## Appendix M #1: Reasonable Distance, Family Share, Federal and Local Priorities

### I. Reasonable Distance for Public Assistance Recipients to Travel to Child Care and Work

Define "reasonable distance" based on community standards for determining accessible child care.

1. The following defines "reasonable distance":

Reasonable distance for determining accessible child care in Monroe County is care located with 1 hour (or less) travel time between child care site and employment/school site.

2. Describe any steps / consultations made to arrive at your definition:

This has been the long standing definition of accessible care in Monroe County based on factors including local child care availability as well as private and public transportation options.

### II. Family Share

"Family Share" is the weekly amount paid towards the costs of the child care services by the child's parent or caretaker. Your district must select a family share percentage from 1% to 10% to use in calculating the amount of family share. The weekly family share of child care costs is calculated by applying the family share percentage against the amount of the family's annual gross income that is in excess of the State Income Standard divided by 52.

**Note:** The family share percentage selected here must match the percentage entered in the Program Matrix in the Welfare Management System (WMS) and the Child Care Time and Attendance (CCTA) system.

Family Share Percentage selected by the district:

1%

Additional Description of this Family Share Percentage:

**Monroe County:** Child Care

This share percentage was instituted effective February 1, 2022

### III. Federal and Local Priorities

1. The district must rank the federally mandated priorities. Cases that are ranked 1 have the highest priority for receiving child care assistance. These rankings apply to case closings and case openings.

a. Very low income (200% State Income Standard):

- Rank 1
- Rank 2
- Rank 3

b. Families with income up to 200% of the State Income Standard who have a child with special needs and a need for child care:

- Rank 1
- Rank 2
- Rank 3

c. Families with income up to 200% of the State Income Standard who are experiencing homelessness:

- Rank 1
- Rank 2
- Rank 3

2. Does the district have local priorities?

- Yes
- No

If yes, list them below and rank beginning with Rank 4.

## Appendix M #2: Case Openings, Case Closings, and Waiting List

---

### I. Case Openings When Funds Are Limited

If a social services district does not have sufficient funds to provide child care services to all families who are applying, the district may decide to open certain categories of families as funds become available. The district must open federal priorities first. If the district identified local priorities, they must be opened next. **After the federal and local priorities**, identify the basis upon which the district will open cases if funds become available. Select one of the options listed below and describe the process for opening.

- 1. Open cases based on **FIRST COME, FIRST SERVED.**
- 2. Open cases based on **INCOME.**
- 3. Open cases based on **CATEGORY OF FAMILY.**
- 4. Open cases based on **INCOME AND CATEGORY OF FAMILY.**
- 5. Open cases based on **OTHER CRITERIA.**

**II. Title XX Case Closings When Sufficient Funds Are Not Available**

- The district **does not use** Title XX funds for child care assistance.
- The district **uses** Title XX funds for child care assistance (this option must be checked in Appendix N and Appendix P must be completed).

If the district elects to use Title XX funds to provide child care assistance and the district does not have sufficient funds to continue to provide such assistance to all families in its current caseload, the district may decide to discontinue assistance. The district may establish priorities upon which the district will close cases if sufficient funds are not available. If no priorities are established and all funds are committed, case closings for families must be based on the length of time they have received services (must choose #1 below).

Select one of the options listed below and describe the process for closing.

- 1. Close cases based on **AMOUNT OF TIME** receiving child care services.
- 2. Close cases based on **INCOME.**
- 3. Close cases based on **CATEGORY OF FAMILY.**
- 4. Close cases based on **INCOME AND CATEGORY OF FAMILY.**
- 5. Close cases based on **OTHER CRITERIA.**

Describe the criteria the district will use to select cases to be closed:

N/A - if we are projecting to have insufficient funds, we will discontinue opening of new cases and will maintain cases with local funds as needed.

**III. Waiting List**

The district will establish a waiting list when there are not sufficient funds to open all eligible cases.

- Yes      No

The district will establish a waiting list when there are not sufficient Title XX funds available to open new cases or keep all current cases open.

- Yes      No

# Appendix M #3: Fraud and Abuse Control Activities and Inspections

---

## I. Fraud and Abuse Control Activities

1. Describe below the criteria the district will use to determine which child care subsidy applications suggest a higher than acceptable risk for fraudulent or erroneous child care subsidy payments in addition to procedures for referring such applications to the district's front-end detection system.

Monroe County utilizes various methodologies for identifying and investigating fraud, including hotline calls, as well as worker referrals through the Front End Detection System (FEDS) and Back End Detection System (BEDS).

### FEDS

FEDS referrals on Child Care cases are determined at all eligibility interviews using the Electronic Investigation System and the Child Care/Day Care Indicators as approved in the FEDS Plan.

### Monroe County's Child Care Indicators:

#### Child Care Indicators for Provider Daycare:

- Hours of Care do not match hours approved/hours parent(s) are working
- Inconsistencies on Child Care Request form
- Provider may be working during hours claimed for children
- Inconsistencies in Household members (application) vs CCFS listed members
- Provider is parent of the child's Absent Parent

#### Child Care Indicators for Clients

- No absent parent information, or Application/information has inconsistencies regarding absent parent.
- Self-employed without adequate business records to support financial assertions
- Work hours do not match Child Care hours
- Prior History of constant denials, case closings, fraud, overpayments
- New In-Home care case
- Questionable paperwork submitted
- Non-Legal Union (NLU) not on application, but on TA or SNAP case Application inconsistent with prior case information
- Documents provided are inconsistent with Applicant information
- P.O. Box used as primary mailing address without reasonable explanation
- Working off-the-books (currently or previously)

Income Eligible Child Care eligibility staff will screen new applications for assistance as they are received. A Senior Eligibility Evaluator will complete a Child Care FEDS referral for all applications having an approved indicator. Child Care FEDS referrals will be sent to and processed by the Monroe County Special Investigations Unit Investigators. Collateral contacts may be made, DMV Searches, City Tax Assessment, County Clerk Search, Department of Labor Search, U.S. Postal check, landlord, employer, a review of case file, a home visit, and related items as necessary depending on the Child Care Indicators. The application process will not be interrupted while waiting for the results of an investigation.

### BEDS

In addition to the Front-End Detection investigations, Monroe County employs a Back-End Detection System (BEDS) for investigative activity as well. There are a growing number of children being cared for by legally exempt providers in the child's home for whom the local Child Care Council does not have authority or oversight to investigate fraud. As such, Monroe County DHS will investigate cases

identified through a number of sources to be at high risk of fraud. During the course of any fraud investigation (provider fraud or parent fraud) the LDSS may make announced or un-announced site visits during a provider's licensed care hours. For legally-exempt providers, announced or un-announced site visits will occur during the hours they are authorized to provide care. The OCFS licensor or the Child Care Council staff often assist the LDSS throughout the investigation.

2. Describe the sampling methodology used to determine which cases will require verification of an applicant's or recipient's continued need for child care, including, as applicable, verification of participation in employment, education, or other required activities.

*The district cannot use criteria such as the age of provider, the gender of provider, a post office box address, or evidence that the child lives in the same residence as the provider as indicators in drawing the sample.*

As a BEDS activity, Monroe County will generate a monthly report and conduct an investigation of new day care authorizations where the day care is being provided in the legal residence of the child. For those cases reviewed within the first 90 days of day care authorization, Monroe County investigators will conduct a site visit at addresses where the day care is being provided in the legal residence of the child to verify that the care is being provided and confirm the provider identity.

In addition to the FEDS and BEDS, the LDSS will investigate, on a case by case basis, the following issues:

- o referrals received through the LDSS fraud hotline
- o referrals from OCFS
- o referrals from Child Care Council
- o referrals from internal daycare payables – over-capacity, non-traditional hours, over-capacity, non-traditional hours, anomalies in provider/client signatures, parent-fees and dates attended vs. dates authorized
- o absent parents
- o parents employed by a temp agency or working varying hours
- o self-employed parents
- o parents out of compliance with OTDA/OCFS/LDSS program mandates

3. Describe the sampling methodology used to determine which providers of subsidized child care services will be reviewed for the purpose of comparing the child care provider's attendance forms for children receiving subsidized child care services with any Child and Adult Care Food Program inspection forms to verify that child care was actually provided on the days listed on the attendance forms.

When Monroe County is investigating a case of suspected child care fraud, the investigators will reach out to the OCFS licensor or the Child Care Council to ensure that any Child and Adult Care Food Program inspection forms match MCDHS Child Care Time & Attendance (CCTA) records. Specifically, the MCDHS Investigator will email the Child Care Council or the OCFS licensor to inquire if the subject of the fraud investigation is enrolled in and receiving services via the Child and Adult Care Food Program. If they are, they will ask for copies of the inspection forms that correspond to the time period under investigation and review them to ensure that information is consistent. If discrepancies between the Child and Adult Care Food Program inspection forms and the CCTA records are discovered, the Investigator will notify either the OCFS licensor or Child Care Council and share any pertinent information. Investigation of any discrepancies involving the Child and Adult Care Food Program records is the responsibility of OCFS licensor or the Child Care Council.

## **II. Inspections of Child Care Provider Records and Premises**

The district may choose to make announced or unannounced inspections of the records and premises of any provider/program that provides child care for subsidized children to determine if the child care provider is in compliance with applicable laws and regulations and any additional requirements imposed on such a provider by the social services district per 18 NYCRR §415.4(h)(3).

The district has the right to make inspections *prior to subsidized children receiving care* of any child care provider, including care in a home, to determine whether the child care provider is in compliance with applicable laws and regulations and any additional requirements imposed on such a provider by the

district.

The district must report violations of regulations as follows:

1. Violations by a licensed or registered child care provider must be reported to the applicable Office of Children and Families (OCFS) Regional Office.
2. Violations by an enrolled or enrolling legally-exempt child care provider must be reported to the applicable Enrollment Agency.

**Does the district choose to make inspections of such child care providers/programs?**

- No.

**Check the organization that will be responsible for conducting inspections:**

- Local social services staff

## Appendix Q: Additional Local Standards for Child Care Providers

---

The district may propose local standards in addition to the State standards for legally-exempt providers who will receive child care subsidies issued by the district. This appendix must be completed for **each** additional local standard that the district wants to implement.

The district must coordinate with the local Enrollment Agency, including, but not limited to:

- Informing the Enrollment Agency of the intent to request an additional standard.
- Developing the stepwise process referenced in Question 5.
- Ensuring that no significant burden of work shall be incurred by the Enrollment Agency as a result of the additional local standard, unless such work is addressed in a separate contract or a formal agreement is in place, which are referenced in Question 3.
- Sharing any consent / release form that may be required.
- Keeping the Enrollment Agency informed of the approval status.

1. Select the additional local standard that will be required of child care providers / programs.

Verification, using the district's local records, that the provider has given the caretaker complete and accurate information regarding any report of child abuse or maltreatment in which he or she is named as an indicated subject (*only applies to legally exempt relative-only family child care and relative only in-home child care*)

Local criminal background check (*only applies to legally exempt relative-only family child care and relative only in-home child care*)

Require providers caring for subsidized children for 30 or more hours a week participate in the Child and Adult Care Food Program (CACFP) (*only applies to family child care programs*)

Note that districts are required to notify the Enrollment Agency, using the OCF5-2114, District Notification to Legally-Exempt Caregiver Enrollment Agency, of all providers on the referral list for whom the requirement is "not applicable."

Site visits by the district

2a. Exceptions: There may be instances when the district may be unable to enact the additional standard, such as, the applicable person may reside outside of the district's jurisdiction, or the site of care may not be located within the district. In such cases, the district may create an exception to the applicability stated above.

*Note: The Child Care Facility System cannot track such exceptions and, therefore, the district remains responsible for notifying the applicable Enrollment Agency, using the OCFS-2114, District Notification to Legally-Exempt Caregiver Enrollment Agency, that an additional standard is "not applicable" to the specific provider / person named on the referral list.*

Place a check mark below to show any exception to the applicability of this Local Additional Standard to programs or roles previously identified.

- a. The district will not apply this additional local standard when the applicable person **resides** outside of the subsidy-paying district.
- b. The district will not apply this additional local standard when the **program's site of care is located outside** of the subsidy-paying district.

3. Districts are responsible for implementation of the additional local standard unless they have a formal agreement or contract with another organization. Check the organization that will be responsible for the implementation of the additional local standard.

Local social services staff  
*Provide the name of the unit and contact person:*  
Allan Jarvie, Special Investigations Unit

Contracted agency  
*Provide the name of the agency and contact person:*

4. Are there any fees or other costs associated with the additional local standard?

- Yes
- No

*Note: Costs associated with the additional local standard cannot be passed on to the provider.*

5. Describe, in chronological order, the steps for conducting the additional local standard. Include how the district will retrieve referrals from CCFS, communicate with providers and other applicable persons, determine compliance with the additional local standard, inform the Enrollment Agency whether the additional local standard has been "met," "not met," or is "not applicable" and monitor its timeliness. Include all agencies involved and their roles. Note that the district's procedures must be in accordance with 12-OCFS-LCM-01.

Monroe County will apply the same health and safety standards to legally- exempt (L-E) family and L-E in-home child care program sites as are applied to housing units for public assistance recipients in accordance with Social Service Law 143-B, in determining whether violations may pose a health or safety risk to children. Attached is a listing of property violations determined by the Monroe County Department of Public Health that pose significant risk of health or safety concerns. Monroe County will, for each location where subsidized L-E family and L-E in-home childcare is provided within the county, determine, to the extent possible, whether there are open property code violations for the site. Monroe County will process the Child Care Facility System (CCFS) referrals for this additional standard at the time of the initial enrollment and at re-enrollment.

a. SIU Investigator receives the e-notice referral and cross references the address, which has been added to CCFS by the Enrollment Agency (EA), with a health and safety violation report received from the City of Rochester on a monthly basis. Should the site be outside the city limits, the investigator will contact the appropriate municipality to determine if there are any health and safety violations consistent with the list provided by the Monroe County Health Department (attached).

b. When there is a current, open health and safety code violation(s) for an enrolled or enrolling providers of L-E family and L-E in-home child care site, a Monroe County Special Investigations Unit (SIU) Investigator will immediately send a letter to the family and contact the L-E in-home child care provider in person or by mail to discuss and evaluate the open code violation/s. All correspondence has contact information for the SIU Investigator and the City Inspector. At all steps of this process, the investigator will check the L-E family and L-E

in-home provider's status in CCFS to determine if the provider has withdrawn their application or has been denied. If the L-E family or L-E in-home provider has not withdrawn or been denied, the district will follow up with the City or municipality on a weekly basis to see if open health and safety code violations have been resolved. The SIU Investigator will send a notification to the EA within 25 days.

The district will notify the EA as to whether the standard is "Met," "Not Met" or "Not Applicable," utilizing an electronic worksheet approved by NYS OCFS (5-23-2017) in collaboration with the Child Care Council, Inc. (Enrollment Agency).

- "Met" indicates that either a) there were no open health and safety code violations; b) any open health and safety code violations have been resolved; or c) violations are in the process of being corrected. Notice of "met" will be provided to the EA within 25 days.
- "Not Met" indicates the site has open health and safety violation that may pose a health and safety risk for children receiving care and that the L-E family or L-E in-home child care provider has made no efforts towards clearing the violations or even with efforts to do so, was unsuccessful in doing so, or the municipality determined that the property was uninhabitable and issued a vacate order. Notification of "Not Met" will be provided to the EA within 25 days of referral.
- The additional standard is considered "Not Applicable" if the site is outside of Monroe County. Notification to the EA will be with 25 days of the CCFS e-notice referral.

6. Indicate how frequently the additional local standard will be applied.

The Standard will be applied (check all that apply):

- At initial enrollment and re-opening
- At each re-enrollment
- During the enrollment **review** period

7. Describe the justification for the additional local standard in the space below.

Monroe County Department of Human Services has partnered with the City of Rochester and the Lead-Free Coalition of Rochester and Monroe County to identify best practices in mitigating health and safety risks for children in our community, particularly children living in poverty. This additional standard will assist providers, parents and the community in minimizing environmental health and safety hazards to children receiving care in L-E family and L-E in-home child care sites.

Please see uploaded list of Health & Safety Violation Codes.

## Appendix T: Transportation, Differential Payment Rates, Enhanced Market Rates for Legally-Exempt Providers, and Sleep

### I. Transportation

1. Are there circumstances where the district will reimburse for transportation?

No

Yes

2. If the district will reimburse for transportation, describe any circumstances and limitations the district will use to reimburse. Include what type of transportation will be reimbursed (public and/or private) and how much your district will pay (per mile or trip). Note that if the district is paying for transportation, the Program Matrix in the Welfare Management System (WMS) should reflect this choice.

### II. Differential Payment Rates

1. Districts must complete the Differential Payment Rate Percent (%) column in the table below for each of the four (4) differential payment rate categories. For the two (2) categories that require a state minimum five percent (5%) differential payment rate, the district must enter "5%" or, if it chooses, a higher rate up to 15%.

The other two (2) differential payment rate categories in the table below are optional. If the district chooses not to set differential payment rates, the district must enter zero. If the district chooses to set a differential payment rate, enter the appropriate percentage up to 15 percent (15%). Note that if the district selects a differential payment rate for nationally accredited programs, then that rate must be in the range of five percent (5%) to 15 percent (15%).

Differential Payment Rate Category	Differential Payment Rate Percent	Instructions
------------------------------------	-----------------------------------	--------------

<b>Homelessness: Licensed and Registered Providers</b> State required minimum of 5%	5%	Enter a percentage (%): 5% to 15%. (Must enter at least 5%)
<b>Homelessness: Legally-Exempt Providers</b>	0%	Enter 0% or a percentage (%) up to 15%.
<b>Non-traditional Hours: All Providers</b> State required minimum of 5%	5%	Enter a percentage (%): 5% to 15%. (Must enter at least 5%)
<b>Nationally Accredited Programs: Licensed and Registered Providers</b> <i>Legally-exempt child care providers are not eligible for a differential payment rate for accreditation.</i>	10%	Enter 0% or a percentage (%) from 5% to 15%.

2. Generally, differential payment rates may not exceed 25% above the applicable market rate or actual cost of care. However, a district may request a waiver from the Office to establish a payment rate that is in excess of 25% above the applicable market rate upon showing that the 25% maximum is insufficient to provide access within the district to child care providers or services that offer care addressing more than one of the differential payment rate categories. However, if your district wants to establish a payment rate that is more than 25% above the applicable market rate, describe below why the 25% maximum is insufficient to provide access to such child care providers or services.

### III. Increased Enhanced Market Rate for Legally-Exempt Family and In-Home Child Care Providers

1. The enhanced market rate for legally-exempt family and legally-exempt in-home child care providers who have completed 10 or more hours of training annually is a 70% differential applied to the market rates established for registered family day care. Indicate if the district is electing to establish a payment rate that is in excess of the enhanced market rate for legally-exempt family and in-home child care providers who have completed 10 or more hours of training annually and the training has been verified by the legally-exempt caregiver enrollment agency.

- No  
 Yes

2. If yes, indicate the percent (71%–75%), not to exceed 75% of the child care market rate established for registered family day care.

75%

### IV. Enhanced Market Rates for Legally-Exempt Group Child Care Programs

Answer both questions:

1. Indicate if the district is electing to establish an enhanced market rate for child care services provided by legally-exempt group child care programs that have prepared an approved health care plan and have at least one caregiver in each classroom with age appropriate cardiopulmonary resuscitation (CPR) certification and the enhanced requirements have been verified by the enrollment agency.

- No  
 Yes

If yes, indicate the percent (76%–81%), not to exceed 81% of the applicable market rate for day care centers.

%

2. Indicate if the district is electing to establish an enhanced market rate for child care services provided by legally-exempt group child care programs when, in addition to the training required in 18 NYCRR §415.13, the director has completed an approved course and a minimum of 15 hours of approved training annually and each employee with a caregiving role completes a minimum of 5 hours of approved training annually and the enhanced requirements have been verified by the enrollment agency.

No

Yes

If yes, indicate the percent (76%–81%), not to exceed 81% of the applicable market rate for day care centers.

%

If a district chooses to establish both legally-exempt group child care enhanced rates and a program is eligible for both enhanced rates, then the enhanced market rate must be based on the percentages selected for each individual market rate, up to a maximum of 87%.

## V. Sleep

In accordance with SSL 410-w(9), up to eight hours of additional child care assistance must be authorized for all eligible children in a family, as needed, in order to allow a parent or caretaker to sleep, if the parent or caretaker works non-traditional hours, is eligible for and provided with child care assistance, and has a child under the age of six and not in school for a full day.

If the district chooses to expand eligibility for child care assistance beyond the requirements of SSL 410-w(9), in order to allow a parent or caretaker who works non-traditional hours to sleep, please describe below:

In addition to the above, Monroe County will authorize up to 8 hours of child care assistance, as needed, to allow a parent or caretaker to sleep, if the parent or caretaker works non-traditional hours, is eligible for and provided child care assistance, and needs child care assistance for children up to and including the age of twelve who are enrolled in school for a full day, during school breaks and over the summer.

# Appendix U: Child Care Exceeding 24 Hours, Child Care Services Unit, and Waivers

---

## I. Child Care Exceeding 24 Hours

1. Child care services may exceed 24 consecutive hours when such services are provided on a short-term emergency basis or in other situations where the caretaker's approved activity necessitates care for 24 hours on a limited basis. Check below under what circumstances the district will pay for child care exceeding 24 hours.

On a short-term emergency basis

The caretaker's approved activity necessitates care for 24 hours on a limited basis

2. Describe any limitations on the payment of child care services that exceed 24 consecutive hours.

## II. Child Care Services Unit (CCSU)

1. Indicate below if your district will include 18-, 19-, or 20-year-olds in the CCSU for determining family size and countable family income.

a. The district will include the following in the CCSU (check all that apply)

- 18-year-olds
- 19-year-olds
- 20-year-olds

**OR**

b. The district will only include the following in the CCSU when it will benefit the family (check all that apply)

- 18-year-olds
- 19-year-olds
- 20-year-olds

2. Describe the criteria your district will use to determine whether or not 18-, 19-, or 20-year olds are included in the CCSU.

If the 18, 19 or 20 year old being included in the CCSU benefits the family the financial eligibility determination, they will be included.

## III. Waivers

1. Districts have the authority to request a waiver of any regulatory provision that is non-statutory. The waiver must be approved by OCFS before it can be implemented. Describe and justify why your district is requesting a waiver.
