The purpose of this Local Commissioner's Memorandum is to inform you that three Statewide Forums will be held for public discussions on the Long Term Care policy paper, Long Term Care for the Aged and Disabled Persons in New York State - A Public Policy Framework, and the State Office for the Aging's proposal, Managed Access to Aging Services (MAAS). These forums as the attached notice specifies will be held in Rochester on March 2, Albany on March 4, and New York City on March 6.

As agencies who are in the forefront of providing services to New York's aged and disabled population, your comments regarding these issues are encouraged as they will be extremely important and valuable towards any systems restructuring that may take place in the future.

I have enclosed the announcement of the Governor's Community Forum along with the State Office for the Aging's Managed Access to Aging Services proposal. Should you have any questions regarding these forums or need further information, please do not hesitate to contact Brian Wing at (800) 342-3715 extension 4-4152 or (518) 474-4152.
