Background

New York State Office of Children & Family Services (OCFS) announces a Solicitation of Interest (SOI) for qualified organizations that currently provide a residential services program for individuals who are legally blind (hereafter also referred to as participants) that develops and expands the participant’s abilities to help them achieve self-reliance and independence in both daily life and the workplace.

The New York State Commission for the Blind (NYSCB) is the state entity designated to provide services to New York residents who are legally blind. NYSCB has recognized the need for residential services programs that provide more intensive, around-the-clock services for participants who are legally blind and need more individualized attention and structure to make progress towards their goals of independence.

Generally, residential services programs are limited to participants meeting one or more of the three criteria below (note: the final clinical decision is always made by a licensed vocational rehabilitation counselor who holds a master’s degree and an advanced certificate in evaluating participant needs. These licensed vocational rehabilitation counselors are referred to hereafter as a counselor or NYSCB counselor):

1. The service is only available in a residential setting.
2. The counselor identifies something in the participant’s current environment that will make community-based vocational rehabilitation training ineffective.
3. The participant requires intensive services or needs to acquire skills in a very short period.

NYSCB limits residential services to a small subset of the participant population as rehabilitation training should generally take place in the most integrated community setting available.

There is currently only one entity in New York State that provides a residential services program to individuals who are legally blind. To meet the diverse needs of the population of participants, NYSCB must utilize out-of-state service providers to expand its network of providers who offer new and/or different types of residential services. The intent of this SOI is to identify residential services programs offered throughout the United States so that NYSCB can ultimately offer a broad array of programs to its participants who will make informed choices on a residential services program(s) that truly meets their individual needs.
This SOI is being released for the purpose of gathering information on existing residential services programs that currently operate nationwide. A response to this SOI may result in a non-competitive procurement and award of a contract or agreement with NYSCB. Any future award of a contract or agreement that may be issued from the compiled list of residential services program providers responding to this SOI is anticipated to have a contract or agreement end date no later than 6/30/2025.

Any future award of a contract or agreement would be contingent upon one or more of the following factors:

1. NYSCB identifies a participant(s) who would best benefit from a residential program.
2. A NYSCB participant chooses a particular residential program per informed choice or a history of NYSCB participants choosing that particular residential program.
3. Estimated residential program costs that exceed the NYS discretionary spending limits and therefore, a need exists for a contract or agreement between the residential program and NYSCB.

Residential services program(s) proposed in response to this SOI must be pre-existing and have pre-established an all-inclusive daily/weekly rate, per participant, for the services proposed. This requirement will be referred to as the “program rate.”

Please be aware that NYSCB believes in participant informed choice and ultimately the usage of any future contract or agreement will be determined by NYSCB participants. NYSCB estimates that statewide 30-50 participants will require residential services annually. There is no guarantee of referrals and/or revenues pursuant to this SOI.

To facilitate informed choice NYSCB reserves the right to post any non-financial programmatic information received from an applicant to the OCFS website. This information may then be used by potential participants to understand the full array of residential services offered by the various applicants through NYSCB and make the best-informed choice. NYSCB reserves the right to modify/change or not post any applicant’s responses received from this SOI.

Please see the Eligibility Criteria section for additional information.

This advertisement is public notice that OCFS is seeking to contract with organizations to provide residential services to residents of New York State who are legally blind. Please see the Activities/Work to be Performed section for additional information.

The purpose of this SOI is to invite any eligible and interested entities that believe they can satisfy this program’s needs to inform OCFS by a Letter of Interest (LOI). To be considered responsive, your organization’s LOI must be received no later than the deadline specified on the first page of this announcement. Please see the How to Apply section for additional information and submission requirements.

Activities/Work to be Performed

Funded applicants will:

Provide services to participants in a residential setting. The proposed program(s) should be specifically tailored to individuals who are legally blind and have more intense training needs. Although all participants can benefit from services and training provided once or twice a week at a non-residential facility, some require more intensive, around-the-clock services and instructional regimen.
Residential services programs provide participants with immersion services that will help them achieve self-reliance and independence in daily life and in the workplace. Participants will gain independence through guided instruction from trained staff and learn to manage the demands of independent living and expectations of real-world experiences. The program(s) should be individualized to meet the needs of each participant.

**Residential Services Program Requirements**

The proposed program(s) can take many forms and have varying goals. The proposed residential services program(s) must seek to develop and expand the participant’s abilities in **one or more** of the following areas:

- Vocational rehabilitation
- Academic instruction/college prep
- Workplace readiness
- Specific job training skills
- Independent living
- Self-advocacy
- Use of assistive and/or adaptive technology
- Financial literacy

**Please note:** Proposed program(s) that are solely of a recreational nature **will not** be accepted under this SOI.

The proposed program(s) should emphasize integrating what the participant learns each day into his/her life at the dorm each evening, including, but not limited to, care of the dorm room, laundry, grooming, refinement of table manners while dining in the cafeteria, and other skills necessary to facilitate the integration of skills learned, into the participant’s daily routine.

**Housing and Meal Requirements**

Applicants agree to provide all meals and provide safe, comfortable lodging and sleeping accommodations for each participant for the duration of the program. Applicants will also provide on-site, overnight supervision that is accessible to all participants each night of the program. All program areas must be accessible to, and accommodated for, participants who are legally blind.

NYSCB participants must be assigned to single gender rooming arrangements, with male and female bedrooms on opposite sides of the dormitory. NYSCB prefers that participants, aged 17 and younger, not be housed in the same dormitory as other individuals who are age 18 and older, and who are not part of the qualified staff providing services under the program. It is understood that this is not always possible as some programs may have space limitations. If your program does not have separate housing for participants age 17 and younger, please provide a narrative within your LOI that explains the housing arrangement in detail, including staffing and supervision.

The applicant agrees to provide, three (3) meals per day, seven days per week, to all NYSCB-referred participants. The applicant further agrees to meet any special dietary needs of any NSYCB-referred participants, as defined in the participant’s referral materials. All meal costs for participants will be included in the program rate submitted in response to this SOI.

A minimum of one staff member/dormitory supervisor must remain on duty, in each dormitory, during all non-training hours on weekdays, and 24 hours/day on weekends and holidays, unless the dormitory is officially closed. A staff member/dormitory supervisor must be available to participants in the dormitory during these times.
If any incident occurs that is detrimental to a participant’s well-being (including but not limited to health, safety and other incidents), applicant staff must contact the office of the associate commissioner of NYSCB immediately to provide notification of the incident and must submit a written report describing the incident to the NYSCB associate commissioner within three (3) calendar days.

**Staff Qualification Requirements**

Staff of the applicant must be capable of working with the unique needs of participants who are legally blind. As the residential services being provided and backgrounds of the providers may vary significantly, it is the responsibility of the applicant to demonstrate and explain in their LOI how their staff meet this requirement. Any contract(s) that may result from information provided in response to this SOI will contain specific staff qualifications tailored to the applicants’ specific program offering.

**Referrals and Program Termination**

Applicants agree to accept all participants referred by NYSCB who meet the program’s established requirements. If, after starting the program, the applicant determines that a participant is incapable of benefiting from the program, the applicant may not refuse services or terminate participation in the program without first contacting the NYSCB counselor who referred the participant to the program and obtaining agreement from the NYSCB counselor that termination of the participant from the program would be in the best interest of the participant and/or the other participants.

Please be aware that NYSCB believes in participant informed choice and ultimately the usage of any future contract or award that may result from the information provided in this SOI will be determined by NYSCB participants. **There is no guarantee of referrals and/or revenues pursuant to this SOI.**

**Integrated Programs**

While NYSCB encourages integration of children who are legally blind into programs with sighted children, the applicant must notify the NYSCB Central Office children’s services coordinator no later than 30 calendar days in advance of any programs in which children who are legally blind are to be integrated with children who are sighted and are not family members.

No program that integrates children who are legally blind with non-family members who are 18 years or older will be allowed. However, children with multiple disabilities may be referred into the program up to age 22. These individuals may be integrated into the program as if they are under 18.

Multiple disabilities according to the Individuals with Disabilities Education Act’s (IDEA) refers to “concomitant [simultaneous] impairments (such as intellectual disability-blindness, intellectual disability-orthopedic impairment, etc.), the combination of which causes such severe educational needs that they cannot be accommodated in a special education program solely for one of the impairments. The term does not include deaf-blindness.”

**Confidentiality**

The applicant will safeguard the confidentiality of all information relating to all NYSCB participants and shall maintain the confidentiality of all such information in conformity with the provisions of applicable State and Federal laws and regulations.

**Transportation**

NYSCB will provide transportation for each participant to the program’s location at the program’s commencement and home from the program following completion. NYSCB will not pay for weekend
visits home. Transportation to and from program activities is the responsibility of the applicant and must be included in the program rate and may not be charged separately to NYSCB.

**Pre-Employment Transition Services (Pre-ETS) – Breakdown**

In the State of New York, Pre-ETS services are available to students with a disability age 14 to 21 (up to the 22nd birthday) who are enrolled in an educational setting. For administrative purposes, NYSCB requires a breakdown that shows what portion of a program rate is allocated to Pre-ETS and Non-Pre-ETS.

**Pre-Employment Transition Services** - components of the residential services program rate that directly relate to the following criteria are classified as Pre-ETS:

1. Job exploration counseling
2. Work-based learning experiences
3. Counseling on opportunities for enrollment in comprehensive transition or post-secondary educational programs at institutions of higher education
4. Instruction in self-advocacy, which may include peer mentoring
5. Workplace readiness training to develop social skills and independent living

See CFR – Title 34 → Subtitle B → Chapter III → Part 361.48(A)(2) for the full list of allowable Pre-ETS services.

**Non-Pre-Employment Transition Services** - Any services that are part of the proposed program and do not meet the Pre-ETS criteria, as stated above, are classified as Non-Pre-ETS. If the program does not allow participants who are under the age of 22, the full cost should be classified as Non-Pre-ETS.

**Room and Board** are currently not considered Pre-ETS but must be tracked as their own category.

**Example:** XYZ Services for the Blind conducts a three-week residential services program that teaches legally blind participants to diagnose and repair computer hardware. The program rate is $2,500 per participant, which includes room and board ($750 weekly) and travel expenses (which are not Pre-ETS eligible) for field trips ($250 weekly).

The residential services program breakdown in this case would be:

<p>| | |</p>
<table>
<thead>
<tr>
<th></th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>Pre-ETS</td>
<td>$1,500.00</td>
</tr>
<tr>
<td>Non-Pre ETS</td>
<td>$250.00</td>
</tr>
<tr>
<td>Room and Board</td>
<td>$750.00</td>
</tr>
<tr>
<td><strong>Total Program Rate</strong></td>
<td><strong>$2,500.00</strong></td>
</tr>
</tbody>
</table>

A breakdown is required for each program submitted.

When completing the Pre-ETS/Non-Pre-ETS breakdown, assume 100 percent of the participants are Pre-ETS eligible students. It is NYSCB’s responsibility to determine if a participant is Pre-ETS eligible and adjust coding accordingly.
Eligibility Criteria

Applicants who meet the following mandatory requirements are eligible to apply:

1. Have experience administering the proposed residential services program(s) for participants who are legally blind for at least one program cycle. (i.e., for a program with a duration of six-months, the applicant has administered the program for six months.) This must be documented by the provision of a completed Attachment 1 – Submission Checklist and Attachment 2 – Letter of Interest.

2. Propose a residential program(s) that seeks to develop and expand the participant’s abilities in one or more of the following areas:
   - Vocational rehabilitation
   - Academic instruction/college prep
   - Workplace readiness
   - Specific job training skills
   - Independent living
   - Self-advocacy
   - Use of assistive and/or adaptive technology
   - Financial literacy

   Provide a detailed narrative in the Attachment 2 – Letter of Interest explaining how the proposed residential program(s) meet this requirement.

   Please note: Proposed program(s) that are solely of a recreational nature will not be accepted under this SOI.

3. Have a pre-established, all-inclusive daily/weekly program rate per participant for the proposed program. If proposing more than one program, provide this information for each of the proposed programs. This proposed rate(s) must be at or below the currently published program rate at the time this SOI was released (see Date of Issue on first page of this SOI). This proposed rate is for the period from 7/1/2020 – 6/30/2025. If a program requires a cost of living adjustment (COLA) during this period, the methodology of any price increase must be spelled out in the SOI response. Any costs increase that are not spelled out in the SOI will not be allowed. If an organization has official rates that are approved by a third part entity, NYSCB will pay the official approved third-party entity rates for the program at the time of referral. No additional fees will be allowed to be charged to NYSCB or to program participants (including family members) for services delivered under any awards that may result from a response to this SOI. Provide this information in the Attachment 2 – Letter of Interest.

   Note: NYSCB will entertain additional upfront costs that are integral to the proposed program. Such costs like tuition at a local college would need to be clearly broken down and a detailed explanation of the costs would need to be provided within your LOI.

4. Agree to provide NYSCB with a “Pre-Employment Transition Services (Pre-ETS) – Breakdown,” if applicable. This applies to applicants who provide services to participants who are age 14 to 21.

5. Employ staff capable of working with the unique needs of participants who are legally blind as required by the Staff Qualifications section of this announcement. Explain how you meet this requirement in the Attachment 2 – Letter of Interest.
6. If the state in which the applicant’s proposed program resides requires the program to be licensed or certified in some way, specifically for the purpose of providing residential services to participants who are legally blind, the applicable license and/or certification is required to be in good standing. If applicable: provide a copy of the required license, certification or other relevant supporting documentation to demonstrate compliance with your state’s requirement(s).

7. Agree to accept all participants who are legally blind that are referred by NYSCB to the proposed program.

8. Be eligible to do business with New York State before any services are provided under any contract that may result from a response to this SOI. If you are not currently eligible, you must agree to become eligible prior to contracting with New York State.

**Funding Details**

A response to this SOI may result in a contract or agreement with NYSCB in the future. OCFS/NYSCB does not guarantee any specific level of income or any specific level of referrals as a result of responding to this SOI.

Funding for this project is contingent upon the availability of funds in the state and/or federal budgets, the number of eligible applicants that respond to this SOI and the number of participants in need of residential services.

Such policy shall, at a minimum, meet the requirements of section two hundred one-g of the labor law.’” The Contractor must provide the foregoing certification before any award being made by OCFS. For additional guidance on drafting an appropriate sexual harassment policy and developing appropriate training please refer to State Finance Law §139-I and [https://www.ny.gov/combating-sexual-harassment-workplace/employers#top](https://www.ny.gov/combating-sexual-harassment-workplace/employers#top)

**Other Contracting Requirements**

2. Executive Order 177, signed on February 3, 2018, by Governor Andrew M. The Contractor must provide the [EO 177 certification statement](https://www.ny.gov/combating-sexual-harassment-workplace/employers#top) before any award being made by OCFS.

If an award is made from this SOI, updated proof of coverage must be provided during contract development. Failure to submit the proof will delay the contract development process and may result in the award being rescinded. Municipalities are not required to show proof of coverage.

4. Section 163(9)(f) of the NY State Finance Law requires that a state agency determine that a bidder is responsible before awarding that bidder a state contract. Vendor responsibility will be determined based on the information provided by the bidder, on-line, through the [New York State VendRep System Questionnaire](https://www.state.ny.us/occupational/safety/compensation/220.shtml) or through a paper copy of the **Vendor Responsibility**

6. All offerers and their employees must be aware of and comply with the requirements of the New York State Public Officers Law, and all other appropriate provisions of New York State law and all resultant codes, rules and regulations from state laws establishing the standards for business and professional activities of state employees and governing the conduct of employees of firms, associations and corporations in business with the state.
