Directions from Rensselaer:

Take the NYS Thruway to Exit 25A, 1-88. Travel West on 1-88 to the Bainbridge Exit. Get onto Route 206 West from this exit. Travel on Route 206 West from Bainbridge to Whitney Point. Take Route 79 West from Whitney Point to Slaterville Springs. Look for a sign in Slaterville Springs indicating the direction to the facility.

Turn left from Route 79 in Slaterville Springs onto Buffalo Road. Travel on Buffalo Road to the intersection at Caroline Center. Go straight at this intersection where Buffalo Road becomes South Road. Continue about 1 1/2 miles to the facility on the right-hand side.

Public Transportation:

Trans World Express Airlines to Ithaca from Albany or New York City; US Air to Ithaca from New York City; Greyhound Bus service to Ithaca from Albany or New York City.
Dear Permittee,

The State Pollutant Elimination System (SPDES) permit renewal for the facility referenced above is approved with the new effective and expiration dates. This letter together with the previous valid permit for this facility effective on 06/01/2010 and any subsequent modifications constitute authorization to discharge wastewater in accordance with all terms, conditions, and limitations specified in the previously issued permit(s).

As a reminder, SPDES permits are renewed at a central location in Albany in order to make the process more efficient. All other concerns with your permit, including applications for permit modification or transfer to a new owner, a name change, and other questions, should be directed to:

Deputy Regional Permit Administrator

NYSDEC REGION 7 CORLAND SUB-OFFICE
1285 FISHER AVE
CORTLAND, NY 13045-1090
(607) 753-3095

If you have already filed an application for modification of your permit, it will be processed separately by that office.

If you have questions concerning this permit renewal, please contact LINDY SUE CZUBERNAT at (518) 402-9167.

Sincerely,

Stuart M. Fox
Deputy Chief Permit Administrator
Dear SPDES Permittee:

Enclosed please find a validated NOTICE/RENEWAL APPLICATION/PERMIT form renewing your State Pollutant Discharge Elimination System (SPDES) permit for the referenced facility, this validated form, together with the previously issued permit (see issuance date of this permit in Part 3 of the NOTICE/RENEWAL APPLICATION/PERMIT form), and any subsequent permit modifications constitute authorization to discharge wastewater in accordance with all terms, conditions and limitations specified therein.

The instructions and other information that you received with the NOTICE/RENEWAL APPLICATION/PERMIT package fully described procedures for renewal and modification of your SPDES permit under the Environmental Benefit Permit Strategy (EBPS). As a reminder, SPDES permits are renewed at a central location in Albany in order to make the process more efficient. All other concerns with your permit such as applications for permit modifications, permit transfers to a new
owner, name changes, and other questions should be directed to the Regional Permit Administrator at the following address:

Deputy Regional Permit Administrator NYSDEC - Region 7 Sub Office 1285 Fisher Avenue Cortland, NY 13045-1090 (607) 753-3095

If you have already filed an application for modification of your permit, it will be processed separately through our regional office. If you have questions concerning this permit renewal, please contact Lindy Sue Czubernat at (518) 402-9165.

Sincerely,

William R. Almone
Chief Permit Administrator

RENSSELAER NY 12144

CHILDREN & FAMILY SERVICEF-#me: MAC
Ind. Code: 8999 County: TOMPKINS
DEC No.:7-5020-00003/00001
SPDES NY 007 5361
Expiration Date: 06/01/2010
Application Due By: 12/03/2009

Are these name(s) & address(es) correct? if not, please write corrections above.
The State Pollutant Discharge Elimination System Permit for the facility referenced above expires on the date indicated. You are required by law to file a complete renewal application at least 180 days prior to expiration of your current permit. Note the "Application Due By" date above.

CAUTION: This short application form and attached questionnaire are the only forms acceptable for permit renewal. Sign Part 2 below and mail only this form and the completed questionnaire using the enclosed envelope. Effective April 1, 1994 the Department no longer assesses SPDES application fees.

If there are changes to your discharge, or to operations affecting the discharge, then in addition to this renewal application, you must also submit a separate permit modification application to the Regional Permit Administrator for the DEC region in which the facility is located, as required by your current permit. See the reverse side of this page for instructions on filing a modification request.

**PART 2 - RENEWAL APPLICATION**

CERTIFICATION: I hereby affirm that under penalty of perjury that the information provided on this form and all attachments submitted herewith is true to the best of my knowledge and belief. False statements made herein are punishable as a Class A misdemeanor pursuant to section 210.45 of the Penal Law.

Note 1: DAILY DISCHARGE: The discharge of a pollutant measured during a calendar day any 24-hour period that reasonably represents the calendar day the purposes sampling. For pollutants expressed in units of mass, the ‘daily discharge’ is calculated as the total mass of the pollutant discharged over the day. For pollutants with limitations expressed in other units of measurement, the ‘daily discharge’ is calculated as the average measurement of the pollutant over the day. DAILY MAX: The highest allowable daily discharge. DAILY MIN: The lowest allowable daily discharge. MONTHLY Avg (daily avg): The highest allowable average of daily discharges over a calendar month, calculated as the sum of each of the daily discharges measured during a calendar divided by the number of daily discharges measured during that month. RANGE: The instantaneous measurements for the reporting period must remain between the two values shown. 7 DAY MEAN (7 day average): The highest allowable average of daily discharges over a calendar week. 12 MRA (twelve month rolling avg): The average of the most recent twelve months monthly averages, 30 DAY GEOMETRIC MEAN (30 day geo mean): The highest allowable geometric mean of daily discharges over a calendar month, calculated as the antilog of the log of each of the daily discharges measured during a calendar month divided by the number of daily discharges measured during that month, 7 DAY GEOMETRIC MEAN (7 day geo mean): The highest允许able geometric mean of daily discharges over a calendar week.

MONITORING LOCATIONS

The permittee shall take samples and measurements, to comply with the monitoring requirements specified in this permit, at the location(s) specified below:
DISCHARGE NOTIFICATION REQUIREMENTS

a) The permittee shall, except as set forth in (c) below, maintain the existing identification signs at all outfalls to surface waters, which have not been waived by the Department in accordance with 17-081 5-a. The sign(s) shall be conspicuous, legible and in as close proximity to the point of discharge as is reasonably possible while ensuring the maximum visibility from the surface water and shore, the signs shall be installed in such a manner to pose minimal hazard to navigation, bathing or other water related activities. If the public has access to the water from the land in the vicinity of the outfall, an identical sign shall be posted to be visible from the direction approaching the surface water.

The signs shall have minimum dimensions of eighteen inches by twenty four inches (18" x 24") and shall have white letters on a green background and contain the following information:

N.Y.S. PERMITTED DISCHARGE POINT

SPDES PERMIT

No.: NY OUTFALL

For information about this permitted discharge contact:

Permittee Name:

Permittee Contact:

Permittee Phone: ) - ### - ####

OR:

NYSDEC Division of Water Regional Office Address:

NYSDEC Division of Water Regional Phone: ) - ### - ####

b) For each discharge required to have a sign in accordance with a), the permittee shall provide for public review at a repository accessible to the public, copies of the Discharge Monitoring Reports (DMRs) as required by the RECORDING, REPORTING AND ADDITIONAL MONITORING REQUIREMENTS page of his permit. This repository shall be open to the public at a minimum, during normal daytime business hours. The repository may be at the business office repository of the permittee on an off premises location of its choice (such location shall be the village, town, city or county clerk's office or the local library or other location as approved by the Department). In accordance with the RECORDING, REPORTING AND ADDITIONAL MONITORING REQUIREMENTS page of your permit, each DMR shall be maintained on record for a period of five years.
c) The permittee shall periodically inspect the outfall identification signs in order to ensure that they are maintained, are still visible and contain information that is current and factually correct.

SPDES Number

RECORDING, REPORTING AND ADDITIONAL MONITORING REQUIREMENTS

a) "The permittee shall also refer to 6 NYCRR Part 750-1.2(a) and 750-2 for additional information concerning monitoring and reporting requirements and conditions,

b) The monitoring information required by this permit shall be summarized, signed and retained for a period of five years from the date of the sampling for subsequent inspection by the Department or its designated agent. Also, monitoring information required by this permit shall be summarized and reported by submitting:

(if box is checked) completed and signed Discharge Monitoring Report (DMR) forms for each month reporting period to the locations specified below. Blank forms are available at the Department's Albany office listed below. The first reporting period begins on the effective date of this permit and the reports will be due no later than the 28th day of the month following the end of each reporting period.

(if box is checked) an annual report to the Regional Water Engineer at the address specified below. The annual report is due by February 1 and must summarize information for January to December of the previous year in a format acceptable to the Department.

(if box is checked) a 11R)nthly "Wastewater Facility Operation Report," (fonn 92-15-7) to the:

X Regional Water Engineer and/or X County Health Department or Environmental Control Agency specified below

Send the DMRs with original signatures to:

Department of Environmental Conservation
Division of Water
Bureau of Water Compliance Programs
625 Broadway
Albany, New York 12233-3506
Phone: (518) 4024177

Send an additional copy of each DMR page to:

Tompkins County Health Dept.
Environmental Health Dept.
401 Harris B, Gates Drive
Ithaca, NY 14850
Phone: (607)274-6688

Send an additional copy to:

Department of Environmental Conservation
Regional Water Engineer
615 Erie Blvd., West
Syracuse, NY
Phone: (315) 426-7500

Noncompliance with the provisions of this permit shall be reported to the Department as prescribed 6 NYCRR Part 750-1.2(a) and 750-2.

d) Monitoring must be conducted according to test procedures approved under 40 CFR Part 13() unless other test procedures have
been specified in this permit.

e) If the monitors any pollutant more frequently than required by the permit, using test procedures approved under 40 CFR Part 136 or as specified in this permit, the results of this monitoring shall be included in the calculations and recording of the data on the Discharge Monitoring Reports.

f) Calculation for all limitations which require averaging of measurements shall utilize an arithmetic mean unless otherwise specified in this permit.

g) Unless otherwise specified, all information recorded on the Discharge Monitoring Report shall be based upon measurements and sampling carried out during the most recently completed reporting period.

h) Any laboratory test or sample analysis required by this permit for which the State Commissioner of Health issues certificates of approval pursuant to section five hundred two of the Public Health Law shall be conducted by a laboratory which has been issued a certificate of approval. Inquiries regarding laboratory certification should be sent to the Environmental Laboratory Accreditation Program, New York State Health Department Center for Laboratories and Research, Division of Environmental Sciences, The Nelson A. Rockefeller Empire State Plaza, Albany, New York 12201.
