CONNECTIONS Build: Foster and Adoptive Record Summary (FRS)

The modernization of the CONNECTIONS application will continue in late February with enhancements made to the Foster and Adoptive Home Development (FAD) module. These updates include the modernization of the Foster and Adoptive Home Record Summary (FRS), small changes to navigation, and new edits.

The build will require some adjustment on the part of staff who maintain, view, and/or print FAD information in CONNECTIONS.

For a detailed overview of the build, please see the latest edition of the CONNECTIONS Build Bulletin on the [Intranet](#) or [Internet](#).

An Impact Analysis ([Intranet](#) / [Internet](#)) that summarizes the new features and impacts for district and agency management to consider is now available, and a Job Aid is forthcoming.

As always, CONNECTIONS Regional Implementation Staff ([Intranet](#) / [Internet](#)) are available to provide on-site support or answer questions, as needed.
