I. Purpose

The purpose of this Local Commissioners Memorandum (LCM) is to advise local social services districts (districts) of the availability of \$758,000 of Local Assistance General Funds in the State Fiscal Year (SFY) 2018-19 Enacted Budget for the improvement of child protective services (CPS) staff-to-client ratios. This LCM also provides information on each district's allocation, the allocation methodology, how districts may use the funds, and planning and claiming requirements.

II. Background

Chapter 53 of the Laws of 2018 appropriates additional state aid to reimburse 100 percent of districts' expenditures related to the improvement of staff-to-client ratios in CPS workforces, including the hiring of new staff to increase the number of caseworkers and supervisory staff in their CPS workforce. Districts must certify that they will not be using these funds to supplant other state and local funds, and that claims for reimbursement under this appropriation will not be submitted for the same type and level of funds covered by any other state or locally authorized appropriations.

III. Program Implications

Districts eligible to receive funds can use the funds to hire additional CPS caseworkers and/or supervisors in SFY 2018-19 or to offer overtime. These funds are intended to help districts achieve, or move closer to achieving, the recommended CPS caseload size of 15 active reports per month. The funds are also intended to bolster the supervision available to CPS caseworkers. These funds are intended to serve as an incentive, providing seed funding to encourage districts to increase their CPS staff over the long term. As such, the expectation is that any staff added by this special appropriation will be funded by regular child welfare funding mechanisms in subsequent years.

Attachment A provides the amount of funding allocated to each district. A district is qualified to receive an allocation if: 1) the percentage of overdue report determinations for the district was 40 percent or more as of February 2018, as noted on the March 14, 2018, *Child Protective Performance Report*.

If eligible, a small district will receive \$34,600, a medium district \$57,000, and a large district \$100,000. District size for this purpose is based on the comparable groups as noted in Attachment C. Comparable groups were established to permit meaningful comparison between counties with similar child welfare populations.

In order to receive the allocated funds, districts must complete *Attachment B Certification Re: Non-Supplantation and Plan for CPS Funding to Improve Staff-to-Client Ratios*. Districts must indicate on the form how they will utilize these funds. Funds for hiring additional staff must only be used for the cost of salary and fringe benefits, and must be spent by March 31, 2019.

To receive the funds, districts must submit plans to their respective regional office **by June 29, 2018**, that includes the following information:

- If the funds will be used to hire staff, the position(s) for which the allotted funds will be used (indicate if full time, part time, or per diem) and the estimated time frame as to when the position(s) is/are expected to be approved by the necessary local government authorities, and when it is anticipated that the new staff will be hired (a letter from the chief executive officer and/or the chief elected official of the county is encouraged). OCFS's preference is for the approval and hiring to occur quickly.
- If funds will be used for overtime, the start date for the use of overtime.
- Provide the projected outcome measures for each quarter that demonstrates a reduction in the number of overdue report determinations by 50 percent by March 31, 2019.

Districts receiving an enhanced CPS allocation will be required to submit quarterly progress reports. Those reports must include, if applicable, an explanation as to why progress towards the quarterly target has not been achieved. A year-end summary of the county's performance and, if applicable, an explanation as to why the county has not achieved a 50 percent reduction in overdue determinations is due by April 30, 2019.

IV. Fiscal and Claiming

There is \$758,000 in Local Assistance General Funds in the SFY 2018-19 Budget for expenditures related to the improvement of staff-to-client ratios in the district's CPS workforce. Claims for these funds must be submitted as described below. These funds are to be used only to reimburse expenditures beginning April 1, 2018, and ending March 31, 2019. As these funds are 100 percent state reimbursed, no additional federal revenues can be claimed on expenditures reimbursed with Enhanced CPS Funds.

NOTE: The staff funded by this initiative cannot be included in the Random Moment Survey (RMS) universe for those districts in the RMS for social services programs.

Reimbursement is 100 percent state share, up to the amount of the district's allocation. These project expenditures should be claimed through the RF17 claim package for special project claiming. These costs should be identified as F17 functional costs (Other Reimbursable Programs) and reported on the Schedule D, *DSS Administrative Expense Allocation and Distribution by Function and Program* (LDSS-2347), in the F17 column in the RF2A claim package. The individual project costs should also be reported under the project label **Enhanced CPS SR12** on the LDSS-4975A, *RF17 Worksheet, Distribution of Allocated Costs to Other Reimbursable Programs*. Salary and fringe benefit costs related to the Enhanced CPS Funds program may be directly charged to the RF17 claim package. Total project costs and shares should be reported on the LDSS-4975, *Monthly Statement of Special Project Claims Federal and State Aid (RF-17)*. Please note that the associated Central Services (previously known as A-87 costs) are not reimbursable from state funds and, therefore, are 100 percent local share. Local districts administrative costs are not an allowable expense under this project, but may be eligible for 62 percent state child welfare financing.

The expenditures must be made by March 31, 2019, and claims must be final accepted in the Automated Claiming System no later than June 30, 2019. OCFS may reallocate any unspent funds from a local district to other local districts that have claims in excess of their allocation.

Instructions for the Schedule D and RF17 claim package are found in Chapters 7 and 18, respectively, of the *Fiscal Reference Manual* (FRM), Volume 3. The FRMs are available online at <http://otda.state.nyenet/bfdm/finance/>.

Certification Re: Non-Supplantation and Plan for CPS Funding to Improve Staff-to-Client Ratios (due by June 29, 2018)

This is to certify that _____ social services district will use the allocation of these funds authorized by Chapter 53 of the Laws of 2018 in the amount of \$_____ to improve staff-to-client ratios in the local district child protective services workforce.

Such funds will not be used to supplant any other state or local funds. Claims for reimbursement under this appropriation will not be submitted for the same type and level of funding covered by any other state or locally authorized appropriation, except to fund expenditures to continue or expand activities that were funded with the SFY 2018-19 appropriation enacted for this purpose.

Plan for use of funds: (check all that apply)

- Hiring one or more new child protective services caseworkers
- Hiring one or more new child protective services supervisors
- Overtime for one or more child protective services caseworkers
- Overtime for one or more child protective services supervisors

Narrative explanation – Please describe your plan for overtime and hiring staff, including projected start and end dates, and how you will plan to sustain the staff hired through this funding.

Complete the targeted performance measures noted below that the social services district expects to realize as a result of these funds.

Current State: Percent of reports with overdue determinations as of 2/28/18 was ____ percent.

Goal: Reduce by 50 percent reports with overdue determinations by 2/28/19. Goal: __ percent.

1. First quarter benchmark will be _____ percent of overdue determinations
2. Second quarter benchmark will be _____ percent of overdue determinations
3. Third quarter benchmark will be _____ percent of overdue determinations
4. Fourth quarter benchmark will be _____ percent of overdue determinations

Attachment C: Comparable Groups

Comparable Groups were established to permit meaningful comparison between counties with similar child welfare populations. In 2013, the comparable groups were revised based on an analysis of child welfare data for 2011. The county variables analyzed were:

- The 2010 child population: children census: 0-17 years of age; and.
- The following indicators:
 - Total number of children with preventive and/or protective services cases open as of 12/31/11
 - Total number of CPS/FAR reports during calendar year 2011
 - Total number of children admitted into foster care during calendar year 2011
