Introduction

This Job Aid is intended for CONNECTIONS users responsible for recording education information in CONNECTIONS. Users responsible for recording education information include those with a role in a Family Services Stage (FSS) of Case Worker, Case Planner, Case Manager or CPS Worker/Monitor. Please keep in mind that these are system roles, and may differ from your job title.

This Job Aid provides you with information you need to use CONNECTIONS system Build 18.9 Education functionality effectively as part of your casework responsibilities. This Job Aid provides a detailed overview of the CONNECTIONS Education module being introduced with Build 18.9.

Specifically, this Job Aid contains information about:

- the education component as new functionality in CONNECTIONS;
- the purpose of recording education information;
- the implications of maintaining a historical record of a child's education;
- the recorded education information that will be included in the Permanency Hearing Report;
- the **Education** tab on the *Family Services Stage* window;
- the *Education* window;
- the *Education Detail* window; and
- the *IEP Detail* window.

Introduction to Education

OCFS Education policy requires the recording of educational information for all children in foster care and recommends, as a best practice, that education information be recorded for all children removed under Article 10 of the Family Court Act and placed in the direct custody of a relative or other suitable person. Recording educational information is optional for children in receipt of preventive or protective services who are living at home with a parent or guardian; however, local districts or agencies may choose to require the recording of this information. Build 18.9 will support the recording of Education information by providing you with a specific place to record this information in CONNECTIONS.

Children removed from their homes in foster care or alternative placements, as well as children receiving preventive services, sometimes move between different school districts. The Education functionality facilitates your ability to maintain, as part of the electronic case record, a summary of a child's education history, current status and important associated dates. This information will assist you in monitoring a child's education progress. In addition, this electronic record will enable anyone that works with the family in the future to view a summary of education information in one standardized format and place.

Education information should be recorded in the Education Module as early in the academic school year as possible, but no later than October 1st. If a change occurs during the school year, it should be recorded at the time of the change.

Education related documents must continue to be maintained in the child's external file. You must continue to gather a paper record of students' education progress including report cards, results of standardized tests, teacher assessments, other tests, complete IEP's, etc.

With the implementation of Education in Build 18.9, the recording of Education information supports Section 475 of the Social Security Act. Section 475 of the Social Security Act (federal law regarding Title IV-E State Plan requirements) requires that a foster child's education records, to the extent available, be included in the child's case plan. New federal law, the Safe and Timely Placement of Foster Children of 2006 requires that foster children be given their educational records, to the extent available, and at no cost when the child is discharged from foster care to his or her own care. This information includes the names and addresses of the child's education providers and the child's grade level performance.

Education information that must be recorded includes: Academic Year, Effective Date, School Name, Grade Level, School Contact Person, School Contact Phone Number, School District, School District of Origin, whether an IEP has been developed, IEP Date (if applicable) and information about Individualized Education Plan (IEP) services.

Permanency Hearing Report

The Permanency Hearing Report includes some educational information. Information from the education module pre-fills (if selected) several questions in the Permanency Hearing Report, including:

- Academic grade level for the current year
- IEP date
- List of service types received
- List of related services received

Security and Access

If you have a role in the stage or you have access to the assigned workload of someone with a role in the stage; you may view, add or modify education information for any child in the stage. If you have access to the FSS stage through Case Search functionality, you will have view only access to education information. All workers who have a role in the stage and anyone who has access

Navigating to Education

The *Education* window is accessed from the **Education** tab on the *Family Services Stage* window. The Education module is comprised of three windows: *Education*, *Education Detail* and *IEP Detail*. The **Education** tab displays the *Education* window, which provides you the option to add, modify or view education information for a child. The **Education** tab is always enabled on the *Family Services Stage* window.

Step-by-Step: Accessing Education Tab (*Assigned Workload*)

- 1 Click on the **WORK** button on the CONNECTIONS Toolbar.
The Assigned Workload displays.
- 2 Click on the stage you want to access.
*The **Tasks...** button enables.*
- 3 Click on the **Tasks...** button.
The Family Services Stage window displays.
- 4 Click on the **Education** tab.
The Education window displays.

Step-by-Step: Accessing Education Tab (Case Search – Case/Stage ID)

- 1 Click on the **CASE** button on the CONNECTIONS Toolbar.
The Case Search Criteria window displays.
- 2 Enter the Case ID number in the **Case ID** field (or the Stage ID number in the **Stage ID** field) or Case Name in the **Case Name** field.
- 3 Click on the **Search** button.
The Case List displays with the only case that matches the search criteria.
- 4 Select the case by clicking on the case name.
- 5 Click on the **Events** button.
The Event List displays.
- 6 Select the "Family Services Stage Opened" event by clicking on it.
*The **Detail** button enables.*
- 7 Click on the **Detail** button.
The Family Services Stage window displays.
- 8 Click on the **Education** tab.
The Education window opens in view-only mode.

Case Search is an exact search that must match character for character.

You can also search by Case Name; however, when searching by Case Name, the search criteria must exactly match the CONNECTIONS Case Name in order for the search to return a match. Other names in the Case Composition for that case will not return a match (e.g., if a case is named after Sandra Connors, her daughter Mary will be included in the Case Composition, but will not return a match if the Case Search uses Mary's name as the search criteria).

Education Window

The *Education* window provides a historical summary of education information for each child in the stage. This window is view-only and contains the Child List and History grids.

Upon entry to the *Education* window the oldest person in the Child List grid will be selected and their education records (if information has been recorded) will be displayed in the History grid. Records in the History grid will be sorted from the most recent to the oldest based on the effective date. Upon entering the *Education* window, the **Add** and **Close** buttons will be enabled and the **Detail** button will be disabled.

Historical records that were created in a stage other than the current stage will display as shaded and are view only. For CCR stages, if the child's current record was created in the CWS stage and carried forward into the CCR stage, it will display without shading and is modifiable from the *Education Detail* window.

When a historical record is selected that originated in another case or stage, the **Add** button will be disabled.

The Education Window

The screenshot shows the 'Education - Collins, Kristy - S:24000175/C:34000058' window. It features a header with 'File Options Help' and 'Case Name: Collins, Kristy Case Initiation Date: 09/27/2004'. The main area is divided into two sections: 'Child List' and 'History'. The 'Child List' section has radio buttons for 'Active < 21', 'All Active', and 'All'. It contains a table with columns: Name, Sex, Person ID, Age, DOB, FC, Grade Level, and Student ID. The 'History' section contains a table with columns: Case ID, Stage ID, Stage Type, Academic Year, Effective Date, School Name, Grade Level, and IEP Date. At the bottom, there are 'Add', 'Detail', and 'Close' buttons.

Name	Sex	Person ID	Age	DOB	FC	Grade Level	Student ID
Collins, Patrick	M	14000296	17	04/22/1989	<input checked="" type="checkbox"/>	Tenth Grade	123456789
Collins, Kimberly	F	14000297	9	08/16/1997	<input checked="" type="checkbox"/>		
Collins, Tyler	M	14000298	2	03/30/2004	<input checked="" type="checkbox"/>		

Case ID	Stage ID	Stage Type	Academic Year	Effective Date	School Name	Grade Level	IEP Date
34000058	24000175	CWS	9/01/2006 - 8/31/2007	3/5/2007	Lyncourt Utsd	Tenth Grade	1/5/2007

The *Education* window is divided into the following areas:

- Header
- Grids
- Footer

The *Education* window features a standard header, menu items, grids and various buttons. The header is always visible and includes the Case Name and Case Initiation Date, as well as **File**, **Options** and **Help** menus. The Stage Name, Stage ID number and Case ID display in the title bar. The footer on the window contains the **Add**, **Detail** and **Close** buttons.

The Child List Grid

The Child List grid is populated with case information from the Stage Composition.

The Child List grid contains **Active < 21**, **All Active** and **All** radio buttons, along with the following columns:

Name	The child's name.
Sex	The sex of the child.
Person ID	The child's unique, system-generated identification number.
Age	The child's age (computed using the child's date of birth and current system date).
DOB	The child's date of birth.
FC	A checkmark displays if the child has a Program Choice of Placement.
Grade Level	The child's current grade level.
Student ID	The Student ID as recorded on the <i>Stage Composition</i> window. The Student ID is acquired from the School District. Whenever a child changes a school district, you, the worker, will need to end-date the current Student ID for the previous school district and enter a new Student ID for the current school district.

Upon entering the window, the default display of the Child List is "Active<21," only active individuals in the stage who are under 21 years of age will display in the grid, and the first row in the grid is selected. Selecting the **All Active** radio button populates the grid with all active individuals in the stage, while selecting the **All** radio button populates the grid with all active and end-dated individuals in the stage. When the **All** radio button is selected, the **Add** and **Detail** buttons are disabled and the information is view-only. Education information can be recorded for any individual by clicking on the **Add** button. Individuals are listed in descending order by age, oldest to youngest; however, the sort order can be changed by clicking on a column heading (e.g., **Name**, **DOB**). The **Add** button is disabled if the **All** radio button is selected.

Selecting a record from the Child List grid will display that child's education records in the History grid in view-only mode, if information has been recorded.

The History Grid

The History grid displays below the Child List grid and lists a summary of the selected child's educational records. The records within the History grid are listed and sorted by the Academic Year and Effective Date in descending order; the sort order can be changed by clicking on a column heading (e.g., **Case ID**, **School Name**).

If no education information has been recorded for the selected child, the History grid will be blank. Only one record at any time can be selected from the History Grid. The History grid is view-only.

The History grid is comprised of the following view-only columns:

Case ID	The unique system generated case number that corresponds to the case from which the education record was recorded.
Stage ID	The unique system generated stage number that corresponds to the stage from which the education record was recorded.
Stage Type	The stage type that corresponds to the case from which the education record was recorded.
Academic Year	The school year that corresponds with the education record.
Effective Date	The date on which the information is first applicable.
School Name	The name of the school that corresponds to the education record.
Grade Level	The child's grade level that corresponds with the education record.
IEP Date	The date of the Individualized Education Plan (IEP).
IEP	Indicates whether or not an IEP has been completed.
School Contact Person	The name of a school contact person.
Contact Number	The phone number for the school contact person.
School District/Region	The school district that corresponds to the education record.
School District/Region of Origin	The child's school district of origin (school district attended before removal).
Date Updated	The date the record was last updated.
Updated By	The name of the person who last updated the record.

When scrolling horizontally through the History grid, the first five columns: **Case ID**, **Stage ID**, **Stage Type**, **Academic Year** and **Effective Date** will be locked.

The following buttons display on the bottom of the *Education* window:

Add	Clicking on the Add button opens the <i>Education Detail</i> window to add an education record.
------------	--

- Detail** Clicking on the **Detail** button displays the *Education Detail* window for the record selected in the History grid.
- Close** Clicking on the **Close** button closes the *Education* window.

Recording Education Information

Current Case/Stage Education Information

With the implementation of Build 18.9, education information will be maintained and available for CWS, CCR and ADVPO stages.

Education information is recorded directly in the *Education Detail* window. You can record information using one of the following paths:

- By creating a new education record when no historical record exists.
- By creating a new education record when a historical record exists.

Clicking on the **Add** button when no history record exists will open the *Education Detail* window with a blank record. Clicking on the **Add** button with or without selecting a History record will open the *Education Detail* window, displayed with the child's most current education record except the dates that do not fall in the child's DOB or DOD range. Any changes made to the information will create a new record. This record will be added to the History grid after clicking on the **Save** button.

Step-by-Step:

Accessing the *Education Detail* Window (To Add a New Record when No Historical Record Exists)

- 1 From the *Education* window, select a child from the Child List grid by clicking on the box to the left of their name.
- 2 Click on the **Add** button.
If the individual has a History record, the Education Detail window displays with the history record populated.

Upon entering the *Education Detail* window the History grid will be empty if, education information has never been entered in CONNECTIONS for the selected child.

With or without selecting a record from the History grid the *Education Detail* window will display the child's most currently recorded education record.

Step-by-Step: Accessing the *Education Detail* Window

- 1 From the *Education* window, select a child from the Child List grid by clicking on the box to the left of their name.
- 2 Select a record from the History grid by clicking on the box to the left of the desired record.
- 3 Click on the **Detail** button.
The Education Detail window displays education information for the selected child. Any changes made to the information will modify the record.

You can only modify current case or stage education records (non-shaded).

Education Detail Window

The *Education Detail* window is used to view, update and add education records. For education records that did not originate from the current stage, this window is view only.

The *Education Detail* window is divided into the following areas:

- Header
- Sections
- Footer

- 6 Click on the **Save** button.
*The Person Identifiers grid displays with the **End-Date** field populated for the previous record and the new record is saved.*

The *Education Detail* window is comprised of the following sections and fields:

School and School Address Section:

Not Enrolled in School

This optional checkbox is checked if the selected child is not currently enrolled in school. When the **Not Enrolled in School** checkbox is checked, the **School** and **School Contact Person** fields will be disabled.

School This field is used to record the name of the school the selected child attends. If the school is entered, the school address must be entered and validated.

Street This field is used to record the school's street address.

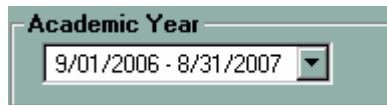

PO Box/Apt: This field is used to record the secondary address (e.g., post office box) for the school address, if applicable.

City
State
Zip These fields are used to record the **City**, **State** and **Zip** code. The **State** field defaults to NY (New York).

County This field is used to select the **County** from a drop-down list of counties in New York State.

Validate button This button is used to perform address validation to verify the address and its format is in accordance with current U.S. Postal Service standards. The **Validate** button enables once an entry has been made in the **Street** field. All addresses must be validated.

Academic Year Section:

The screenshot shows a dropdown menu titled "Academic Year" with a light green border. The selected option is "9/01/2006 - 8/31/2007".

Academic Year This required field is used to indicate the school year (academic date range) that corresponds with the education record. The Academic Year always runs from September 1 of one year until August 31 of the next calendar year. Only one Academic Year may be selected.

Effective Date Section:

The screenshot shows a dropdown menu titled "Effective Date" with a light green border. The selected option is "03/05/2007".

Effective Date This required field is used to record the date when an education event occurred. The date will be selected from a date picker (calendar). The Effective Date cannot be a future date and must be within the date range of the academic year. The Effective Date defaults to the system date.

Grade Level Section:

The screenshot shows a dropdown menu titled "Grade Level" with a light green border. The selected option is "Tenth Grade".

Grade Level This field is used to record the child's grade level that corresponds with the child's educational placement. (Refer to Appendix A – Grade Levels for a listing of grade levels).

School Contact Person Section:

School Contact Person

First Name This field is used to record the first name of a school contact person.

Last Name This field is used to record the last name of a school contact person.

Phone This field is used to record the telephone number of the school contact person.

Title This field is used to record the contact person's title.

Individualized Education Plan (IEP) Section:

Individualized Education Plan (IEP)
IEP Completed?
 Yes No IEP Date: 01/05/2007
IEP information exists

IEP Completed? This field is used to record whether or not an Individualized Education Plan (IEP) has been completed for the child. Clicking on the **Yes** radio button enables the **IEP Date** field. The **IEP Completed?** field defaults to No.

IEP Date This field is used to record the date of the Individualized Education Plan (IEP). The IEP Date is required if "Yes" is selected for the IEP Completed question. The date will be selected from a date picker (calendar). The IEP Date cannot be a future date or a date prior to the child's DOB.

IEP Detail button This button is used to record the IEP details for the selected child. Clicking on the **IEP Detail** button displays the *IEP Detail* window. This button is only enabled if "Yes" has been selected for the **IEP Completed?** question and an **IEP Date** has been recorded.

IEP information exists This system populated label displays when information exists in the *IEP Detail* window. After the IEP Detail information is saved, if you change the response to the **IEP Completed?** question from "Yes" to "No" on the *Education Detail* window, and then click on the **Save** button, the following message will display:

Saving will remove all IEP Detail information. Do you wish to continue?"

- Click on the **Yes** button to discard all changes made since the last save.
- Click on the **No** button to close the message, "Yes" remains selected.

High School Diploma Track? Section:

The *IEP Detail* window is displayed from the *Education Detail* window by clicking on the **IEP Detail** button. Note, the **IEP Detail** button is only enabled if "Yes" was selected to the IEP Complete? question and an IEP Date was recorded.

Once a child is determined eligible for special education services, the school district's Committee on Special Education (CSE) develops an Individualized Education Plan for the student. An Individualized Education Plan (IEP) is a written document, developed, revised and reviewed in accordance with section 200.4(d) of the Education Law that describes a school's plan for meeting the needs of a student with a disability.

This plan includes:

- academic and functional goal;
- disability classification;
- present levels of performance and needs of the student;
- measurable annual goals; and
- recommended programs and services.

The *IEP Detail* window is used to record some of the information that is part of the child's written Individualized Education Plan (IEP) and Surrogate Parent information, if applicable.

Surrogate Parent Section:

This section is used to record Surrogate Parent information, if applicable.

A Surrogate Parent is a person appointed to act in the place of parents or guardians when:

- a student's parents or guardians are not known, or
- after reasonable efforts, the Board of Education cannot discover the whereabouts of a parent, or
- the student is an unaccompanied homeless youth, or
- the student is a ward of the State and does not have a parent who meets the definition in Subdivision ii, or
- the rights of the parent to make educational decisions have been subrogated by a judge in accordance with State law. *Source: Regulations of the Commissioner of Education Pursuant to Sections 207, 3214, 4403, 4404 and 4410 of the Education Law, Part 200- Students with Disabilities, 200.1 (ccc).*

The following New York State law describes the Educational Policy for recording Surrogate Parent information.

According to 8 NYCRR 200.1 a Board of Education shall appoint a Surrogate Parent

to ensure the rights of a student with a disability are protected if:

- no parent of the student is known or can be located despite reasonable efforts to locate;
- the student is a ward of the state and does not otherwise have a parent or person in parental relation, or the rights of the parent have been removed by a judge; or
- the student is an unaccompanied homeless youth.

If the student is a ward of the state (i.e. in foster care) [8 NYCRR 200.1]

- the district must consult with the local social services district or other agency responsible for the care of the child to determine if the student needs a Surrogate Parent within a reasonable time following a referral for services; or
- the foster parent of a student who meets the qualifications for a Surrogate Parent may be appointed by the CSE.

Where the child's parent is not involved in making educational decisions, a foster parent may be appointed as a Surrogate Parent when the foster parent:

- has an ongoing, long term parental relationship with the student;
- is willing to make educational decisions; and
- has no conflict of interest with the needs of the child.

Even if the foster parent is not acting as the Surrogate Parent, the foster parent is an individual with knowledge of the student's needs and should be considered a participant at CSE meetings.

The following persons may not be appointed as a Surrogate Parent:

- a representative of an agency providing foster care or education for the foster child (such as a group home or institution staff member).

Viewing Education Detail Information

The Education functionality in CONNECTIONS provides you the ability to view Summary Education Information, View Detailed Education Information and review the Individualized Education Plan.

Summary View

The columns in the History grid in the *Education* window provide a historical summary of education information recorded for the selected child and are view-only. Clicking on a historical record and horizontally scrolling through the History grid will provide workers with a quick view of the selected child's education information such as the academic year, effective date, school name, IEP status, school contact person, name of the worker that recorded the information and other education history. When scrolling horizontally through the History grid, the **Case ID**, **Stage ID**, **Stage Type**, **Academic Year** and **Effective Date** columns are "locked"; they display constantly regardless of what other columns you view. Records are not modifiable in the *Education* window or grids.

Education information can be viewed as a Summary on the *Education* window or in detail on the *Education Detail* window.

Detailed View

Through the *Education Detail* window, you have the ability to view the details of a historical record for the selected child. To view a historical record, select a shaded record in the History grid and click on the **Detail** button. The *Education Detail* window will display detailed information for the selected record in view-only mode. If you select a non-shaded record, the information will display in the *Education Detail* window in modify mode. Whether you select a shaded or non-shaded historical record, you will have a detailed view of the education record selected.

Step-by-Step: Viewing Education Summary Information

- 1 On the *Education* window, select a child from the Child List grid.
- 2 Click on a record in the History grid for the child and scroll left and right horizontally through the grid.

Click on the left and right horizontal scroll arrows in the History grid to scroll through the education summary information.

Step-by-Step: Viewing Education Detail Information

- 1 On the *Education* window, select a child from the Child List grid.
- 2 Click on a record in the **History** grid.
- 3 Click on the **Detail** button.
The Education Detail window displays.

Shaded historical records are view-only.

Viewing the Individualized Education Plan (IEP)

From the *Education Detail* window you may access the *IEP Detail* window if the **IEP Detail** button is enabled. Clicking on the **IEP Detail** button will display the *IEP Detail* window for the selected record. If the *Education Detail* window was accessed in view-only mode the IEP Detail will be view-only.

Step-by-Step: Viewing the IEP Information

- 1 On the *Education Detail* window, if the label “**IEP Information Exists**” is displayed in the Individualized Education Plan section, click on the **IEP Detail** button.
The IEP Detail window displays in view-only mode.
- 2 View the record then click on the **Cancel** button.
The Education Detail window displays.

Modifying Education Information

Modifying Records in Current Stage/Case

Only education records recorded in the current stage can be modified. Current records display in the History grid as non-shaded. Records are modified in the *Education Detail* window. If a CWS record that was carried forward into the CCR is modified, it must retain its stage type of CWS and the CWS stage Id.

Modifications cannot be made to a historical record recorded outside the current stage; the only exception is when a child's current record in a CCR stage was created in the CWS stage from which the CCR was created.

Step-by-Step: Modifying Education Information for Current Stage

- 1 On the *Education* window, select a child from the Child List grid.
- 2 Click on a non-shaded (current) record in the History grid.
- 3 Click on the **Detail** button.
The Education Detail window displays.
- 4 Make the necessary modifications on the *Education Detail* window.
*The **Save** button enables once a changed is made in any field.*
- 5 To modify IEP Details, refer to Modifying IEP Information in this guide.
- 6 Once all of the required fields are modified, click on the **Save** button.
*The Education window displays. The modifications are recorded in the record that was modified. The History grid is updated to reflect the changes made including the **Date Updated** and **Updated By** columns.*

Where am I?

You should only modify a record when there is a minor change. For major changes you should add a record.

Modifying IEP Information

IEP records are modified in the *IEP Detail* window.

Step-by-Step: Modifying IEP Information

- 1 On the *Education Detail* window, click on the **IEP Detail** button to modify the IEP. Note that the label **“IEP Information Exists”** will be displayed as applicable. If no label is displayed, a new IEP can be added by clicking on the **IEP Completed?** field’s **Yes** radio button and entering the IEP Date. Click on the **IEP Detail** button to record the IEP.
The IEP Detail window displays.
- 2 Make necessary modifications. Once all of the information is recorded, click on the **OK** button.
The Education Detail window displays with the “IEP Information Exists” label in the Individualized Education Plan (IEP) section.
- 3 Click on the **Save** button.
*The Education window displays. The History grid is updated to reflect the changes made including the **Date Updated** and **Updated By** columns.*

Printing Education Information

The Education module does not support printing. However, you may capture a screen shot of the window(s) to obtain a hard copy of the education information. Once the screen shot has been captured, copy it to a Microsoft Word document and print it out for reference. Confidentiality of case information must be considered when capturing, saving or transmitting any case information.

Step-by-Step: Printing Education Information

- 1 With the desired education window (e.g. *Education Detail* window) on the screen, hold down the **Alt** and **Print Screen** keys on your keyboard (screen shots copied to clipboard – not visible to user). Pressing the **Print Screen** key will capture the entire screen, including all open windows.
- 2 Hold down the **Ctrl** and **ESC** keys.
- 3 Click on the **Microsoft Word** icon on your screen or from your list of Programs.
A blank Microsoft Word document displays.
- 4 Right click and select the **Paste** command OR press the **Ctrl** and **V** keys simultaneously.
The education window’s image displays.
- 5 Print the document by clicking on the **File** menu then select the **Print** command or click on the **Print** icon on the Word toolbar.

- 6 Click on the **File** menu and select the **Exit** command.
The following message displays: "Do you want to save the changes you made to Document?"
- 7 Click on the **No** button.
The education window you were previously on before initiating the print feature displays.

- 2 Click on a command from the **Help** menu.
*The window related to your selection displays. In some cases, you will need to make another selection in that window to obtain instructions. At the top of each window, you'll see additional buttons and menus. Use the **Search** button to search for specific information in the Help function and use the **Back** button to return to windows you've just visited in Help. The **Glossary** button opens a list of important CONNECTIONS terms and the **Print** button allows you to print Help information.*

- 3 When you're done reviewing information in Help, close each *Help* window by clicking on the **Close** button (☒) in the top right corner of the window.
The system returns to the window you were using when you accessed Help.

Enterprise Help Desk

The New York State Office for Technology (NYS OFT) Enterprise Help Desk staff are available to answer basic questions related to your equipment, or to solve problems you're having with the CONNECTIONS application. If they cannot solve your problem, they will record your information and forward it to others who can.

Your agency may have procedures in place for contacting the Enterprise Help Desk. Check with your supervisor before you call.

The Enterprise Help Desk is staffed 24 hours a day, seven days a week. The telephone number is:

1-800-NYS-1323
(1-800-697-1323)

When you call the Enterprise Help Desk with a problem, you will be given a ticket number to use for tracking your issue and its resolution. Keep a record of this number. You will need it for any follow-up conversations with the Enterprise Help Desk.
