If the authority to establish or operate a day care center or centers is the only purpose in the certificate that requires office approval, the applicant shall not be subject to the provisions of section 482.1, 482.2 or 482.3 of this Part.

(b) The following documents and information must be submitted in support of the application for approval:

(2) may be required to include a provision limiting the duration of the existence of the corporation or of its power to establish and operate day care centers if the office becomes aware of information that raises issues as to the viability of the program, operations or management of the corporation. Any such limit will be established by the office. If such a provision is required, it shall be to the effect that the duration of the corporation (or of the authority to establish or operate day care centers) shall be for a period (to be fixed by the office) from the date that the certificate is filed in the office of the Secretary of State and that such duration shall not be extended without the prior written approval of the office; and
(3) must set forth the county or counties within the State in which the corporation will initially operate a day care center or centers. The certificate of incorporation may authorize the corporation to establish and operate day care centers anywhere in the State but if it does so, the certificate must specify the county or counties of initial operation.
(d) The office will review the materials submitted. If the office finds that the materials are incomplete or inadequate, the office may disapprove the filing of the certificate or withhold approval until the materials are complete and demonstrate compliance with the regulations.
