II. BACKGROUND

A. GROUP CARE RATES

The changes affecting group care programs are as follows:

1. Administration and Property Growth - The five percent growth limitation for the Administration Cost Center has been eliminated for all group care and private school programs. The administrative parameter is determined as a percentage of the Direct Care and the Maintenance Cost Center rate bases (excluding fixed property expenses).

   The five percent growth limitation in the Maintenance/Property Cost Center has been liberalized to allow for twenty-five percent growth.

2. Cost-of-Living Adjustment - The one-year personnel services COLA for all program staff is 5.0%. The two-year personnel services COLA for social workers and medical staff (private school) is 10.3%, for child care, child support and maintenance workers is 11.3%, and for administrative workers is 10.8%. The two-year aggregate personnel services COLA for group care programs is 11.1%.

   The cost-of-living adjustments for each OTPS account were obtained from the Data Resources Inc.'s March, 1988 "Report of the U.S. Economy." This year's aggregate other than personnel service COLA is 2.9% and the two-year aggregate COLA is 9.7%.

3. CSE Maintenance Rates - The CSE Maintenance rate for on-campus schools and Special Act school districts is composed of the 1988/89 institution program state aid rate plus the 1987/88 medical per diem. The CSE rates will be adjusted automatically when the 1988/89 medical per diem rates are promulgated by the Division of Medical Assistance. The CSE rates for approved private schools are determined from the 1986/87 SOP reports, applying the model budgets methodology.

   The published CSE rates are 12-month maintenance rates except where noted. As in the past, summer school maintenance for children placed by CSE's will be reimbursed by the State Education Department. In those cases the billing both for maintenance and tuition for summer school will go directly to the placing school districts from the providers.

4. Program Overutilization - We will continue to monitor and revise state aid rates for those group care programs which provided care days in excess of 100 percent of their licensed capacity during FY 88/89. The revenue received for the excess care days will be deducted from the program's FY 88/89 maximum state aid rate base.

5. Program Classification Reviews - Departmental review of current program classifications will continue. We will focus our monitoring efforts on programs which have not been recently reviewed and on group home programs. An agency that wishes to appeal the results of a program classification revision must do so within thirty (30) days of being formally notified of the revision.

B. FOSTER BOARDING HOME RATES

The changes which affect foster boarding home programs are as follows:

1. Administrative/Services Rates - The aggregate personnel services COLA for FBH staff salaries is 5.0% for one year and 10.5% for two years. The one-year aggregate other than personnel services (OTPS) is 3.8%. The aggregate OTPS COLA for two years is 12.4%.

2. Pass-through to Foster Parents - The maximum state aid rates for foster parents are increased by 3.8%. This COLA is based on Data Resources Inc.'s March, 1988 projection of the general Consumer Price Index.

3. Clothing Allowance - The clothing allowances for 1988/89 have been increased by 3.0%. This COLA is based on Data Resources Inc.'s March, 1988 projection of clothing increase.

4. Diaper Allowance - The maximum diaper allowance for infants from birth through three years has been increased by 3.0% to $42 per month. This allowance is to be considered a special payment apart from the above clothing allowance.

5. We have attached a copy of the maximum reimbursable levels for payment to foster parents, for clothing allowance, for diaper allowance and for adoption subsidies.

C. ALL RATES

1. Approved COLA Increases - We have enclosed a sheet which lists the approved COLA's for the various subcomponents used to trend the adjusted actual historical program expenditures. We have listed the personnel COLA's used in the subcomponents that have combinations of both personnel and OTPS expenses. Each of the component COLA's is a composite of the weighted and aggregated account COLA's that constitute each subcomponent on a state-wide basis.

2. Program Intensification - The department is in the process of finalizing 1988/89 program intensification guidelines. The purpose of program intensification funds is to provide immediate funds to improve program operation.

The enclosed chart represents the official promulgation of the maximum state aid rate(s) for the program(s) operated by approved foster care agencies and private schools for FY 88/89.

D. Supervised Independent Living Programs (SILP) — The model fee for service rates for double and triple occupancy SILP's which were published in 88 ADM 13 will be in effect for FY 88/89.
