basis. The district will compare the CACFP attendance forms with the attendance forms submitted to the district. If any discrepancies are detected, a fraud investigation will take place. All cases will be reviewed on an annual basis**

## **REFERRAL & INVESTIGATIVE PROCESS PRE SCREENER**

Will pre screen all applications before interview is scheduled. Information will be screened thru NYSPIN, AAAWMS clearance reports, fraud files and CAMS and will note any discrepancies in the case record.

### **ELIGIBILITY WORKER**

If one or more of the FEDS indicators are discovered during the eligibility interview the eligibility examiner will submit a FEDS Referral to the Fraud Unit within 48 hours (2 working days) of the interview, with a copy of the FEDS Referral Form remaining in the case record. The FEDS Referral Form (Attachment I), the original application and any other pertinent documentation/ information will be submitted to the Fraud Unit as part of the referral process. The Application and documentation provided will be located in a central area in the Fraud Unit so that the eligibility worker can access it whenever necessary

After the FEDS referral is made, any inquiry to the eligibility worker from the applicant or other persons regarding the FEDS process should be directed to the Fraud Unit.

Specific information obtained throughout the course of any investigation should only be shared with other employees of the Department when a need to know exists.

If, due to mandated timeframes, the eligibility worker must make a determination prior to receiving the official FEDS investigative results from the Fraud Unit, the eligibility worker should attempt to follow up with the Fraud Unit regarding the status of the investigation. The eligibility worker will be responsible for meeting any State and/or Federal guidelines for issuance of benefits regardless of the status of the investigation.

### **INVESTIGATOR**

The Investigator will log the referral on the FEDS Referral Log (Attachment II) and initiate the investigation with 5 working days of receiving the referral. (Please note that since the current investigator does not work on Friday, any FEDS Referral Forms received in the Fraud Unit after 12:00 p.m. on Thursday will not be received by the investigator until the following Monday).

The investigation may include, but not be limited to, a "home visit" (in compliance with the home visit criteria in Section 351.28 of the NYCRR), other various field visits and/or collateral contacts, and an interview with the Fraud Unit. If an office interview is required a notification (Attachment III) will be mailed to the client/applicant.

The target turn-around time for completion of the investigation will be 10 working days from the date that the FEDS Referral Form is received in the Fraud Unit so that the investigative findings are a part of the eligibility decision. The Investigator will note investigative steps on the FEDS Disposition Form (Attachment IV). If the Investigator is not able to complete the

investigation within the specified timeframe, he/she will notify the eligibility worker of the reason for the delay and also inform the eligibility worker of the status of the investigation.

## **COMPLETION PROCESS**

### **INVESTIGATOR**

The Investigator will complete the Investigation Results portion of the FEDS Disposition Form and submit it to the eligibility worker immediately upon completion of the investigation.

### **ELIGIBILITY WORKER**

The eligibility worker will complete the Case Disposition portion of the FEDS Disposition Form and submit it to the Fraud Unit immediately after making the eligibility determination, but in no case should this be later than five calendar days in the month following the month that the eligibility determination was made to insure that the disposition can be included in the monthly FEDS Activity Report. A copy of the FEDS

Disposition will also be maintained in the case record, If the case is denied due to a FEDS investigation, the eligibility examiner should be sure to use the proper denial code so that the case can be used in the monthly cost avoidance figures. If the case is denied for other reasons, the eligibility examiner should be sure to state the specific reason for the denial on the FEDS Disposition Form.

### **FRAUD UNIT**

The Investigator will log the case disposition on the *FEDS* log and file the FEDS Disposition Form together with the *FEDS* Referral Form in the designated area of the Fraud Unit. The Fraud Unit is responsible for submitting the FEDS Activity Report to the State by the 10<sup>th</sup> day of each month.

## **SUPERVISORY REVIEW**

The supervisor of each unit will be responsible through supervisory review for verifying that the eligibility workers in their unit are submitting FEDS Referrals accurately and timely.

**APPENDIX G-8**  
**ADDITIONAL LOCAL STANDARDS FOR CHILD CARE PROVIDERS**

The district may propose local standards in addition to the State standards for providers who will receive child care subsidies.

1. Described below are the additional local standards that will be required of providers as well as which providers must comply with each additional standard.

**Providers of legally exempt in-home child care and providers of legally exempt family child care and all of the legally exempt family child care providers household members 18 years of age and older will be asked to sign a release which will allow our department to conduct a local child welfare database check. The release will inform the legally exempt in-home and family child care providers and the legally exempt family child care provider's household members 18 years of age and older that the district will complete a review of their local child welfare database to determine if the legally exempt in-home child care provider or the legally exempt family child care provider and the legally exempt family child care provider's household members 18 years of age and older are the subject of an indicated child protective report. The releases will be included in the enrollment package. The enrollment agency will return the signed releases to our department. The enrollment agency will notify our department immediately if the release has not been signed and the additional standard will not apply to those individuals that did not sign the release.**

**If a legally exempt in-home child care provider or the legally exempt family child care provider and/or the legally exempt family child care provider's household member(s) 18 years of age and older refuse to sign the release which would allow our Department to conduct a local child welfare database check, our Department will inform the parent/caretaker of the refusal so that they can consider the refusal when they make a decision to select the provider. In these situations, parents will be reminded of their right to choose another provider and will be given information about how to locate other providers.**

**When a local child welfare database check reveals that a legally exempt in-home provider or a legally exempt family provider and/or the legally exempt family child care provider's household member(s) 18 years of age and older are the indicated subject of a child abuse or maltreatment report the provider will be required to submit to our department a written statement providing information concerning the indicated report(s). This statement must be signed by the parent/caretaker acknowledging receipt of this information and confirming the parent/caretaker's wish to use this child care provider.**

**If the information regarding the indicated child protective report does not correlate with the information obtained from the local child welfare database check, our department will notify the provider that the provider has 5 days to clarify any discrepancies in the information submitted, and submit information showing why the district information is inaccurate. If the provider does not take this action within 5 days, the district will notify the enrollment agency that the additional standard has not been met.**

**If the information regarding the indicated child protective report correlates with the information obtained from the local child welfare database check, there are no other health or safety concerns, and the parent/caretaker still chooses to use the provider, the district will notify the enrollment agency that the additional standard has been met. In some cases, our district will need to inform the parent that the parent's decision to place their child in the care of this provider would place their child at risk. As mandated reporters, our district is obligated to make a report of suspected child abuse or maltreatment if placing the child in the care of a provider would place the child in imminent danger of impairment and the parent/caretaker nevertheless places the child in that provider's care. Parents will be informed of their right to choose an alternative provider and be given information about how to locate other providers.**

**The local database checks will be conducted at initial enrollment.**

2. Described below are the methods and resources that will be utilized to determine that these additional local standards are being met.

**When the legally exempt in-home child care provider and the legally exempt family child care provider and the legally exempt family child care provider's household members 18 years of age and older have signed the release which allows our Department to conduct a local child welfare database check, our designated Department staff will check the local child welfare database for indicated reports of child abuse or maltreatment. The results of the local child welfare database check will be given to the Day Care Unit Staff for appropriate action as described in the response to item one above.**

**If the local child welfare database check reveals an indicated child protective report the Day Care Unit Staff will follow the procedures outlined in item number one above.**

3. Described below are the procedures the district will use to notify the Legally Exempt Caregiver Enrollment Agency as to whether or not the legally exempt provider is in compliance with the additional local standards. (Districts only need to describe this procedure if the additional local standard is applied to legally exempt child care providers.)

**The Department will inform the enrollment agency via email as to whether or not the additional standard has been met.**

4. Described below is the justification for each additional standard.

**Children are being placed at risk of harm due to lack of sufficient background checks on household members of legally exempt caregivers.**

List the allowable program closures for which the district will provide payment.

**APPENDIX G-11**  
**TRANSPORTATION, DIFFERENTIAL PAYMENT RATES, ENHANCED MARKET RATES FOR LEGALLY EXEMPT, SLEEP**

**Transportation**

Describe below under what circumstances and limitations if any your district will use to reimburse for transportation, what type of transportation will be reimbursed (public vs. private), and how much your district will pay (per mile or trip). Note if paying for transportation, Appendix F will need to reflect this choice.

**Differential Payment Rates**

Indicate below the percentage above the market rate your district has chosen.

Accredited Programs may receive a differential payment up to \_\_\_\_\_ % above market rate.

Care during non-traditional hours may be paid up to **15%** above market rate.

Limitations to the above differentials are as follows: **Care provided by regulated, contracted providers for care provided evenings, weekends, nights and major holidays (Christmas, New Years, Thanksgiving). Care outside of traditional hours of operation as stated in caretaker's contract.**

Payments may not exceed 15% above market rate. However, if your district wishes to establish a payment rate that is in excess of 15% above the applicable market rate must describe below why the 15% maximum is insufficient to provide access within the district to accredited programs and/or care provided during non-traditional hours.

**Enhanced Market Rate For Legally-Exempt Family and In-Home Child Care Providers**

If a district elects to establish a payment rate that is in excess of the enhanced market rate for legally- exempt family and in-home child care providers who have annually completed 10 or more hours of training and the training has been verified by the legally-exempt care giver enrollment agency. The district must state the percentage above the market rate it proposes to use.

Our district is requesting to increase the legally-exempt enhanced market rate up to \_\_\_\_\_percent of the applicable registered family day care market rate. Market rate may not exceed 75 percent (75%) of the child care market rates established for registered family day care.

A district that selects the option to increase the legally-exempt enhanced market rate must select one of the options listed below for implementation of the legally-exempt enhanced market rate:

for all legally-exempt family and in-home child care providers that have been approved by the applicable legally-exempt caregiver enrollment agency; or

for those legally-exempt family and in-home child care providers who were receiving the enhanced rate on the date of the regulations, but only for the remainder of their current one-year enrollment period; or

for those legally-exempt family and in-home child care providers who were receiving the enhanced rate on the date of the regulations, for the remainder of the time they remain enrolled and continue to meet the ten-hour annual training requirement.

### **Sleep**

The following describes the standards that will be used in evaluating whether or not to pay for child care services while a parent or caretaker that works a second or third shift sleeps and any limitations pertaining to payment:

**Parent working 3<sup>rd</sup> shift – up to an additional 8 hours will be paid for sleep time.**

Indicate the number of hours allowed by your district (maximum number of hours allowed is eight).
