- **Click** on the “Log Off” option (example: “Unknown, Unknown…”) of the pop-up menu.

Here are some helpful hints in protecting your MiFi 2200 and other portable wireless devices:

- Always keep your portable device with you when traveling.
- Password protect and lock your portable device.
- Record identifying information (i.e., serial number (original SSID number for your MiFi 2200)) and label your equipment.
- Keep your portable device out of sight when not in use.
- Consider storing important information in a separate place or device.
- Report lost or stolen devices to local law enforcement agencies.
- Always shut down the laptop after MiFi use to restore firewall and proxy settings.
