APPENDIX G-3

III. Reasonable Distance, Very Low Income, Definition of Engaged In Work For Child Care In Lieu of Temporary Assistance, Family Share, Case Closings and Openings, and Fraud and Abuse Control Activities_ (Required Section)

Reasonable Distance

Your district is required to define reasonable distance based on community standards for determining accessible child care.

The following defines "reasonable distance": **1 hour maximum from work activity to child care provider and return home.**

Describe any steps/consultations made to arrive at your definition:

Very Low Income

Very Low Income is defined by each district and is used in determining priorities for child care benefits.

Very Low Income is defined as **150%** of the State Income Standard.

Definition of Engaged In Work For Child Care In Lieu of Temporary Assistance

The minimum number of hours for Federal Fiscal Year 2006 are:

- 20 hours for a single parent with a child under the age of six years old
- 30 hours for a single parent whose children are six years of age and older
- in two parent families the parents must be working a combined total of 55 hours with at least one parent working 30 or more hours.

If a district proposes a higher minimum number of required hours of work describe the requirement below.

- hours for a single parent with a child under the age of six years old
- hours for a single parent whose children are six years of age and older
- in two parent families the parents must be working a combined total of 55hours with at least one parent working or more hours.

Family Share

Family share is the weekly amount paid towards the costs of the child care services by the child's parent or caretaker. In establishing family share, your district must select a percentage from 10% to 35% to use in calculating the family share. The family share of child care is calculated by applying the family share percentage against the amount of the family's annual gross income that is in excess of the State Income Standard divided by 52.

Family Share Percentage selected by our district **25%**.

Case Closings (select one or two)

1. The district must describe below how priority is given to federally mandated priorities and describe local priorities. If all NYSCCBG funds are committed, the district will discontinue funding to those families that have lower priorities in order to serve families with higher priorities. Described below is how the district will select cases to be closed in the event that there are insufficient or no funds available.

(Regardless of Family Size)

Cases with highest income close first:

1. Cases over 175% poverty level
2. Cases over 150% poverty level
3. Cases over 125% poverty level
4. Special needs cases close last

2. The district has not established priorities beyond the federally-mandated priorities. If all NYSCCBG funds are committed, case closings for families which are not eligible under a child care guarantee and are not a federally-mandated priority must be based on the length of time in receipt of services. The length of time used to close cases may be based either on the shortest or longest time receiving child care services but must be consistent for all families. The district has chosen to close cases based on:

- shortest time receiving child care services
- longest time receiving child care services

Case Openings

The district must describe below how priority is given to federally mandated priorities and how the district will select cases to be opened in the event that there are insufficient funds available.

(Regardless of family size)

Cases with lowest income open first:

1. **Families who have children with special needs**
2. **Those under 150% poverty level**
3. **Child only cases**
4. **Those under 175% poverty level**
5. **Those under 200% poverty level**

Fraud and Abuse Control Activities

The district must identify below the criteria it will use to determine which child care subsidy applications suggest a higher than acceptable risk for fraudulent or erroneous child care subsidy payment and procedures for referring such applications to the district's front end detection system.

- Working off the books
- Self-employed without adequate business records

- P.O. Box used as a mailing address without cause
- Client unsure of own address
- Documentation to verify identity is suspect
- Documentation or information provided is inconsistent with application
- Previous case closing or overpayment resulting from an investigation
- Application inconsistent with prior case
- Children under six with no birth certificate
- Provider lives in same household as parent
- No absent parent information or information inconsistent with application

The district must describe below its sampling methodology used to determine which cases it will seek verification of an applicant or recipient's continued need for child care including, as applicable, verification of participation in employment, education or other required activities.

Ulster County recertifies 100% of their child care cases every 6 months. Verification for the continued need for child care is done at that time.

The district must describe below its sampling methodology used to determine which child care providers of subsidized child care services they will review for the purpose of comparing the child care providers attendance forms for children receiving subsidized child care services and any child and adult care food program inspection forms to verify that child care was actually provided on the days listed on the attendance forms.

There are 98 providers that participate in the child adult care food program in Ulster County. The district will randomly select 6 providers per month, the district will then contact the child adult food sponsor to determine when the last site inspection was done and what subsidized children were seen at that inspection. The district will compare the subsidy attendance form with the inspection form to verify that child care was actually provided on the days listed on the attendance forms. The district will follow up when any discrepancies are found.

APPENDIX G-4

(Districts only need to describe this procedure if the additional local standard is applied to legally exempt child care providers.)

4. Described below is the justification for each additional standard.

TRANSPORTATION, DIFFERENTIAL PAYMENT RATES, SLEEP

Transportation

Describe below under what circumstances and limitations if any your district will use to reimburse for transportation, what type of transportation will be reimbursed (public vs. private), and how much your district will pay (per mile or trip). Note if paying for transportation, Appendix F will need to reflect this choice.

When funds are available, the district will pay for transportation to and from camps when transportation is charged by the camp session. The district will pay vendor flat rate of up to \$100.00 per summer.

Differential Payment Rates

Indicate below the percentage above the market rate your district has chosen.

Accredited Programs may receive a differential payment up to _____ % above market rate.

Care during non-traditional hours may be paid up to _____ % above market rate.

Limitations to the above differentials are as follows:

Payments may not exceed 15% above market rate. However, if your district wishes to establish a payment rate that is in excess of 15% above the applicable market rate must describe below why the 15% maximum is insufficient to provide access within the district to accredited programs and/or care provided during non-traditional hours.

Sleep

The following describes the standards that will be used in evaluating whether or not to pay for child care services while a parent or caretaker that works a second or third shift sleeps and any limitations pertaining to payment:

The district will pay up to 6 hours of sleep time when the parent(s) work the overnight shift and there is no other caregiver at home to supervise the children. The sleep time is determined as half of the number of hours the caretaker worked during the second or third shift.

Indicate the number of hours allowed by your district (maximum number of hours allowed is eight).

**APPENDIX G-12
CHILD CARE EXCEEDING 24 HOURS, CHILD CARE SERVICES UNIT, WAIVERS,
BREAKS IN ACTIVITIES**

Child Care Exceeding 24 Hours

Child care services may exceed 24 consecutive hours when such services are provided on a short-term emergency basis or in other cases where the caretaker's approved activity necessitates care for 24 hours on a limited basis.

Describe any limitations for payment of child care services that exceed 24 consecutive hours.

Child Care Services Unit

The Child Care Service Unit is the basis upon which a district will determine which household and/or family members should be counted in determining family size and countable family income.

Our district will include the following in the Child Care Services Unit (check which ones apply).

18 year old 19 year old 20 year old

-OR-

Our district will include only the following in the Child Care Services Unit when it will benefit the family (check which ones apply).

18 year old 19 year old 20 year old

Describe the criteria your district will use to determine whether or not an 18, 19 or 20 year old is included in the Child Care Services Unit.

18,19 and 20 year olds will be included only when their addition to the CCSU lowers the family share or makes the family eligible.

Waivers

Districts have the authority to request a waiver of any regulatory provision that is non-statutory. Describe and justify why your district is requesting a waiver.

Breaks in Activities

Districts may pay for child care services for low income families during breaks in activities for a period not to exceed two weeks or for a period not to exceed one month where child care arrangements would otherwise be lost and the subsequent activity is expected to begin within that period (check one).

two weeks four weeks

Districts may provide child care services while the caretaker is waiting to enter an approved activity or employment or on a break between approved activities. The following low income families are eligible for child care services during a break in activities (check any that are eligible):

entering an activity waiting to begin employment break between activities
