Section III

Instruction:

OCFS has set statewide target goals for the percentage of children in foster care living in congregate care and kinship foster care, to be achieved by September 30, 2021, as follows: **12% congregate care placements and 30% kinship foster care placements**. To assist the state in meeting these targets, the LDSS must identify target goals to reduce congregate care and increase kinship foster care to be achieved by September 30, 2021. Progress toward these goals, as of September 30, 2020, will be documented in the *Family First Transition Fund Outcomes Report* due November 1, 2020.

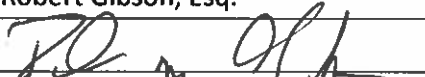

Utilizing the data provided on the next page, fill in the placement percentages as of December 31, 2018. Establish and fill in target goals¹ which may also be identified in the 3-year Retention and Recruitment Plan:

1. Reduce congregate care from 43 % (on December 31, 2018) to 12 % by September 30, 2021
2. Increase kinship² foster care from 0 % (on December 31, 2018) to 30 % by September 30, 2021

Describe below how the LDSS will engage kinship resources with direct custody orders (1017) to consider becoming certified or approved foster parents

Columbia County currently has no children in kinship or fictive kinship foster care. The Family First funding of \$30,000 will be used towards recruiting and retaining foster care resources to help children in foster care in Columbia County. This will include a focus on kinship and fictive kinship resources, as well as identifying resources to be used specifically for Columbia County youth. Related to children already in direct custody Columbia County Caseworkers, in partnership with our foster care contract agencies, will meet with those families to discuss the benefits and procedures of moving to becoming kinship foster parents. Additionally, we will continue our efforts as outlined in our Kinship Action Plan and 18 month Update to the Foster/Adoptive Parent Recruitment and Retention Plan to identify kinship resources prior to placement and work with families after placement occurs to transition children into kinship resources.
