IV. Differential Payment Rates

1. Districts must complete the Differential Payment Rate Percent (%) column in the table below for each of the four differential payment rate categories. The state requires a minimum differential of 5% for licensed and registered providers for homelessness and for all providers for non-traditional hours. For these categories, the district must enter "5%" or, if it chooses a higher rate, up to 15%.

The differential payment rate categories for legally exempt providers for homelessness and for nationally accredited programs are optional. If the district chooses not to set differential payment rates, the district must enter zero. If the district chooses to set a differential payment rate, enter the appropriate percentage up to 15 percent (15%). If the district selects a differential payment rate for nationally accredited programs, that rate must be in the range of five percent (5%) to 15 percent (15%). If the district selects a differential payment rate for legally exempt providers for homelessness, the rate may be from 1 percent (1%) to 15 percent (15%).

Differential Payment Rate Category	Differential Payment Rate Percent
Homelessness: Licensed and Registered Providers <i>State required minimum of 5%</i>	5%
Homelessness: Legally Exempt Providers	0%
Non-traditional Hours: All Providers <i>State required minimum of 5%</i>	5%

Herkimer County: Child Care Assistance Program (CCAP)

Nationally Accredited Programs: Licensed and Registered Providers

0%

Legally exempt child care providers are not eligible for a differential payment rate for accreditation.

2. For providers that qualify for multiple differential payment rates, the total percentage may not exceed 25% above the applicable market rate or actual cost of care. However, a district may request a waiver from the Office to establish a payment rate that is in excess of 25% above the applicable market rate upon showing that the 25% maximum is insufficient to provide access within the district to child care providers or services that offer care addressing more than one of the differential payment rate categories. If your district wants to establish a total differential payment rate that is more than 25% above the applicable market rate, describe below why the 25% maximum is insufficient to provide access to such child care providers or services.

Part Five: Fraud and Abuse Control Activities

I. Front End Detection System (FEDS) Plan

Each district must submit a CCAP FEDS plan as part of their CFSP. The Front End Detection System (FEDS) is an **Herkimer County**: Child Care Assistance Program (CCAP)

anti-fraud tool that is designed to identify erroneous or fraudulent information on an assistance application before a case is opened and any benefits are issued.

1. Please mark which of the following indicators, if any, the district uses to determine which CCAP applications suggest a higher than acceptable risk for fraudulent or erroneous CCAP payments:

- P.O. Box supplied as a mailing address without a reasonable explanation
- Applicant has a history of denial, case closing or overpayment, resulting from an investigation
- Applicant is self-employed, but cannot provide adequate business records
- Primary tenant with no utility bills in their name
- Information on application is inconsistent with prior case information
- Applicant unsure of their own address
- Applicant cannot supply documentation to verify identity, or identity is suspect
- Documentation or information provided by applicant is inconsistent with the application
- Child care provider lives in the same household as the child
- No absent parent information or information is inconsistent with the application

Other

Please specify:

1-Applicant is working off the books. 2-Applicant cannot provide birth certificate for a child that is under the age of six (6) years old.

2. Please describe the step-by-step FEDS process for CCAP applications.

a. Describe how the application is reviewed for FEDS indicators and referred to the appropriate investigative unit:

At application and recertification, the worker reviews the application and prior case information to determine if the household meets any of the indicators. If a match is found the worker will attempt to resolve the indicator. If necessary, a document requirements checklist will be issued giving the applicant/recipient 10 days to return the requested information. If the information provided resolves the issue no further action is necessary. If not, a referral will be sent to the Fraud unit for further investigation.

b. Describe how the referral is sent to the investigative unit and assigned to an investigator:

A paper referral is sent to the Fraud unit with the appropriate indicator marked and any additional information. The designated investigator will conduct research to see if they can resolve the FEDS indicator. If the Investigator cannot resolve the indicator, the referral will be forwarded to the Sheriff's Department for an unscheduled home visit. This process will be completed within 10 days.

c. Describe how the investigator completes a report of investigation which includes findings and recommendations:

The investigator will use documentary evidence, computer matches, public records, third party vendors, collateral contacts, and home visits (completed by the Sheriff's Department) to resolve FEDS indicators. Once a determination is made the investigator will complete the FEDS Findings portion of the referral and return to the worker with any appropriate recommendations. Review process will be completed within 5 days and returned to the eligibility worker.

d. Describe the process for completing and submitting the Monthly FEDS Report to OCFS by the tenth of the following month including the staff member responsible for submitting the report to OCFS:

The worker tracks all FED referrals and outcomes and provides the information monthly to the Employment Coordinator. The Employment Coordinator will complete the Monthly FEDS Report and submit findings to OCFS electronically by the 10th of the following month.

3. List all local CCAP FEDS forms.

Front End Detection System (FEDS) Referral Child Care Subsidy Only

II. Program Integrity

1. Each social services district must submit a description of the sampling methodology used to determine which providers of child care assistance services will be reviewed for the purpose of comparing the child care provider's attendance forms for children receiving CCAP services with any Child and Adult Care Food Program (CACFP) inspection forms to verify that child care was actually provided on the days listed on the attendance forms.

Describe the sampling methodology and review process:

Herkimer County and Mid-York Child Care Council have agreed to provide the Child and Adult Care Food Program inspection forms to the district on a quarterly basis. The Child Care Coordinator will compare the inspection sheet to the child care attendance sheet. The district will identify all care providers participating in the Food Program. The district will then sample all care providers with county subsidized children.

2. Each social services district must establish a random sampling methodology used to determine which cases will require verification of a recipient's continued need for child care, including, as applicable, verification of participation in employment, education, or other required activities.

Please note: The district cannot use criteria such as race, color, sex, gender identity, sexual orientation, disability, religious creed, political belief or any other factors prohibited by law as indicators in drawing the sample.

Describe the sampling methodology and review process:

Each quarter a contact letter will be sent out on 10% of our open child care cases. This letter will include a checklist for the recipient to return, asking for verification of employment and household income, changes in household composition and residence, and the need for continued childcare. Any inconsistencies will be reviewed for any overpayment and referred to our Fraud Investigation Unit as appropriate.

III. Inspections of Child Care Provider Records and Premises

The district may choose to make announced or unannounced inspections of the records and premises of any provider / program that provides child care to children in receipt of child care assistance to determine if the child care provider is in compliance with applicable laws and regulations and any additional requirements imposed on such a provider by the social services district per 18 NYCRR §415.4.

The district has the right to make inspections of any child care provider prior to children in receipt of child care assistance receiving care, including care in a home, to determine if the child care provider is in compliance with applicable laws and regulations and any additional requirements imposed on such a provider by the district.

The district must report violations of regulations as follows:

- Violations by a licensed or registered child care provider must be reported to the applicable Office of

Herkimer County: Child Care Assistance Program (CCAP)

Children and Families (OCFS) Regional Office.

- Violations or areas of non-compliance by an enrolled or enrolling legally exempt child care provider must be reported to the applicable Enrollment Agency.
