# Table of Contents

**Introduction to the FASP Reference Guide** ........................................... i
  The Role of the FASP in Supporting Child Welfare Outcomes .................. i
  Purpose of the FASP Reference Guide ............................................... i
  Who Should Use This Guide ............................................................. ii
  How to Use This Guide ................................................................... ii

**Module 1: CONNECTIONS Fundamentals** ........................................ 1-1
  Introduction and Rationale ............................................................... 1-2
  CONNECTIONS Stages .................................................................. 1-2
  Types of Family Services Stages (FSS) ......................................... 1-3
  Child Case Record (CCR) ............................................................... 1-4
  Shared Case Record ..................................................................... 1-4
  Case Roles in CONNECTIONS ....................................................... 1-4
  *Definition of CONNECTIONS Roles* ........................................... 1-5
  Appendix ....................................................................................... 1-9
  1A: CONNECTIONS Stages ............................................................. 1-9
  1B: CONNECTIONS Roles and Responsibilities ............................... 1-10

**Module 2: The FASP** ...................................................................... 2-1
  Introduction and Rationale ............................................................... 2-2
  Purposes of the FASP .................................................................. 2-2
  When is the FASP Completed? ....................................................... 2-3
  *Case Initiation Date (CID)* ......................................................... 2-3
  *FASP Types and Time Frames* .................................................. 2-4
  *FASP Statuses* ........................................................................ 2-5
  Who Completes the FASP? .............................................................. 2-6
  Components of the FASP ............................................................... 2-6
  Customization of the FASP ............................................................. 2-7

**Module 3: Person List Window and Tracked Children Detail** .......... 3-1
  Introduction and Rationale ............................................................... 3-2
  Person List Window ..................................................................... 3-3
  Tracked Children Detail Window .................................................. 3-4
  *Tracked Children Detail* ............................................................. 3-5
  Frequently Asked Questions ......................................................... 3-5
  Appendix ....................................................................................... 3-10
  3A: Definitions and Identifying Criteria ....................................... 3-10
  3B: Program Choices .................................................................. 3-12
  3C: Permanency Planning Goals .................................................. 3-14

Edited: 1/2017
Module 4: Family Update

Introduction and Rationale ................................................................. 4-1
Family Update Window: Original Reason for Case Opening Tab ............... 4-2
Family Update Window: Family Background Tab ................................... 4-3
Family Update Window: Case Update Tab ............................................ 4-5
Family Update Window: FASP Legal Activity Tab ................................ 4-8
Case Planner Summary Function ......................................................... 4-10
Case Update Tab .................................................................................. 4-11
Family Update Window: FASP Legal Activity Tab ................................. 4-13

Module 5: Safety Assessment

Introduction and Rationale .................................................................... 5-1
Which Safety Assessment Is Completed? .............................................. 5-2
CPS-Protective Safety Assessment ....................................................... 5-3
Completing a CPS-Protective Safety Assessment .................................. 5-3
Determining the Focus of the CPS-Protective Safety Assessment .......... 5-4
Documenting the Safety Assessment .................................................... 5-5
Continuing to Reassess and Document Safety ..................................... 5-5
Completing the Safety Assessment Window ....................................... 5-6
Safety Assessment Window: Safety Factors Tab .................................... 5-7
Safety Assessment Window: Safety Decision Tab ................................. 5-11
Safety Assessment Window: Parent/Caretaker Actions/Safety Plan Tab .... 5-15
Safety Assessment Window: Controlling Interventions/Safety Plan Tab .... 5-18
The Non-CPS Safety Assessment .......................................................... 5-21
Completing a Non-CPS Safety Assessment? ........................................ 5-21
Determining the Focus of the Safety Assessment .................................. 5-21
Documenting the Safety Assessment .................................................... 5-22
Continuing to Reassess and Document Safety ..................................... 5-23
Safety Assessment (Non-Protective) Window ...................................... 5-24
Completing the Safety Assessment (Non-Protective) Window ............... 5-24
Frequently Asked Questions ................................................................ 5-26
Appendix ............................................................................................... 5-27
5A: Safety Factor Checklist .................................................................... 5-27
5B: Expanded Safety Factors ................................................................. 5-29
5C: Controlling Interventions Checklist ................................................. 5-35
5D: Non-CPS Safety Issues and Concerns ............................................ 5-36

Module 6: Risk Assessment

Introduction and Rationale .................................................................... 6-1
Risk Assessment Profile (RAP) for CPS-Protective Cases ....................... 6-3
When is the RAP Completed? ............................................................... 6-3
Who Completes the RAP? .................................................................... 6-4
Initial FASP Risk Assessment Profile Window ...................................... 6-5
What is a Final Risk Rating? ................................................................. 6-6
Risk Assessment Profile (Comprehensive/Reassessment) Window .......... 6-8
Elevated Risk Elements Window .......................................................... 6-10
Module 7: Strengths, Needs, and Risks ........................................... 7-1

Introduction and Rationale ....................................................... 7-2
SNR Scales Structure and Customization .................................. 7-2
Local District Options for Completion of the SNR Scales ............ 7-2
Family Functioning Scales ...................................................... 7-3
Child Scales ........................................................................ 7-4
Parent/Caretaker Scales .......................................................... 7-4
  SNR Scales Screens ............................................................... 7-6
Frequently Asked Questions ...................................................... 7-8

Module 8: Foster Care Issues .................................................. 8-1

Introduction and Rationale ....................................................... 8-3
Foster Care Issues: Appropriateness of Placement Window ........ 8-5
  Activities Prior to Placement ................................................ 8-5
  Location of Child ............................................................... 8-7
  Continuity of Environment .................................................. 8-10
  Continuity of Culture for American Indian Children ............... 8-13
Foster Care Issues: Adjustment and Functioning Window ........ 8-15
  Adjustment in Foster Care .................................................. 8-15
  Safety in Foster Care .......................................................... 8-19
Foster Care Issues: Permanency Progress/Concurrent Planning Window ........ 8-24
  Progress Toward Permanency .............................................. 8-27
  TPR Petition ..................................................................... 8-29
  Parent Location ................................................................... 8-32
  Alternative Permanency Resources (for a non-freed child) ...... 8-35
  Alternative Permanency Resources (for a child freed for adoption) . 8-37
  Concurrent Planning Discussion with Parents ....................... 8-39
  Concurrent Planning Discussion with Foster Parents .............. 8-41
  Adoption Discussion ........................................................... 8-43
  Adoption Readiness ............................................................ 8-45
  Legal Status ....................................................................... 8-50
## Module 9: Non-LDSS Custody-Relative/Resource Placement

**Introduction & Rationale**

- **Non-LDSS Custody-Relative/Resource Placement Connections Window**
  - *Non-LDSS Custody: Appropriateness of Alternative Setting*
  - *Non-LDSS Custody: Placement Functioning*
  - *Non-LDSS Custody: Permanency Progress*
  - *Non-LDSS Custody: Record Return Home*

**Frequently Asked Questions**

___

## Module 10: Family Assessment Analysis

**Introduction and Rationale**

**Purpose of Family Assessment Analysis and its Relationship to Other Parts of the FASP**

**Collaboration in Developing the Family Assessment Analysis**

**Family Assessment Analysis Window**

- *Family Assessment Analysis: Family View Tab*
- *Family Assessment Analysis: Behaviors/Contributing Factors Tab*
- *Family Assessment Analysis: Strengths Tab*

**Appendix**

- **10A: Prompts for Learning about Needs and Underlying Conditions**
- **10B: Categories of Strengths**

---

*Edited: 1/2017*
Module 11: Service Plan

Introduction and Rationale ................................................................. 11-2
Service Plan Window ................................................................. 11-3
  Service Plan Window: Outcome and Activity Index ......................... 11-3
Service Plan: Outcome and Activity Window (Block/Problem Statements) ............ 11-5
  Service Plan: Outcome and Activity Window (Block/Outcome Statements) .......... 11-7
Service Plan: Outcome and Activity Window (Block/Strengths) ...................... 11-9
Service Plan: Outcome and Activity Window (Block/Activities) .................... 11-11
Service Plan: Services Needed Window ............................................... 11-13
Service Plan: Family Involvement Window ....................................... 11-14
Appendix .................................................................................................. 11-15
  11A: A Checklist for Evaluating the Family Service Plan ......................... 11-15

Module 12: Programmatic Eligibility ...................................................... 12-1

Introduction and Rationale ................................................................. 12-2
Completing the Programmatic Eligibility Window ..................................... 12-2
  Who Completes the Programmatic Eligibility Window? ......................... 12-3
Programmatic Eligibility Window .......................................................... 12-4
  Programmatic Eligibility Window: Placement Tab ................................. 12-4
  Programmatic Eligibility Window: Preventive Tab (Mandated Preventive Services) 12-6
  Finding Your Way around the Preventive Tab ........................................... 12-7
  Programmatic Eligibility Standards for Mandated Preventive Services .......... 12-7
  Recertification of Mandated Preventive Services .................................... 12-9

Module 13: Service Plan Review ............................................................. 13-1

Introduction and Rationale ................................................................. 13-2
Service Plan Review Details Window ..................................................... 13-3
  Service Plan Review Details Window: Invitees Window ......................... 13-4
  Service Plan Review Details Window: SPR Scheduling Window ............... 13-5
  Service Plan Review Details Window: SPR Summary Window .................... 13-6
  Service Plan Review Details Window: Third Party Reviewer Window ........... 13-8
