TO:       Local District Commissioners

SUBJECT:  MR-0-35, C/THP Participation Summary

ATTACHMENTS:  MR-0-35 (Test)(Not available on-line)

The C/THP Participation Summary report, MR-0-35, has been revised beginning with the report for the month of October 1991. The new format is illustrated on the attached test report and will appear on the fiche labelled MR-0-14 which you receive in November.

The changes to the format necessitated by Federal reporting requirements were discussed with your Child/Teen Health Plan staff during our May 1991 Regional Training Sessions. Separate notification has been issued to all C/THP Coordinators along with instructions for requesting additional copies of the fiche.

This report is intended for local district use as a management tool to monitor C/THP recipient and provider participation within your district. As you know, The Omnibus Budget Reconciliation Act of 1989 (OBRA '89) requires all states to reach 80% recipient participation by 1995.

If you have any questions regarding this report, please contact Sandy Hann at 1-800-342-3715, extension 6-4168.
