Benefits of reentering foster care

You will have access to resources that can help you:

- Find and maintain safe, stable housing
- Finish school (high school, vocational programs, and college)
- Access health care - including sexual and reproductive health care
- Access to mental health services
- Get copies of important documents, such as an ID and birth certificate
- Support in finding and keeping a job
- Develop independent living skills, such as how to manage money, file taxes, cook, etc.

Would you like to reenter care?

You may qualify if you answer yes to the following questions!

1. Are you between the ages of 18 and 21?
2. Were you in foster care on or after your 16th birthday?
3. Are you seeking a safe and stable place to live?

What are my living options?

It depends! You might be able to live

- with a foster family you've lived with before.
- in a supported apartment, perhaps with a roommate.
- in a dorm room at college.
- in a group setting.
- somewhere else, with the help of a caseworker.

Do you need help advocating for yourself at an LDSS?
