Q2	It came to my attention that a psychiatric nurse practitioner recently started. What will the psychiatrist role be with respect to her? There's no mention of her in the bid. Will I need to be supervising her? Will I need to be reviewing her notes? Will I need to see patients with her? Specific details and expectations would be helpful.

Q3	I will be placing my bid under my psychiatry company which is a PLLC. Is there anything special to do for this process?
A3	No. The required documents listed in IFB Section 2.2 Packaging of IFB Response , and the mandatory requirements stated in IFB Section 3.0 Specifications are the same for all bidders.
