OCFS-4616EL (Rev. 11/98)

Transmittal No: 00 OCFS LCM-6

Date: February 29, 2000

Division: Human Resources
Development

TO: Local District Commissioners

SUBJECT: Local District Training -
Maximum State Reimbursement Ceiling

ATTACHMENTS: SFY 1999 State Share Ceiling Amount
(not available on-line)

The purpose of this Local Commissioners Memorandum is to communicate maximum State share reimbursement ceilings for local district training claims for the period January 1 to December 31, 1999. The reimbursement ceilings for the period January to December 31, 1999 have been maintained at the prior year's reimbursement ceilings.

Available Funding

The State Fiscal Year (SFY) 1999-2000 Budget provides up to \$5.75 million to support local district training activities. These funds are available to provide State reimbursement for local district training claims during calendar year 1999. The amount of available State funds does not affect the availability of Federal reimbursement.

To limit State reimbursement to the amount appropriated, it is necessary to establish a reimbursement ceiling for each district. The attached ceilings were developed using the State share ceilings established for calendar 1998. Any unspent funds will be re-distributed proportionately to counties exceeding their 1999 allocation.

Page No.2

Any applicable Federal share for allowable training costs claimed on the Schedule D-6 will be reimbursed to districts regardless of the availability of the State funds.

Claiming Instructions

Local districts should continue to use the Schedule D-6 process to claim reimbursement of the State share for training staff salaries, fringe benefits, other training, overhead expenses and the costs for local district contracts. Claiming instructions are contained in Chapter 13 of the Local District Cost Allocation - Chapter 13 of the Fiscal Reference Manual - Volume 3 for the counties and Volume 4 for NYC. No other claiming methodology is allowed.

As always, costs allocated on the Schedule D-6 to any Day Care funding stream, Title XX, Food Stamp Employment and Training and Home Energy Assistance Program are not counted toward the State share ceiling since these programs are subject to their own separate allocations.

You will receive a copy of this LCM including your county's calendar year 1999 Maximum State Reimbursement Ceiling via regular mail.
