APPENDIX G-3

III. Reasonable Distance, Very Low Income, Family Share, Case Closings and Openings, and Fraud and Abuse Control Activities_ (Required Section)

Reasonable Distance

Your district is required to define reasonable distance based on community standards for determining accessible child care.

The following defines "reasonable distance": **Reasonable distance is, for the purpose of determining whether child care is accessible for caretaker/relative with a child under 13 and when such a person is applying for or receiving PA-- by foot not to exceed 2 miles; public transportation not to exceed 1½ hours; by private transportation not to exceed 45 miles.**

Describe any steps/consultations made to arrive at your definition: **Reasonable distance was developed utilizing review of commute patterns, labor market trends, location of work experience sites, and discussion with local DSS staff and personnel from other counties.**

Very Low Income

Very Low Income is defined by each district and is used in determining priorities for child care benefits.

Very Low Income is defined as **200%** of the State Income Standard.

Family Share

Family share is the weekly amount paid towards the costs of the child care services by the child's parent or caretaker. In establishing family share, your district must select a percentage from 10% to 35% to use in calculating the family share. The family share of child care is calculated by applying the family share percentage against the amount of the family's annual gross income that is in excess of the State Income Standard divided by 52.

Family Share Percentage selected by our district **25%**.

Case Closings (select one or two)

1. The district must describe below how priority is given to federally mandated priorities and describe local priorities. If all NYSCCBG funds are committed, the district will discontinue funding to those families that have lower priorities in order to serve families with higher priorities. Described below is how the district will select cases to be closed in the event that there are insufficient or no funds available.

In the event all NYSCCBG funds are committed, cases that are open will remain open at the County's local share. This includes all TANF cases and all TANF cases with special circumstances.

2. The district has not established priorities beyond the federally-mandated priorities. If all NYSCCBG funds are committed, case closings for families which are not eligible under a child care guarantee and are not a federally-mandated priority must be based on the length of time in receipt of services. The length of time used to close cases may be based either on the shortest or longest time receiving child care services but must be consistent for all families. The district has chosen to close cases based on:

shortest time receiving child care services

longest time receiving child care services

Case Openings

The district must describe below how priority is given to federally mandated priorities and how the district will select cases to be opened in the event that there are insufficient funds available.

In the event there are insufficient funds available, families needing assistance may apply for Childcare Services. All applications for services will be put on a waiting list. The first cases to be open from the waiting list are families with children that have special needs, all other cases on the waiting list will be opened in chronological order.

Fraud and Abuse Control Activities

The district must identify below the criteria it will use to determine which child care subsidy applications suggest a higher than acceptable risk for fraudulent or erroneous child care subsidy payment and procedures for referring such applications to the district's front end detection system.

Tioga County has developed a FEDs/Fraud referral process with specific criteria that was recommended by NYWFIA and has been approved by OCFS as well as OTDA.

All child care subsidy cases are subject to FEDs/Fraud referral based on the review of the case situation. The bolded indicators on the form are approved for all programs. Tioga County added an additional indicator that is marked on the form as "Child Care Subsidy Only". A Sample of the form is as follows:

The district must describe below its sampling methodology used to determine which cases it will seek verification of an applicant or recipient's continued need for child care including, as applicable, verification of participation in employment, education or other required activities.

Tioga County DSS does six month recertification of 100% of their cases at which time the applicant/recipient must provide documentation regarding their need for child care.

The district must describe below its sampling methodology used to determine which child care providers of subsidized child care services they will review for the purpose of comparing the child care providers attendance forms for children receiving subsidized child care services and any child and adult care food program inspection forms to verify that child care was actually provided on the days listed on the attendance forms.

Tioga County DSS reviews 100% of those providers that participate in CACFP.
