Schools for 1999/2000

Attachments A through E are available on-line.

This memorandum advises you of the Maximum State Aid Rates (MSAR's) and Supervised Independent Living Program (SILP) rates for foster care programs, and the Committee on Special Education (CSE) maintenance rates for approved residential schools for the period July 1, 1999 through June 30, 2000. The rates that are promulgated in this LCM are calculated using the approved reimbursement methodology for the period July 1, 1999 through June 30, 2000.

- A. All MSAR's and In-State CSE Maintenance Rates: The following policies are applicable to all MSAR's and in-state CSE maintenance rates that are calculated for the effective period July 1, 1999 through June 30, 2000:
1. COLA's are applied to the historical cost base as well as to the Model Budget Parameters: In accordance with the existing Model Budget Methodology, the promulgated rates are calculated using the two-year old historical costs and care days with COLA's applied to personnel services and other-than-personnel services costs as specified in Attachment E.

-
2. Rate Stabilization for New Programs: The Office of Children and Family Services (Office) is continuing the rate stabilization policy for all new programs for which we are first using historical program expenses. There is a 10% margin of rate variance. No new program rate will be allowed to go up or down by more than 10% of its prior year's rate.
- B. Group Care Rates: The following policies are specifically applicable to the MSAR's and in-state CSE maintenance rates that were calculated for group care programs for the effective period July 1, 1999 through June 30, 2000:
1. Aggregate Cost-of-Living Adjustments (COLA's) applied to the historical cost base and Model Budget Parameters:
 - a. Personnel Services: The two-year aggregate COLA that is used for trending the historical cost base and model budget parameters for personnel services is 6.6%. The two-year factor combines 3.0% for 1999/2000 with 3.5% for 1998/99.
 - b. Other Than Personnel Services (OTPS): The two-year aggregate COLA that is used for trending the historical cost base and model budget parameters is 2.6%. The two-year factor combines 1.4% for 1999/2000 with 1.1% for 1998/99.
 2. In-State CSE Maintenance Rates: The in-state CSE maintenance rate for Special Act School Districts and on-campus schools affiliated with Article 81 institutions is composed of the 1999/2000 MSAR for the institution program plus the 1999/2000 medical per diem.

The social services district where the child is a legal resident is responsible for the 10-month CSE maintenance payment, and the local school district placing the child is responsible for the 10-month CSE tuition payment. For CSE summer school placements, the school district placing the child is responsible for both maintenance and tuition payments.

CSE maintenance rates for children placed by local school districts are not negotiable and must be paid as published.
 3. Program Classification Reviews: The Office is continuing its policy of conducting program classification reviews in response to requests from agencies that believe their populations have changed. In addition, the Office will continue its review of new programs that have interim program classifications.
- C. CSE Maintenance Rates for Out-of-State Schools: As previously notified, all rates promulgated by other states for State Education Department (SED) approved residential schools are accepted by the Office for purposes of reimbursement. Out-of-state rates for CSE placements are not negotiable and must be paid as published.

-
- D. Foster Boarding Home (FBH) Rates: The following policies are specifically applicable to the FBH rates that were calculated for the effective period July 1, 1999 through June 30, 2000:
1. Aggregate Cost-of-Living Adjustments (COLA's) applied to the historical cost base as well as the Model Budget Parameters:
 - a. Personnel Services: The two-year aggregate COLA that is used for trending the historical cost base and model budget parameters for personnel services is 6.6%. The two-year factor combines 3.0% for 1999/2000 with 3.5% for 1998/99.
 - b. Other Than Personnel Services (OTPS): The two-year aggregate COLA that is used for trending the historical cost base and model budget parameters is 3.7%. The two-year factor combines 2.0% for 1999/2000 with 1.8% for 1998/99.
 2. Therapeutic programs: The property parameter will be calculated based on the same standard that is used for Special Needs programs. This allows a 50% increase in the property parameter for Therapeutic programs to allow for the additional office space associated with the additional staff.
 3. AIDS Per Diem: The \$15 AIDS per diem add-on remains in effect. The treatment of the \$15 per diem revenue for rate setting purposes is as follows: Revenue from the \$15.00 AIDS per diem is subtracted from the trended direct care costs for each FBH program, and the adjusted expenditures are compared with the direct care parameter to determine the rate base.
 4. Pass-through to Foster Parents: The maximum state aid rates for foster parents are increased by 2.3% in FY 1999/2000.
 5. Clothing Allowance: The maximum clothing allowances are not increased in FY 1999/2000.
 6. Diaper Allowance: The maximum diaper allowance for infants from birth through three years is not increased in FY 1999/2000.
 7. Finder's Fee for New Foster Homes: The Office is continuing the policy of allowing local social services districts to pay a voluntary finder's fee of up to \$200 to foster parents who recruit new foster parents. The policy will continue in effect through June 30, 2000. For detailed information regarding how to apply this policy, please refer to 88 ADM-54 dated December 23, 1988.
- E. Supervised Independent Living Programs (SILP's): The 1999/2000 annual fees for double and triple occupancy and four-bed mother/child SILP's are increased by 3.0% for personnel services and 2.2%, on average, for other-than-personnel-services costs. Overall, the SILP rates increased by approximately 2.4%.

F. MSAR's for all Foster Care Programs: The purpose of the MSAR is to provide guidance to local departments of social services (LDSS) in their contract negotiations with providers of foster care. The MSAR's issued in this LCM are subject to adjustment as specified in department regulation 18NYCRR 427.9. That regulation allows the LDSS and/or foster care agency to request adjustments to the promulgated MSAR's. Within 30 days of issuance of this LCM, LDSS and voluntary agencies may request adjustment to the MSAR's regarding calculation of the rate. If a LDSS intends to contract for a per diem rate greater than the published MSAR, the Office of Children and Family Services will assist the LDSS in completing requests for increased rates. All requests for rate adjustments should be directed to James Smith, Rate Setting and Review, Room 240, 52 Washington Street, Rensselaer, NY 12144.

Copies of this LCM should be shared with Child Welfare Staff and Accounting Supervisors. If you have any questions, please contact Mr. Richard Lasky at (518) 474-2812 (User ID# AY1400).
