

CONNECTIONS Weekly Technical Bulletin

FSS Phase 4 Implementation: Identified Issues Corrected

The Family Services Stage (FSS)—Phase 4 build was implemented in the CONNECTIONS application on Friday, June 10th. The build included modernization of the Family Assessment and Service Plan (FASP) and the Service Plan Review (SPR), as well as new functionality to support The Preventing Sex Trafficking and Strengthening Families Act.

Build-related issues identified and outlined in the June 16th edition of the CONNECTIONS Build Bulletin ([Intranet](#) / [Internet](#)) and the July 8th edition of the CONNECTIONS Technical Bulletin ([Intranet](#) / [Internet](#)) were successfully corrected on Wednesday, June 29th and Friday, July 8th, respectively.

If you have questions about FSS Phase 4 implementation, please reach out to your regional CONNECTIONS Implementation Specialist ([Intranet](#) / [Internet](#)) or email the CONNECTIONS Triage Unit at ocfs.sm.conn_app@ocfs.ny.gov.

July 15-21, 2016
