The purpose of this release is to introduce the 8/90 revision to the DSS-3794: "WMS Employment Subsystem Code Cards". The code cards are designed to assist employment workers in locating WMS Employment Subsystem data-entered and systems-generated codes, as well as providing definitions for Edit Error Screen Messages.

The latest update (8/90) to the code cards reflects all additions, deletions and changes in codes which have occurred since the last update (10/89). As a result of the deletion of many Employability Codes on page 2, the text and paging of the remainder of the code cards have been changed.

Listed below is a detailed summary of the changes which were incorporated into this revision:

Page 1 - INDEX - modified as a result of changes in text and paging.

Page 2 - Under the Employability Codes section, deleted all the codes and replaced with the following:
