

Responses to Questions for IFB 1162
Wastewater Treatment Management

Q1	Are you required to comply with the U.S. Environmental Protection Agency (EPA) regulated per- and polyfluoroalkyl substances (PFAS) in regards to the National Pollutant Discharge Elimination System (NPDES)?
A1	OCFS wastewater discharges are currently regulated by the New York State Department of Environmental Conservation (DEC)/State Pollutant Discharge Elimination System (SPDES) permits as attached to IFB 1162 as Exhibits 1-5.
