

## 2018 BRIGHT SPOTS DATA PACKAGE SAFETY

NOTE: This document contains one chapter of the 2018 Bright Spots package. More information regarding how to use and interpret the figure and tables contained here can be found in the complete 2018 Bright Spots package and technical appendix available at [http://ocfs.ny.gov/main/Professionals\\_data\\_reports.asp](http://ocfs.ny.gov/main/Professionals_data_reports.asp) or by emailing [data.warehouse@ocfs.ny.gov](mailto:data.warehouse@ocfs.ny.gov).

Prepared by:  
Office of Children and Family Services  
Bureau of Research, Evaluation and Performance Analytics  
December 2018

and Family Services**

## Question 5: Maltreatment Recurrence

**Question:** How often do children experience a recurrence of substantiated maltreatment within a one-year period? (CFSR Safety Outcome 2)

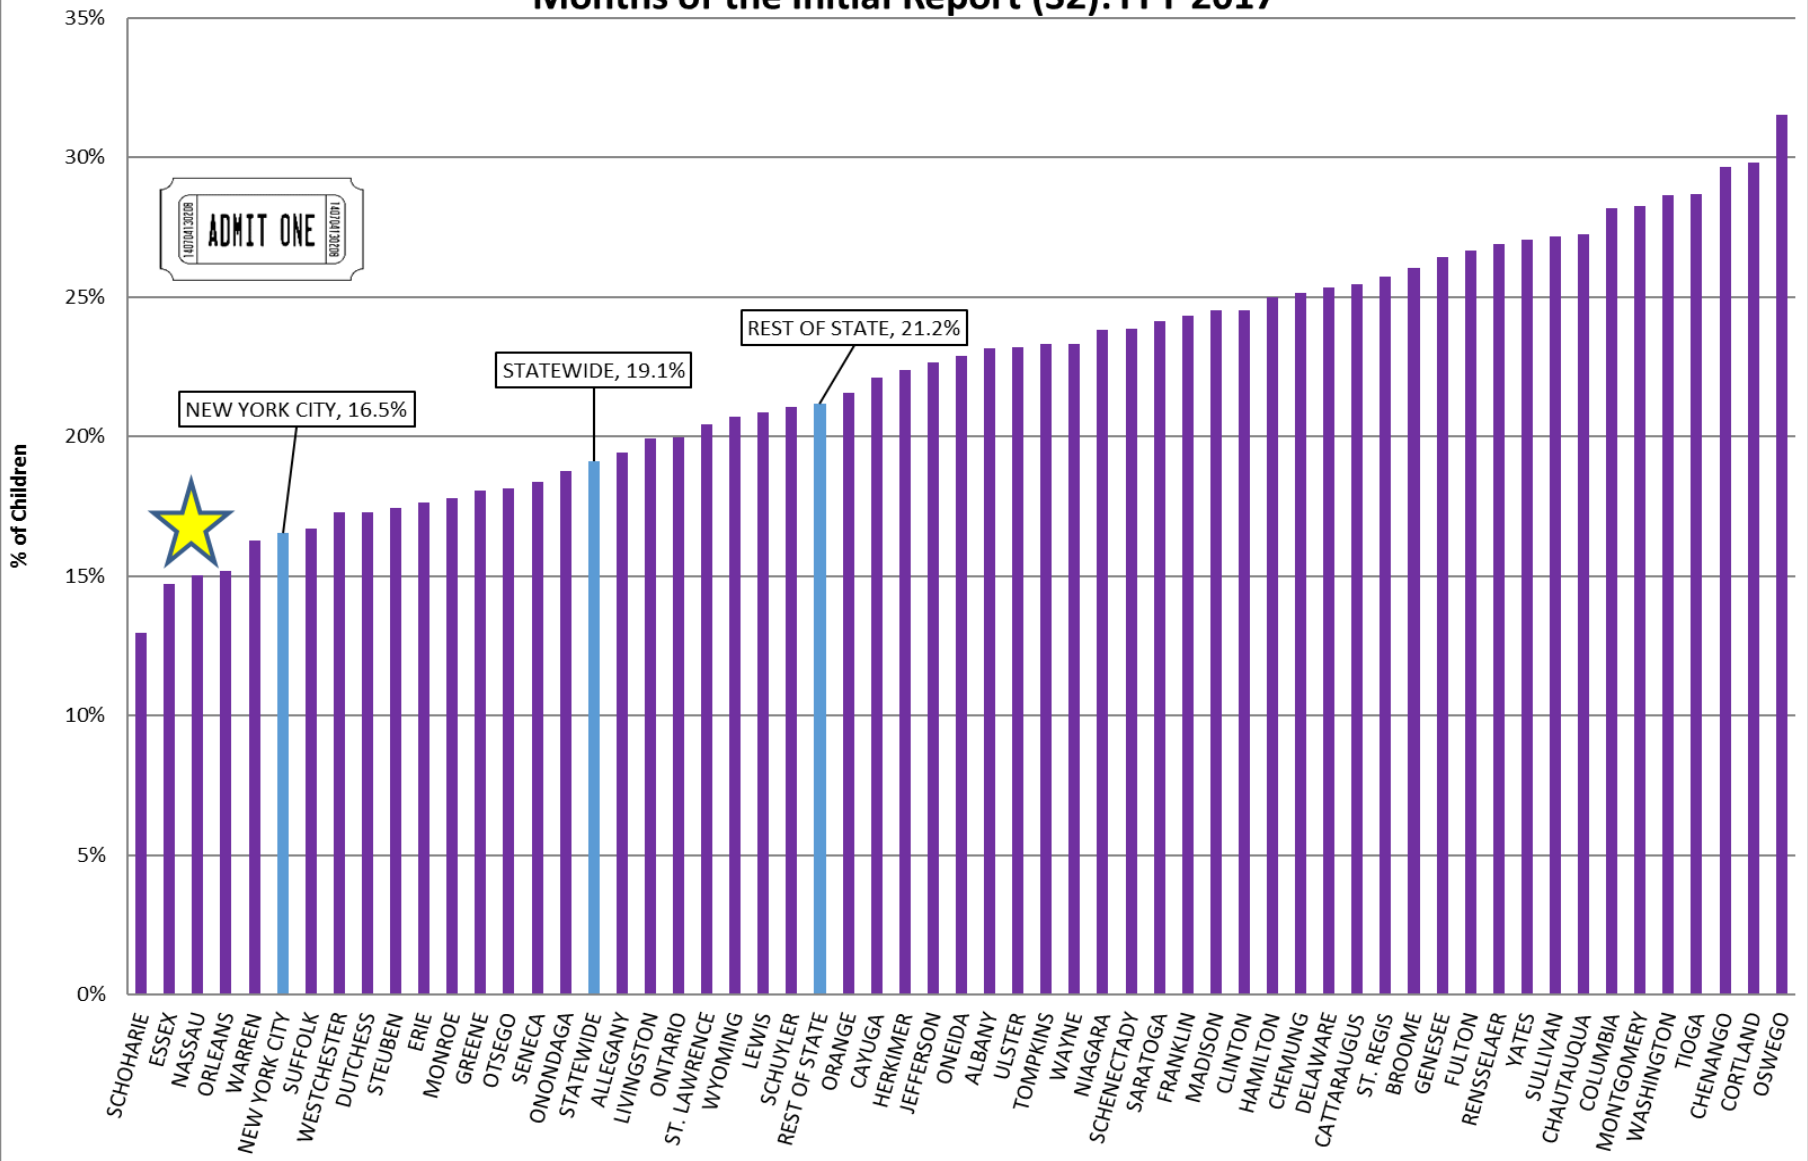

**Answer:** Statewide, of all the children identified as confirmed victims of abuse/maltreatment during federal fiscal year 2017, 19.11% (or 13,684 children) were identified as a confirmed victim in one or more additional CPS reports within 12-months.

### Things to Consider:

- See: # of Children with Preventive Service Authorizations per 1,000 Children in District (Figure 2)
- See: # of Children with a Substantiated CPS Allegation per 1,000 Children in District (Figure 1b)
- How timely are determinations made?
- Is incident date being accurately entered for every substantiated allegation?

**For More Information:** See CFSR County packets for break outs by child age, gender, race. Additionally, you may request your county level data file and explore whether (a) children who experienced recurrence were provided preventive or protective services and (b) whether the type of maltreatment substantiated was the same or different across reports.

**Figure 5: % of Children with One or More Substantiated Allegations within 12 Months of the Initial Report (S2): FFY 2017**

Location	# Children with Initial Substantiated Report in FFY17	Children with New Substantiated Report	
		#	%
Nat'l Average			9.50%
Statewide	71,607	13,684	19.11%
New York City	31,730	5,247	16.54%

Wyoming	203	42	20.69%
Yates	170	46	27.06%
St. Regis	35	9	25.71%

## Question 6: Maltreatment in Care

**Question:** How many indicated CPS reports (based on report date) are received on children living in foster care each year? (CFSR Safety Outcome 1)

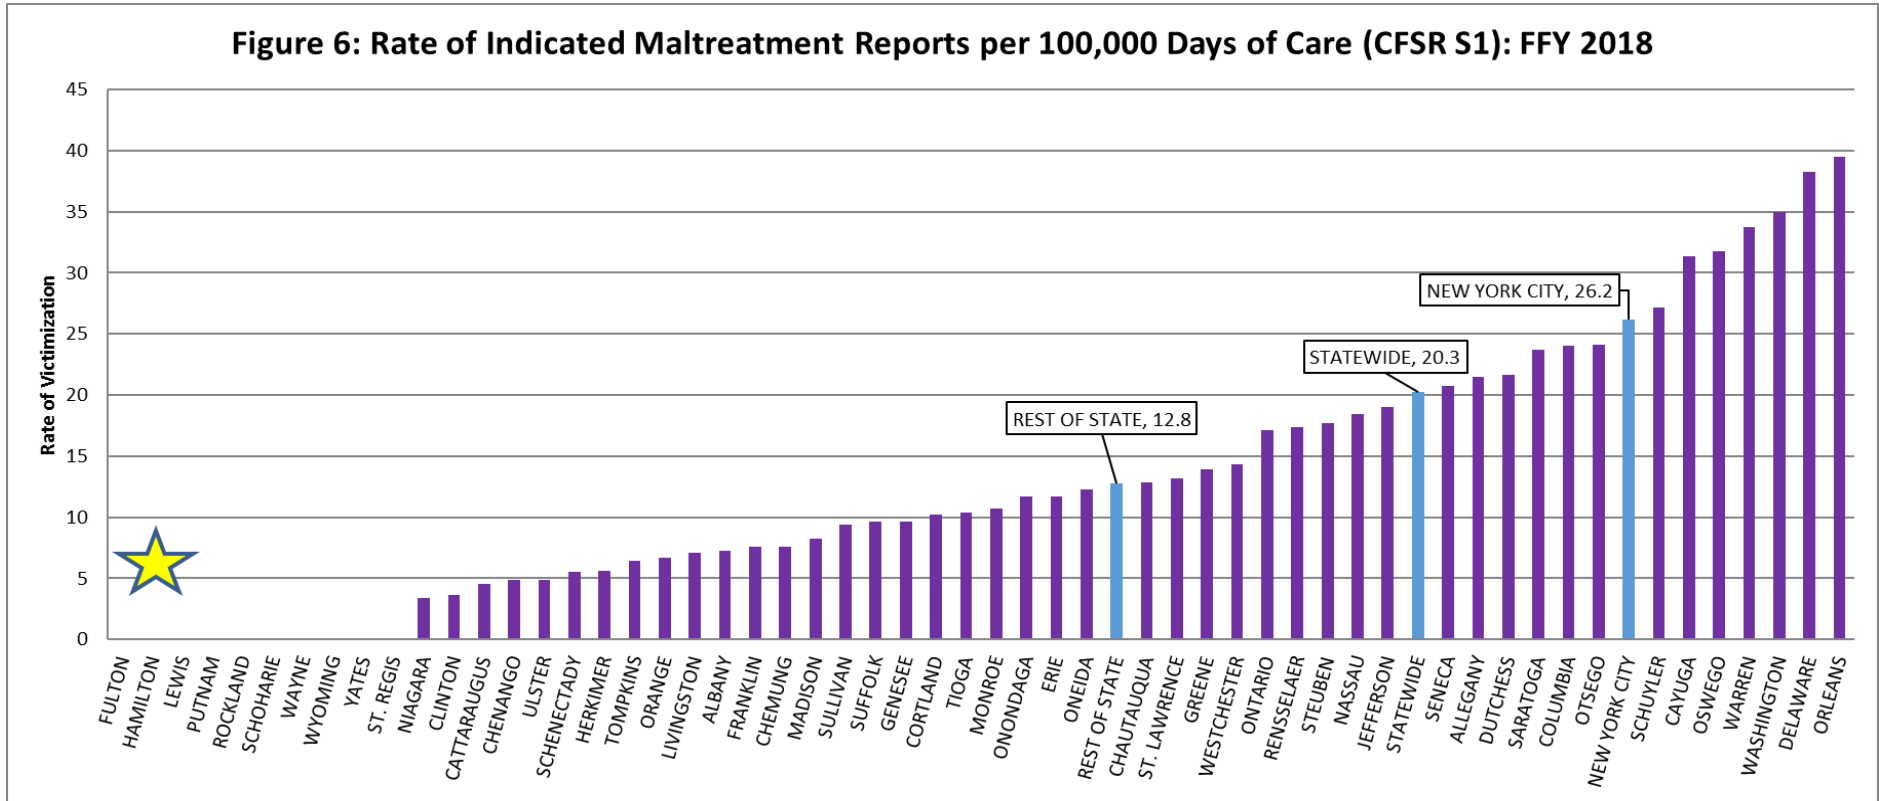

**Answer:** In federal fiscal year 2018, 20.3 indicated CPS reports were received for every 100,000 days of foster care services provided statewide.

**Things to Consider:**

- If incident date is not provided, report date is used to determine whether the incident occurred during a foster care episode. Disclosures of past abuse may therefore be flagged as maltreatment in-care if the incident date is not properly entered into CONNECTIONS.
- What support services and trainings are provided to foster parents?
- Are parents provided support during parenting times?
- How frequently are children who are not related placed in the same foster home?
- Analysis Tip: This is a report, not child-based, measure. If a child appears in more than one indicated report, both reports are counted.

**For More Information:** See CFSR County packets for break outs by foster care placement type, perpetrator, and child demographics .
