TO: Local District Commissioners

SUBJECT: Enhanced Education and Training Services Funds Under the Job Opportunities and Basic Skills Training (JOBS) Program

ATTACHMENTS: Attachment A - Application Instructions for Enhanced Education and Training Services Funds - available on-line
Attachment B - JOBS Enhanced Education and Training Activity Enrollments and Expenditures with Instructions and Reimbursement Worksheets - available on-line
Attachment C - Claiming Instructions - not available on-line
Attachment D - Final Report - available on-line

The Department is pleased to announce the availability of competitive award funding under the Job Opportunities and Basic Skills Training (JOBS) program for Enhanced Education and Training Services. Local social services districts (LSSD's) may submit a request for funding for the purpose of improving employability and educational levels of public assistance recipients, which would lead to employment and a decreased dependency on assistance programs.

These initiatives should be of a bold, innovative nature and extend beyond current educational and training components. The program should target employability services for "Hard-to-Serve" clients. LDSS' wishing to be considered for funding must complete an application package as described in Attachment A and submit it to the Department no later than August 28, 1992.

Each application must include a job placement segment which will assist individuals served through this initiative in finding employment. These placement services may be funded through this initiative or through other sources (e.g. JOBS).

A total of $450,000 of Enhanced Education and Training Services funds will be made available to local districts at an enhanced reimbursement rate of 75% of the non-federal share.
Proposals will be reviewed and rated by the department and award announcements will be made during the month of September 1992. Approved applications will become part of the local district JOBS plan.

Questions concerning the attached guidelines or the completion of the application package should be directed to Richard Hider, Bureau of Employment Programs at 1-800-342-4100, extension 4-8753.

Questions concerning claiming/fiscal matters should be directed to Roland Levi, Upstate Bureau of Local Financial Operations at 1-800-342-4100, extension 4-7549, or Marvin Gold, Metropolitan Office Bureau of Financial Operations at (212) 804-1108.

I. APPLICATION REQUIREMENTS

The key purpose of this project is to fund useful initiatives designed to improve employability and educational levels of public assistance recipients. Therefore, each proposal should specifically describe the process for planning and implementation of the project in cooperation with local education or job training agencies.

A letter of support from the relevant provider agencies specifying the terms of the cooperative activity must accompany each application. Linkages with other agencies to expand resources and to obtain access to additional job placement support services will be viewed favorably. Letters of commitment from these agencies to participate in the project should be included in the application.

Each application should include:

1. a clear description of the target population including the criteria for identifying the hard-to-serve, an estimate of their incidence in the public assistance population, and a description of how this project will meet the needs of this population in your area;

2. the activities to be provided (including support services), and the sequence in which they will be provided, as well as the methods of service delivery;

3. numerical goals for enrollments, completion of project components, use of support services and job placements by category of assistance (i.e. the number of HR's and ADC's in each);

4. a description of the interagency coordination, as discussed above, together with letters of support;

5. a budget, in the format shown in Attachment B, showing a breakdown and a total of proposed project expenditures; and

6. a statement of the sources and amounts of any funds that will be available to augment the grant funds.

Applications must be submitted no later than August 28, 1992. They should be mailed to:

Richard Hider
Bureau of Employment Programs
New York State Department of Social Services
40 North Pearl Street, 7B
Albany, New York 12243
Local districts can apply for the Enhanced Education and Training funding only through this application process. Funding awards will be announced during the month of September 1992.

II. FUNDING AND FISCAL CLAIMING

1. Projects will be funded for one year.

2. For planning purposes, local districts should realize that to the extent that the project services JOBS ADC recipients, claims against your enhanced amount will be smaller.

3. Funds under this program will be provided to local districts at an enhanced reimbursement rate of 75% of the non-federal share.

4. Approved projects may request funding advances for up to the total sum awarded. Districts must be aware that since funds for this project have been appropriated on a State fiscal year basis claims for expenditures incurred by this project must be received no later than August 30, 1993.

5. See Attachment C for detailed claiming instructions.

III. REPORTING

All program activities must be entered on the Employment Subsystem. A manual report which summarizes the project outcomes will also be required, and is included as Attachment D.

IV. PROJECTS CURRENTLY FUNDED UNDER ENHANCED EDUCATION AND TRAINING SERVICES

Projects currently operating under enhanced education and training services may submit proposals for continued funding, but must submit with the application the following:

- A interim or final report on the 91-92 project.

- If the 91-92 grant award was not fully expended, a justification for such underexpenditure.

* Some of these expenditures, such as those not directly associated with providing JOBS activities for ADC may only qualify for 50% federal reimbursement

** ANY CLAIMS BEYOND THIS LEVEL OF ENHANCED REIMBURSEMENT (F.) WILL REVERT TO NORMAL CLAIMING RATES.
Claiming Instructions for the Enhanced Education and Training Services Project

All expenditures incurred for the Enhanced Education Project will be claimed for reimbursement solely on the DSS-3922-Financial Summary for Special Projects. The expenditures should be reported in the first instance on the Schedule D-17 as F-17 functional costs. These costs will be identified in separate columns as ADC or HR expenditures based on number of clients served under each category. On the Schedule D-17, line 17, the Federal Share of the ADC client costs are reimbursed at 60% JOBS reimbursement. On line 19, the state share of ADC client costs are reimbursed at 75% of the non-federal share and HR client costs are reimbursed at 75% of the total expenditures for HR. The Federal and State Shares are transferred to the DSS-3922 Special Projects Claiming form.

In the Total column of the DSS-3922 Special Projects Claiming form report the total costs claimed for this special project during the month. The combined total of the Federal, State and Local shares should equal the amount in the Total Column. In the Federal Share Column of the DSS-3922, report the amount that is the 60% JOBS reimbursement for ADC client costs taken from Schedule D-17, line 17. In the State Share Column, report as one total, the state share of ADC client costs reimbursed at 75% of the non-federal share and the HR client costs reimbursed at 75% of the total expenditures for HR as taken from the Schedule D-17, line 19. In the Local Share Column, report as one total, the local share for ADC and HR taken from Schedule D-17, line 24.

The DSS-3922 and Schedule D-17 should be submitted to the Bureau of Local Financial Operations on a monthly basis. The ADC amounts are to be included in Part 1 on the employment report for JOBS, the DSS-3825 JOBS Expenditures. The HR amounts are included in Part II, line 14-Home Relief Employment Expenditures-on the employment report for JOBS.

The heading of the DSS-3922 and Schedule D-17 should contain the district name, the month and year in which the expenditures on the report were made and the project name (Enhanced Education Services).

The DSS-3922 and Schedule D-17 are to be submitted on a monthly basis for the duration of the project to:
