APPENDIX G-3

III. Reasonable Distance, Very Low Income, Family Share, Case Closings and Openings, and Fraud and Abuse Control Activities (Required Section)

Reasonable Distance

Your district is required to define reasonable distance based on community standards for determining accessible child care.

The following defines "reasonable distance": **One and one half hours commute each way**

Describe any steps/consultations made to arrive at your definition: **Previously established.**

Very Low Income

Very Low Income is defined by each district and is used in determining priorities for child care benefits.

Very Low Income is defined as **200%** of the State Income Standard.

Family Share

Family share is the weekly amount paid towards the costs of the child care services by the child's parent or caretaker. In establishing family share, your district must select a percentage from 10% to 35% to use in calculating the family share. The family share of child care is calculated by applying the family share percentage against the amount of the family's annual gross income that is in excess of the State Income Standard divided by 52.

Family Share Percentage selected by our district – 15%.

Note: Make sure the % selected here matches the % selected in Appendix F.

Case Closings (select one or two)

1. The district must describe below how priority is given to federally mandated priorities and describe local priorities. If all NYSCCBG funds are committed, the district will discontinue funding to those families that have lower priorities in order to serve families with higher priorities. Described below is how the district will select cases to be closed in the event that there are insufficient or no funds available.

The district will close employment related cases in the Title XX category. The district will not close Low-Income cases on the existing caseload. The district has requested local tax levy for child day care subsidies to supplement the CCBG.

APPENDIX G-3 (continued)

2. The district has not established priorities beyond the federally-mandated priorities. If all NYSCCBG funds are committed, case closings for families which are not eligible under a child care guarantee and are not a federally-mandated priority must be based on the length of time in receipt of services. The length of time used to close cases may be based either on the shortest or longest time receiving child care services but must be consistent for all families. The district has chosen to close cases based on:

- shortest time receiving child care services***
- longest time receiving child care services

*****At this time, Westchester County does not intend to close any open low income cases.**

Case Openings

The district must describe below how priority is given to federally mandated priorities and how the district will select cases to be opened in the event that there are insufficient funds available.

The district will discontinue the opening of Title XX employment related cases. The district will continue to process applications for low-income households with children with Special Needs. Other Low-Income APPLICANTS will be placed on a waiting list with priority given to households with the earliest application date.

Fraud and Abuse Control Activities

The district must identify below the criteria it will use to determine which child care subsidy applications suggest a higher than acceptable risk for fraudulent or erroneous child care subsidy payment and procedures for referring such applications to the district's front end detection system.

With regard to section 415.4, subdivision (m) (2), the Audit & Review Unit of BCR selects cases for investigation of continued need for childcare subsidy assistance by reviewing a monthly report produced by BICS which contains payment information to childcare providers. Active Service cases as well as Temporary Assistance cases with current recurring childcare payment lines are randomly chosen for review and assigned to unit staff on a recurring basis. This work volume is supplemented by performing investigations as requested by the customer's case manager or his/her administrative superior, which are generally made via emails sent to the A&R Unit Supervisor or Assistant Supervisor. These requests for investigation often pertain to applications or pending requests for childcare subsidy assistance that are under review for eligibility by the case manager.

Our Day Care Feds plan, previously submitted to OCFS for approval, is attached.

APPENDIX G-3 (continued)

The district must describe below its sampling methodology used to determine which cases it will seek verification of an applicant or recipient's continued need for child care including, as applicable, verification of participation in employment, education or other required activities.

Concerning a specific sampling methodology for the cases indicated above, the unit strives to audit all current childcare subsidy situations that it can identify. This is accomplished by regularly reviewing the aforementioned report. Cases that have been investigated within the past 90 days are excluded from current audits. All others are subject to possible review

Verification of participation in any required activities (other than employment) is generally applicable only on TA cases, as Childcare Subsidy Assistance service cases rarely involve customers who require such assistance for reasons other than work-related needs. Whenever applicable, however, the unit investigators will verify the current compliance status of all customers who are obligated to participate in any required activities.

The district must describe below its sampling methodology used to determine which child care providers of subsidized child care services they will review for the purpose of comparing the child care providers attendance forms for children receiving subsidized child care services and any child and adult care food program inspection forms to verify that child care was actually provided on the days listed on the attendance forms.

The sampling methodology pertaining to the determination of which caregivers of subsidized childcare services will be reviewed by the Audit & Review Unit of BCR is similar to that of the childcare subsidy cases described above. The unit strives to review all such caregivers, in turn, by identifying them via lists obtained or derived from several sources. In addition to the lists of currently contracted providers compiled each year in the agency's Central Office, a list of non-contracted providers has been assembled by the members of the A&R Unit.

Careful review of the caregiver's attendance forms and other related documents to verify whether or not childcare was actually provided on the days listed on the attendance forms is being done on all applicable providers. Currently, A&R Unit staff are auditing 40% of all subsidized childcare slots when the number identified is ten or more for any provider, and 100% of those that number less than ten in the period selected for audit.

With regard to section 415.4 subdivision (m) (3), the audit and review unit will compare the attendance records of the providers reviewed each month with child and adult care food program inspection forms where available.

APPENDIX G-4

APPENDIX G-4 (continued)

- 13. Our district has chosen to include 18, 19 or 20 year olds in the Child Care Services Unit (complete Appendix G-12).

APPENDIX G-8
ADDITIONAL LOCAL STANDARDS FOR CHILD CARE PROVIDERS

The district may propose local standards in addition to the State standards for providers who will receive child care subsidies.

1. Described below are the additional local standards that will be required of providers as well as which providers must comply with each additional standard.

The Child Care Council of Westchester will conduct 3 quality assurance visits every two years to Group Family and Family Day Care Providers with subsidized children. The CCC will follow-up with appropriate reporting procedures to the YRO of OCFS when violations are discovered.

2. Described below are the methods and resources that will be utilized to determine that these additional local standards are being met.

The Westchester County Department of Social Services is under contract with the Child Care Council of Westchester, Inc. to provide this service. Monthly reports are submitted to WCDSS. Other services and the expenditure for this service are described in Schedule A of the contract.

3. Described below are the procedures the district will use to notify the Legally Exempt Caregiver Enrollment Agency as to whether or not the legally exempt provider is in compliance with the additional local standards. (Districts only need to describe this procedure if the additional local standard is applied to legally exempt child care providers.)

Westchester County's additional standards do not apply to the Legally Exempt Providers. Furthermore, it is the enrollment agency that is conducting the additional, non-mandated, investigations. Child Care Council staff who conduct the visits are required to indicate what type of activity they are carrying out each day on their weekly time sheets. This allows for the appropriate contract to be billed. The actual allocation of time each year is analyzed by the Child Care Council before a new CACFP budget is developed to prevent duplication of payments.

APPENDIX G-8 (continued)

4. Described below is the justification for each additional standard.

Justification for the additional standard of non-mandated inspections for providers with subsidized children in care:

- **Research shows that the quality of child care is affected by the number of supportive child care connections that a provider has. These visits form the basis of a professional support system for the provider.**
- **These visits also provide an additional opportunity to ensure that providers are in regulatory compliance.**
- **Visits also provide an opportunity for Council staff to educate providers about the subsidy system and to assist them with any subsidy issues.**
- **The additional visits also provide an opportunity for additional observation of programs and discussion of child development and its impact on quality of care.**

**APPENDIX G-9

TRANSPORTATION, DIFFERENTIAL PAYMENT RATES, ENHANCED MARKET RATES
FOR LEGALLY EXEMPT, SLEEP**

Transportation

Describe below under what circumstances and limitations if any your district will use to reimburse for transportation, what type of transportation will be reimbursed (public vs. private), and how much your district will pay (per mile or trip). Care during non-traditional hours may be paid up to N/A% above market rate.

Limitations to the above differentials are as follows: N/A

Payments may not exceed 15% above market rate. However, if your district wishes to establish a payment rate that is in excess of 15% above the applicable market rate must describe below why the 15% maximum is insufficient to provide access within the district to accredited programs and/or care provided during non-traditional hours.

N/A

Enhanced Market Rate For Legally-Exempt Family and In-Home Child Care Providers

If a district elects to establish a payment rate that is in excess of the enhanced market rate for legally-exempt family and in-home child care providers who have annually completed 10 or more hours of training and the training has been verified by the legally-exempt care giver enrollment agency. The district must state the percentage above the market rate it proposes to use. N/A

Our district is requesting to increase the legally-exempt enhanced market rate up to ___percent of the applicable registered family day care market rate. Market rate may not exceed 75 percent (75%) of the child care market rates established for registered family day care. N/A

A district that selects the option to increase the legally-exempt enhanced market rate must select one of the options listed below for implementation of the legally-exempt enhanced market rate:

for all legally-exempt family and in-home child care providers that have been approved by the applicable legally-exempt caregiver enrollment agency; or

for those legally-exempt family and in-home child care providers who were receiving the enhanced rate on the date of the regulations, but only for the remainder of their current one-year enrollment period; or

for those legally-exempt family and in-home child care providers who were receiving the enhanced rate on the date of the regulations, for the remainder of the time they remain enrolled and continue to meet the ten-hour annual training requirement.

Sleep

The following describes the standards that will be used in evaluating whether or not to pay for child care services while a parent or caretaker that works a second or third shift sleeps and any limitations pertaining to payment:

Sleep time daycare must be determined by DSS to be absolutely necessary for the health and safety of the child and for the parent/caretaker to be engaged in employment leading to self sufficiency.

Indicate the number of hours allowed by your district (maximum number of hours allowed is eight). **7**
