Secure Your TVs and Furniture!

* Anchor TVs and furniture to prevent them from tipping.
* Avoid keeping attractive items, such as toys and remotes, in places where kids might be tempted to climb and reach for them.
* Store heavier items on lower shelves or in lower drawers.
* Place TVs on a sturdy, low base and push the TV as far back as possible.
* Recycle unused TVs; and if moving TVs to another location, anchor the TV to the wall.

What Needs to Be Secured?

ANCHOR IT!

Every 24 Minutes

A child is injured from tipped furniture and TVs.

The Anchor It! campaign is the U.S. Consumer Product Safety Commission’s call to action to help ensure parents and caregivers learn about these dangers in the home and take simple, low-cost steps to prevent these tragedies.

CHILDREN LIKE TO CLIMB ON FURNITURE

For them, the home is a playground. However, many parents are not aware that unsecured TVs and furniture are hidden hazards lurking in every room.
