VI. Reasonable Distance

The following defines "reasonable distance":

A one-way trip, which takes no longer than ninety minutes to accessible childcare and a work activity.

Describe any steps / consultations made to arrive at your definition:

NYS requires each county to define reasonable distance in terms of time and/or distance in miles. Each county must answer the questions, how long (in hours and minutes, or miles) is it reasonable to expect Temporary Assistance and SN recipients to travel, in going from home to work activity site, with a stop at a childcare provider along the way? The answer to these questions varies from county to county, and is dependent upon a number of factors, including the location of the communities where recipients live, the locations of child care providers and employers, and the availability of public and private means of transportation. The Nassau County Department of Social Services (DSS) is responsible for defining reasonable distance for TANF and SN programs, as it relates to childcare accessibility and work activity participation, the availability of public and private transport, and the distribution of employers and childcare providers in Nassau County. This analysis included consultation with the Long Island Regional Office of the

Nassau County: Child Care Assistance Program (CCAP)

NYS Department of Labor and MTA Long Island Bus. BAsed upon this analysis, the above definition of reasonable distance had been developed.

Does the district opt to pay for program closures?

Yes No

IV. Differential Payment Rates

1. Districts must complete the Differential Payment Rate Percent (%) column in the table below for each of the four differential payment rate categories. The state requires a minimum differential of 5% for licensed and registered providers for homelessness and for all providers for non-traditional hours. For these categories, the district must enter "5%" or, if it chooses a higher rate, up to 15%.

The differential payment rate categories for legally exempt providers for homelessness and for nationally accredited programs are optional. If the district chooses not to set differential payment rates, the district must enter zero. If the district chooses to set a differential payment rate, enter the appropriate percentage up to 15 percent (15%). If the district selects a differential payment rate for nationally accredited programs, that rate must be in the range of five percent (5%) to 15 percent (15%). If the district selects a differential payment rate for legally exempt providers for homelessness, the rate may be from 1 percent (1%) to 15 percent (15%).

Differential Payment Rate Category	Differential Payment Rate Percent
Homelessness: Licensed and Registered Providers <i>State required minimum of 5%</i>	15%
Homelessness: Legally Exempt Providers	0%
Non-traditional Hours: All Providers <i>State required minimum of 5%</i>	15%
Nationally Accredited Programs: Licensed and Registered Providers <i>Legally exempt child care providers are not eligible for a differential payment rate for accreditation.</i>	0%

2. For providers that qualify for multiple differential payment rates, the total percentage may not exceed 25% above the applicable market rate or actual cost of care. However, a district may request a waiver from the Office to establish a payment rate that is in excess of 25% above the applicable market rate upon showing that the 25% maximum is insufficient to provide access within the district to child care providers or services that offer care addressing more than one of the differential payment rate categories. If your district wants to establish a total differential payment rate that is more than 25% above the applicable market rate, describe below why the 25% maximum is insufficient to provide access to such child care providers or services.

V. Increased Enhanced Market Rate for Legally Exempt Family and In-Home Child Care Providers

Yes No

2. Indicate if the district is electing to establish an enhanced market rate for child care services provided by legally exempt group child care programs when, in addition to the training required in 18 NYCRR §415.13, the director has completed an approved course and a minimum of 15 hours of approved training annually and each employee with a caregiving role completes a minimum of 5 hours of approved training annually and the enhanced requirements have been verified by the enrollment agency.

VII. Sleep

Does the district choose to expand eligibility for child care assistance beyond the requirements of 18 NYCRR §415.4?

Yes No

If the district chooses to expand eligibility for child care assistance beyond the requirements of 18 NYCRR §415.4, in order to allow a parent or caretaker who works non-traditional hours to sleep, please describe below:

2. Please describe the step-by-step FEDS process for CCAP applications.

a. Describe how the application is reviewed for FEDS indicators and referred to the appropriate investigative unit:

The child care application is reviewed by the eligibility worker, if there is a possible FEDS indicator. The eligibility worker will request additional information from the applicant. If the applicant is unable to verify the information or the information submitted is unsatisfactory, A FEDS referral will be completed. The FEDS is completed electronically in the Nassau County EFRAUD application. Once the form is completed, it is sent electronically to the investigations unit. Once received by the investigations unit, The FEDS is assigned to an investigations worker.

b. Describe how the referral is sent to the investigative unit and assigned to an investigator:

The Referrals are sent to the investigative unit electronically through the EFRAUD system.

Referrals are assigned to investigators based on various factors such as:

- Where the applicant lives or works – we tend to group referrals together by location, in case surveillance or home visits are needed.
- The language that the applicant speaks – although we use Language Line, we also try to assign Spanish speaking applicants with Spanish speaking investigators, when possible.
- The skills that the investigator processes – some investigators are better at handling more complex investigations.
- Investigators current caseload

c. Describe how the investigator completes a report of investigation which includes findings and recommendations:

1. Every case is investigated using various databases, websites, local programs, and state databases including but limited to:

- NYS Department of Motor Vehicles
- The Work Number
- Accurant
- The Welfare Management System
- DSS Address Inquiry (local database)
- DSS General Client Inquiry (local database)

2. Clearance forms are sent such as:

- Postal Clearances
- Shelter Verification forms,
- School Verification forms
- Employment Verification forms

3. Phone calls are made to various individuals and entities, if needed including:

- Landlords
- Employers
- Schools
- Relatives

4. Letters are sent to applicants/recipients requesting documentation, when necessary to resolve an

indicator.

5. Field work is done when an investigation can't be resolved from the desk. Visits are made to various locations, including:

- Employers
- Daycare providers
- Landlords
- Applicant's residence

Evidence is gathered and a summary of the investigation is put into eFraud. The investigation supervisor approves the report. The report is then available to the Eligibility Worker in EFRAUD. The Eligibility Worker will indicate in EFRAUD how the investigation impacted the daycare case (add a Disposition). The Eligibility Supervisor will approve the disposition. A FEDS investigation cannot delay the eligibility decision on a case. If the investigation takes more than 30 days, the eligibility worker will process the application and either open or deny the application based upon the information submitted. FEDS investigations will not be included on the FEDS reporting if they take longer than 30 days.

d. Describe the process for completing and submitting the Monthly FEDS Report to OCFS by the tenth of the following month including the staff member responsible for submitting the report to OCFS:

Referrals and the outcome of the dispositions are captured in EFRAUD. A monthly report is pulled up in EFRAUD. The numbers from the Reports are used to generate the State FEDS report.

Andrew Kornfeld, Caseworker I in the Investigation Department is the person responsible for completing the FEDS Report.

3. List all local CCAP FEDS forms.

EFRAUD Referral is done electronically using the "Nassau County EFRAUD application "

II. Program Integrity

1. Each social services district must submit a description of the sampling methodology used to determine which providers of child care assistance services will be reviewed for the purpose of comparing the child care provider's attendance forms for children receiving CCAP services with any Child and Adult Care Food Program (CACFP) inspection forms to verify that child care was actually provided on the days listed on the attendance forms.

Describe the sampling methodology and review process:

The Nassau County EFRAUDThe Child Care Council of Nassau County conducts inspections of the Family and Group Family Day Care providers in Nassau County who participate in the Child and Adult Food Program (CACFP).

When a daycare provider is suspected of child care fraud, the assigned DSS Day Care Unit will contact the Council to determine whether the provider is participating in the CACFP. If the provider is a participant, the council will review their records to determine whether site visits were made during the period in question. If a site visit was made, the Council will submit copies of the inspection forms to DSS. If a site visit has not been made, the Day Care Unit will request several inspection visits be made by the Council to the suspected provider.

Upon receipt of the inspection forms a comparison will be made between the CACFP inspection report and the Child Care Time and Attendance (CCTA) System attendance records submitted by the provider. If discrepancies between the CACFP form and the CCTA attendance records are found, the provider will be referred to the DSS Office of Investigations for further appropriate actions. The results of which will be either a request for overpayment repayment, disallowed payment, provider disqualification and/or a referral to the Nassau County District Attorney for prosecution. The Day Care unit will also notify either the NYS OCFS regional office and/or the Council of any pertinent information.

Nassau County: Child Care Assistance Program (CCAP)

2. Each social services district must establish a random sampling methodology used to determine which cases will require verification of a recipient's continued need for child care, including, as applicable, verification of participation in employment, education, or other required activities.

Please note: The district cannot use criteria such as race, color, sex, gender identity, sexual orientation, disability, religious creed, political belief or any other factors prohibited by law as indicators in drawing the sample.

Describe the sampling methodology and review process:

1. All child care cases utilizing licensed and registered case will receive recertification at the 12 month period asking for verification of basic eligibility factors.
2. The Nassau County EFRAUD application will be filled out and sent to the Office of Investigations for further investigation. Referral is made for every case where one or more risk indicator is flagged.
