Local Commissioners Memorandum

| Transmittal: | 13 OCFS-LCM-09 |
| To: | Local District Commissioners |
| Issuing Division/Office: | Strategic Planning and Policy Development |
| Date: | June 10, 2013 |
| Subject: | Federal Fiscal Year 2013-2014 Education and Training Voucher Program |
| Contact Person(s): | See Page 7 |
| Attachments: | Attachment A: Sample Revenue Intercept Letter for the Education and Training Voucher Program |
| Attachment Available Online: | Listed as an attachment to this policy (13-OCFS-LCM-09) at: [http://www.ocfs.state.ny.us/main/policies/external](http://www.ocfs.state.ny.us/main/policies/external) |

I. Purpose

The purpose of this Local Commissioners Memorandum (LCM) is to provide guidance to local social services districts on the Federal Fiscal Year (FFY) 2013-2014 Education and Training Voucher (ETV) program. This program will help youth aging out of foster care, including persons in need of supervision (PINS) and juvenile delinquents in the custody of the social services district, to make the transition to self-sufficiency and receive the education, training and services necessary to obtain employment.

For FFY 2013-2014, an estimated $2,645,540 in federal funding is available for the ETV program in New York State. As a result of a federal sequestration action – a process that automatically cuts the federal budget when Congress fails to agree on a budget within the mandated deadline – available funds for FFY 2013-14 were reduced by an estimated $142,174, or 5.1 percent. At the time of publication, the New York State Office of Children and Family Services (OCFS) had yet to receive a final ETV allotment for FFY
The estimated funding level of $2,645,540 is subject to change when OCFS receives the final FFY 2013-2014 allotment.

OCFS expects to use a portion of the ETV funds for eligible youth placed in OCFS custody. OCFS will provide the required match for youth in OCFS custody who are eligible for the ETV program. The ETV funds must be fully liquidated (spent and claimed to the federal government) by September 30, 2014. This LCM also describes the application process and selection criteria for awarding FFY 2013-2014 ETV program funds and the funding requirements.

It should be noted that for FFY 2013-2014, social services districts are requested to submit names of eligible youth and intercept letters by July 1, 2013 (refer to Section V. Application and Selection of Program Participants). OCFS is beginning the ETV process during the summer in the hope that funds will be available for disbursement to eligible youth earlier in the academic school year. Recognizing the importance of education in helping youth successfully transition to self-sufficiency, many local social services districts have demonstrated their commitment to assisting youth within their jurisdiction to pursue post-secondary educational and vocational training opportunities through participation in the ETV program. An eligible youth participating in the ETV program when he or she attains 21 years of age may continue to receive an ETV voucher until the youth attains 23 years of age, provided the youth continues to be enrolled in and attending a post-secondary educational or vocational training program and is making satisfactory progress toward completion of that program.

Most of the youth enrolled in the ETV program are attending a college or university. Local districts are reminded that youth attending vocational training programs also may be eligible for the ETV program. Encouraging youth to receive their high school diploma and continue on with college or attend a vocational training program that will prepare them for employment is a tried and true practice for youth to achieve success.

OCFS will continue to contract with the Foster Care to Success (FC2S), formerly known as the Orphan Foundation of America (OFA) to administer and serve as New York State’s fiscal agent for the ETV program for FFY 2013-2014. FC2S has administered the ETV program for New York State for the past nine years. FC2S has 20 years of experience administering college and vocational scholarships for foster youth. It has information on, and access to, other scholarship programs for foster youth. FC2S has been working with the U.S. Department of Health and Human Services’ Administration for Children, Youth and Families on the ETV program. FC2S administers the ETV program for several other states and has automated systems to support administration of the program. Among other things, FC2S has automated the application forms and record retention for audit purposes. FC2S has a national network of hundreds of volunteers who provide adjunct services such as mentoring, tutoring, and internships to scholarship recipients.
II. Background

The Promoting Safe and Stable Families (PSSF) Amendments of 2001, Public Law 107-133, was signed into law on January 17, 2002. Title II, Section 201, of the amendments, entitled “Education and Training Vouchers for Youths Aging Out of Foster Care,” amended section 477 of Title IV-E of the Social Security Act, targeting additional resources specifically to meet the education and training needs of youth aging out of foster care. Under this program, eligible youth may receive up to $5,000 per year to attend a post-secondary education or vocational training program. The federal law specifies that youth eligible for vouchers under this program include foster care youth, including persons in need of supervision (PINS) and juvenile delinquents in the custody of the social services district, and former foster care youth who have not yet attained the age of 21 years who are eligible for services under the Chafee Foster Care Independence Program (CFCIP), youth who are adopted from foster care at age 16 or older, and children who leave foster care at age 16 or older for guardianship with a relative guardian who is receiving kinship guardianship assistance payments. A youth participating in the ETV program when he or she attains 21 years of age may remain eligible until the youth attains 23 years of age.

Since the ETV program began in FFY 2003-2004, approximately 800 youth in New York State have received an ETV award each year. For FFY 2012-2013, $2,919,675 in federal funds was available to New York State for this program. Priority was given to youth over the age of 21 who had received an ETV award in FFY 2011-2012 and who continued to be enrolled in and attending a post-secondary educational or vocational training program and were making satisfactory progress toward completion of that program.

III. Funding Requirements

For FFY 2013-2014, $2,645,540 in federal funding is available for the ETV program in New York State.

Federal law establishes a 20 percent match requirement in order to access ETV funds. For the past several years, FC2S contributed a portion of the required match. For FFY 2013-2014, FC2S will continue to contribute a portion of the required match. As a result of the FC2S contribution, the local social services district match requirement is 12.5 percent, consistent with the local district match requirement each year since FFY 2004-2005 when OCFS began contracting with FC2S. OCFS will provide the required match for youth in OCFS custody who are eligible for the ETV program.

The ETV match must be a cash match based on the total amount awarded for each voucher. Attached is a form letter that authorizes OCFS to intercept funds otherwise due to the local district to finance its match requirement. Districts interested in supporting eligible youths’ participation in continuing their education/training beyond high school must complete and send this form to OCFS by July 1, 2013. The form requires a district
to specify the maximum total contribution available from the district to match all of the
ETV vouchers it is willing to support. As the district’s cash contribution is 12.5 percent
of the total voucher, the district must provide $625 (12.5 percent of $5,000) for each
$5,000 voucher, the maximum amount allowable for any eligible youth.

IV. ETV and Chafee Funds

Federal law precludes the use of general CFCIP funds to supplement the $5,000 per year
ceiling that an eligible participant may receive under the ETV program. Social services
districts are advised that a district’s CFCIP allocation may not be used for expenses
associated with institutions of higher education that are eligible for reimbursement under
the ETV program, but may be used for other non-higher educational learning activities
(such as General Equivalency Diploma programs, mentoring programs and other
supportive services for eligible youth). Therefore, only ETV funds must be used for
room and board expenditures, tuition at a post-secondary educational institution, or child
care expenses for former foster care youth 18-20 years of age who are in the ETV
program. CFCIP funds are not appropriate for these uses. Local social services districts
are reminded that districts may use their CFCIP allocation for expenditures related to a
youth entering a post-secondary educational or vocational training program. This would
include, for example, expenditures for scholastic aptitude tests including
SAT/ACT/PSAT required for admission to many colleges and universities, applications
for admission to college or vocational training programs, examinations for attendance at a
vocational training program, visits to colleges/vocational training programs, clothing for
interviews at a post-secondary educational program or vocational training program, and
other supports and services needed by a youth to prepare for successful attendance at a
post-secondary educational or vocational training program.

V. Application and Selection of Program Participants

Youth eligible for vouchers under this program are foster care youth, including persons in
need of supervision (PINS) and juvenile delinquents in the custody of the social services
district, and former foster care youth who have not yet attained the age of 21 years who
are eligible for services under the CFCIP, youth adopted from foster care after the age of
16 and children who leave foster care at age 16 or older for guardianship with a relative
guardian who is receiving kinship guardianship assistance payments. A youth
participating in the ETV program when he or she attains 21 years of age may remain
eligible until the youth attains 23 years of age, provided the youth continues to be
enrolled in and attending a post-secondary educational or vocational training program
and is making satisfactory progress toward completion of that program.

The following priorities will be applied in the initial selection of eligible participants for
the ETV program for FFY 2013-2014:
First priority will be given to youth over the age of 21 who had received an ETV award in FFY 2012-2013 who continue to be enrolled in and attending a post-secondary educational or vocational training program and are making satisfactory progress toward completion of that program.

Second priority will be given to any other youth who received an ETV award in FFY 2012-2013.

Third priority will be given to youth who are 20 years of age and will be 21 by July 1, 2013, and who are enrolled in and attending a post-secondary educational or vocational training program and are making satisfactory progress toward completion of that program. These youth would not have received an ETV award in FFY 2012-2013.

Fourth priority will be given to youth who are 17, 18, 19 and 20 years of age who are enrolled in and attending a post-secondary educational or vocational training program and making satisfactory progress toward completion of that program.

Local social services districts must:

1. Identify and verify youth’s eligibility by **July 1, 2013**, through FC2S online application ([http://www.statevoucher.org](http://www.statevoucher.org));

2. Electronically mail to: **NYS@statevoucher.org** by **July 1, 2013**, a separate list of youth identified by the district as eligible recipients of a voucher; and

Either the district or the youth may complete the ETV application online at the FC2S website [http://www.statevoucher.org](http://www.statevoucher.org). The names on the completed online applications must be consistent with the list of eligible youth submitted by districts to OFA. After vouchers have been awarded for those names submitted by July 1, 2013, and if additional funds are available, applications will be accepted on a rolling basis and will not be subject to the priorities.

The online application for FFY 2013-2014 will become available for completion on July 1, 2013. The online application will require demographic information such as the name of the post-secondary educational or vocational training program the youth is currently enrolled in and/or attending, which priority is applicable to the youth, and the amount of funds being requested for costs of attending a post-secondary educational or vocational training program. FC2S will use the information provided on the application to determine eligibility and construct an ETV award for the student. The ETV award will be the lesser of the $5,000 maximum ETV award or the total cost of participation net of any other available resources.

FC2S will work with participating local districts to establish eligibility of applicants for funding. Local districts must respond to FC2S quickly when asked whether a youth
qualifies for funding (i.e., is the youth a foster child or former foster child who has not yet attained the age of 21 years, a youth adopted from foster care after the age of 16, or a youth who received a voucher for FFY 2012-2013 through the ETV program). OCFS anticipates that demand for vouchers may exceed availability, and quick turnaround of information will facilitate an eligible youth’s acceptance prior to the exhaustion of funds. Youth selected and receiving ETV reimbursement must make satisfactory progress in their post-secondary educational or vocational training program to remain eligible. A youth may be considered to be making satisfactory progress as long as the youth has not been suspended from the post-secondary educational or vocational training program. This would include youth placed on academic probation who continue to be enrolled in and are attending their post-secondary educational or vocational training program.

Local district limitations on selection criteria of eligible youth receiving ETV benefits must be consistent with the state criteria set forth above and uniformly applied to all youth in the district. For example, a district may limit vouchers to only youth in the first priority, with at least a specified grade point average. The local match would then be required for all eligible youth meeting those criteria for which vouchers are available.

The number of names submitted to FC2S by July 1, 2013, will be categorized by priority and availability of the local social services district’s match. ETV funding remaining, after eligible youth for whom a local social services district match is available within priority group one are served, will be available for vouchers for youth within priority group two for whom a local social services district match is available. Similarly, ETV funding remaining, after eligible youth within priority group two are served, will be used for vouchers for youth with priority group three for whom a local social services district match is available. Finally, any funding remaining, after eligible youth within priority group three are served, will be used for vouchers for youth within priority group four for whom a local social services district match is available. If funding is insufficient to provide vouchers for an entire priority category, funds will be prorated within the priority reached. Based on the amount of funding available within the priority, need for funding will determine the amount of the voucher. Applications will be accepted on an ongoing basis and, should funding be available after July 1, 2013, applicants for whom a local social services district match is available will be awarded vouchers based on receipt of application.

VI. Education and Training Voucher (ETV) Coordinator

In accordance with 05-OCFS-LCM-01, each local social services district is required to identify a person to serve as the ETV coordinator. Local social services districts must advise Kristin Gleeson at Kristin.Gleeson@ocfs.ny.gov of any changes in the name and/or phone number of the ETV coordinator by July 1, 2013.

FC2S will coordinate efforts with the local social services district ETV coordinator regarding program applicants within the local social services district’s jurisdiction.

Sample Revenue Intercept Letter
Education and Training Voucher Program

Date

Ms. Kristin Gleeson
Division of Child Welfare and Community Services
NYS Office of Children and Family Services
52 Washington Street, Room 321 North Building
Rensselaer, NY 12144

Dear Ms. Gleeson:

The _____ County Department of Social Services will commit 12.5% of each applicable approved Education and Training Voucher (ETV) Program award for FFY 2013-2014, up to a total amount of $________, to serve as its share of the ETV Program costs to be devoted to serving ETV eligible individuals.

This letter authorizes the Office of Temporary and Disability Assistance (OTDA) to intercept federal or state reimbursement from the RF-2 or 2A settlement otherwise due to the _______ County Department of Social Services in the amount of 12.5% of each applicable approved ETV award, up to a total amount of $_______, and to transfer that amount to the New York State Office of Children and Family Services.

Sincerely,

Local Commissioner
