### III. Payment to Child Care Providers for Program Closures

Does the district opt to pay for program closures?

Yes     No

### IV. Differential Payment Rates

1. Districts must complete the Differential Payment Rate Percent (%) column in the table below for each of the four differential payment rate categories. The state requires a minimum differential of 5% for licensed and registered providers for homelessness and for all providers for non-traditional hours. For these categories, the district must enter "5%" or, if it chooses a higher rate, up to 15%.

The differential payment rate categories for legally exempt providers for homelessness and for nationally accredited programs are optional. If the district chooses not to set differential payment rates, the district must enter zero. If the district chooses to set a differential payment rate, enter the appropriate percentage up to 15 percent (15%). If the district selects a differential payment rate for nationally accredited programs, that rate must be in the range of five percent (5%) to 15 percent (15%). If the district selects a differential payment rate for legally exempt providers for homelessness, the rate may be from 1 percent (1%) to 15 percent (15%).

#### Differential Payment Rate Category

#### Differential Payment Rate Percent

**Homelessness: Licensed and Registered Providers**

*State required minimum of 5%*

5%

**Homelessness: Legally Exempt Providers**

0%

**Non-traditional Hours: All Providers**

*State required minimum of 5%*

5%

**Nationally Accredited Programs: Licensed and Registered Providers**

*Legally exempt child care providers are not eligible for a differential payment rate for accreditation.*

0%

2. For providers that qualify for multiple differential payment rates, the total percentage may not exceed 25% above the applicable market rate or actual cost of care. However, a district may request a waiver from the Office to establish a payment rate that is in excess of 25% above the applicable market rate upon showing that the 25% maximum is insufficient to provide access within the district to child care providers or services that offer care addressing more than one of the differential payment rate categories. If your district wants to establish a total differential payment rate that is more than 25% above the applicable market rate, describe below why the 25% maximum is insufficient to provide access to such child care providers or services.

**V. Increased Enhanced Market Rate for Legally Exempt Family and In-Home Child Care Providers**

1. The enhanced market rate for legally exempt family and legally exempt in-home child care providers who have completed 10 or more hours of training annually is set at 70% of the applicable market rates established for registered family day care. Indicate if the district is electing to establish a payment rate that is in excess of the enhanced market rate for legally exempt family and in-home child care providers who have completed 10 or more hours of training annually and the training has been verified by the legally exempt caregiver enrollment agency.

No     Yes

2. If yes, indicate the percent (71%–75%), not to exceed 75%, of the child care market rate established for registered family day care.

%

**VI. Enhanced Market Rates for Legally Exempt Group Child Care Programs**

*Answer both questions:*

1. Indicate if the district is electing to establish an enhanced market rate for child care services provided by legally exempt group child care programs that have prepared an approved health care plan and have at least one caregiver in each classroom with age appropriate cardiopulmonary resuscitation (CPR) certification and the enhanced requirements have been verified by the enrollment agency.

Yes     No

2. Indicate if the district is electing to establish an enhanced market rate for child care services provided by legally exempt group child care programs when, in addition to the training required in 18 NYCRR §415.13, the director has completed an approved course and a minimum of 15 hours of approved training annually and each employee with a caregiving role completes a minimum of 5 hours of approved training annually and the enhanced requirements have been verified by the enrollment agency.

Yes     No

If a district chooses to establish both legally exempt group child care enhanced rates and a program is eligible for both enhanced rates, then the enhanced market rate must be based on the percentages selected for each

individual market rate, up to a maximum of 87%.

Does the district choose to expand eligibility for child care assistance beyond the requirements of 18 NYCRR §415.4?

Yes  No

## VIII. Child Care Exceeding 24 Hours

3. Exceptions: There may be instances when the district may be unable to enact the additional standard, such as, the applicable person may reside outside of the district's jurisdiction, or the site of care may not be located within the district. In such cases, the district may create an exception to the applicability stated above.

*Note: The Child Care Facility System cannot track such exceptions and, therefore, the district remains responsible for notifying the applicable Enrollment Agency, using the OCFS-2114, District Notification to Legally Exempt Caregiver Enrollment Agency, that an additional standard is "not applicable" to the specific provider / person named on the referral list.*

Place a checkmark below to show any exception to the applicability of this Local Additional Standard to programs or roles previously identified.

## Part Five: Fraud and Abuse Control Activities

---

### I. Front End Detection System (FEDS) Plan

Each district must submit a CCAP FEDS plan as part of their CFSP. The Front End Detection System (FEDS) is an anti-fraud tool that is designed to identify erroneous or fraudulent information on an assistance application before a case is opened and any benefits are issued.

1. Please mark which of the following indicators, if any, the district uses to determine which CCAP applications suggest a higher than acceptable risk for fraudulent or erroneous CCAP payments:

- P.O. Box supplied as a mailing address without a reasonable explanation
- Applicant has a history of denial, case closing or overpayment, resulting from an investigation
- Applicant is self-employed, but cannot provide adequate business records
- Primary tenant with no utility bills in their name
- Information on application is inconsistent with prior case information
- Applicant unsure of their own address
- Applicant cannot supply documentation to verify identity, or identity is suspect
- Documentation or information provided by applicant is inconsistent with the application
- Child care provider lives in the same household as the child
- No absent parent information or information is inconsistent with the application
- Other  
*Please specify:*

1. Working off the books, 2. Child under age six with no birth certificate available, 3. Landlord provides information inconsistent with application

**Genesee County:** Child Care Assistance Program (CCAP)

2. Please describe the step-by-step FEDS process for CCAP applications.

a. Describe how the application is reviewed for FEDS indicators and referred to the appropriate investigative unit:

The Genesee County DSS CCAP Unit consists of one SWE and one PSWE. The CCAP SWE reviews all applications and identifies any indicators that would meet the criteria for a FEDS referral. The SWE also identifies any information reported from providers that meet the criteria for a FEDS indicator. If the SWE determines a FEDS indicator to be present for an application, and the applicant is unable to document/justify the circumstances surrounding the indicator, the SWE completes the Child Care FEDS referral form. The referral form is submitted to the Fraud Investigation Unit by placing it in their inbox for referrals.

b. Describe how the referral is sent to the investigative unit and assigned to an investigator:

The CCAP SWE completes a Child Care FEDS Referral form in paper format. The SWE places the referral in the Fraud Investigation Unit inbox for referrals. The Fraud Investigation Unit consists of one Investigator and one Supervisor. The Fraud Supervisor retrieves the Child Care FEDS referral from their inbox and reviews it. The Supervisor either assigns the case to the Investigator or to himself. Assignments are tracked via the Microsoft Access FEDS referral database.

c. Describe how the investigator completes a report of investigation which includes findings and recommendations:

The assigned Fraud Investigator completes all relevant background checks. The investigator attempts contact with the client and makes collateral contacts with CCAP Staff, Child Care Providers, and any other individuals as deemed relevant for the case. The investigator completes a write-up of their investigation with any findings and recommendations on how to proceed with the case. This is provided directly to the CCAP SWE or PSWE. The turnaround time for a FEDS referral is within the required timeframe for eligibility determination.

d. Describe the process for completing and submitting the Monthly FEDS Report to OCFS by the tenth of the following month including the staff member responsible for submitting the report to OCFS:

At the beginning of each month, the Fraud Supervisor reviews an internal database to determine how many CCAP FEDS referrals were received the month prior. The Supervisor completes the CCAP FEDS reporting form and emails it to the appropriate CCAP mailbox prior to the tenth of the month.

3. List all local CCAP FEDS forms.

Child Care FEDS Referral

## II. Program Integrity

1. Each social services district must submit a description of the sampling methodology used to determine which providers of child care assistance services will be reviewed for the purpose of comparing the child care provider's attendance forms for children receiving CCAP services with any Child and Adult Care Food Program (CACFP) inspection forms to verify that child care was actually provided on the days listed on the attendance forms.

Describe the sampling methodology and review process:

Child Care Assistance Providers that participate in CACFP will be reviewed by random sampling. 10% of these providers will be reviewed on a yearly basis. The review will include the 2 previous months billing. The **Genesee County**: Child Care Assistance Program (CCAP)

sampling will be obtained by random selection of providers from the list.

2. Each social services district must establish a random sampling methodology used to determine which cases will require verification of a recipient's continued need for child care, including, as applicable, verification of participation in employment, education, or other required activities.

*Please note: The district cannot use criteria such as race, color, sex, gender identity, sexual orientation, disability, religious creed, political belief or any other factors prohibited by law as indicators in drawing the sample.*

Describe the sampling methodology and review process:

Non-TA child care assistance cases will be reviewed by random sampling on a monthly basis. This averages approximately 3 cases per month and the review will include the 3 previous months billing. The random sample will be obtained using the monthly reports received from the Accounting Department.

### **III. Inspections of Child Care Provider Records and Premises**

The district may choose to make announced or unannounced inspections of the records and premises of any provider / program that provides child care to children in receipt of child care assistance to determine if the child care provider is in compliance with applicable laws and regulations and any additional requirements imposed on such a provider by the social services district per 18 NYCRR §415.4.

The district has the right to make inspections of any child care provider prior to children in receipt of child care assistance receiving care, including care in a home, to determine if the child care provider is in compliance with applicable laws and regulations and any additional requirements imposed on such a provider by the district.

The district must report violations of regulations as follows:

- Violations by a licensed or registered child care provider must be reported to the applicable Office of Children and Families (OCFS) Regional Office.
- Violations or areas of non-compliance by an enrolled or enrolling legally exempt child care provider must be reported to the applicable Enrollment Agency.

Does the district choose to make inspections of such child care providers / programs?

Yes     No
