Appropriate childcare will be considered accessible when a TANF applicant/recipient identifies a provider on their own or the agency or the agency provides a referral to the Integrated Community Planning of Oswego County Inc. resulting in a minimum of two referrals meeting the above criteria

Describe any steps / consultations made to arrive at your definition:

IV. Differential Payment Rates

1. Districts must complete the Differential Payment Rate Percent (%) column in the table below for each of the four differential payment rate categories. The state requires a minimum differential of 5% for licensed and registered providers for homelessness and for all providers for non-traditional hours. For these categories, the district must enter "5%" or, if it chooses a higher rate, up to 15%.

The differential payment rate categories for legally exempt providers for homelessness and for nationally accredited programs are optional. If the district chooses not to set differential payment rates, the district must enter zero. If the district chooses to set a differential payment rate, enter the appropriate percentage up to 15 percent (15%). If the district selects a differential payment rate for nationally accredited programs, that rate must be in the range of five percent (5%) to 15 percent (15%). If the district selects a differential payment rate for legally exempt providers for homelessness, the rate may be from 1 percent (1%) to 15 percent (15%).

Differential Payment Rate Category

Differential Payment Rate Percent

Homelessness: Licensed and Registered Providers

State required minimum of 5%

5%

| | |
|--|-----|
| Homelessness: Legally Exempt Providers | 5% |
| Non-traditional Hours: All Providers <i>State required minimum of 5%</i> | 15% |
| Nationally Accredited Programs: Licensed and Registered Providers <i>Legally exempt child care providers are not eligible for a differential payment rate for accreditation.</i> | 5% |

2. For providers that qualify for multiple differential payment rates, the total percentage may not exceed 25% above the applicable market rate or actual cost of care. However, a district may request a waiver from the Office to establish a payment rate that is in excess of 25% above the applicable market rate upon showing that the 25% maximum is insufficient to provide access within the district to child care providers or services that offer care addressing more than one of the differential payment rate categories. If your district wants to establish a total differential payment rate that is more than 25% above the applicable market rate, describe below why the 25% maximum is insufficient to provide access to such child care providers or services.

individual market rate, up to a maximum of 87%.

Part Five: Fraud and Abuse Control Activities

I. Front End Detection System (FEDS) Plan

Each district must submit a CCAP FEDS plan as part of their CFSP. The Front End Detection System (FEDS) is an anti-fraud tool that is designed to identify erroneous or fraudulent information on an assistance application before a case is opened and any benefits are issued.

1. Please mark which of the following indicators, if any, the district uses to determine which CCAP applications suggest a higher than acceptable risk for fraudulent or erroneous CCAP payments:

P.O. Box supplied as a mailing address without a reasonable explanation

Applicant has a history of denial, case closing or overpayment, resulting from an investigation

Applicant is self-employed, but cannot provide adequate business records

Oswego County: Child Care Assistance Program (CCAP)

- Primary tenant with no utility bills in their name
- Information on application is inconsistent with prior case information
- Applicant unsure of their own address
- Applicant cannot supply documentation to verify identity, or identity is suspect
- Documentation or information provided by applicant is inconsistent with the application
- Child care provider lives in the same household as the child
- No absent parent information or information is inconsistent with the application
- Other
Please specify:
 Applicant is working off of the books

2. Please describe the step-by-step FEDS process for CCAP applications.

a. Describe how the application is reviewed for FEDS indicators and referred to the appropriate investigative unit:

- During review of the application for eligibility, the Child Care worker will review the FEDS Mandatory Indicator Chart that is included in our plan for appropriate referral indicators.
- If there are no FEDS indicators identified, the Child Care worker will document in the CCTA notes for case review purposes. If at least one indicator is identified, but the indicator is resolved during the interview by the Child Care worker, the worker will document the indicator and note in CCTA comments how it was resolved.
- If the identified indicator(s) is/are not resolved during the interview, the Child Care worker will document in the case record that a FEDS referral was initiated and sent to the Investigative Unit. The FEDS referral should either be sent via paper or electronic copy.

b. Describe how the referral is sent to the investigative unit and assigned to an investigator:

- A Child Care FEDS referral is sent to the Investigative Unit via email or paper copy to be entered into our Fraud Database and assigned to a Fraud Investigator
- Investigative Support Staff utilize a round robin approach based on territory to assign cases and all are tracked via an internal Access database to help monitor ongoing progress.

c. Describe how the investigator completes a report of investigation which includes findings and recommendations:

- Once a FEDS referral is received from the Child Care Team and has been assigned, the Investigator will review information and complete necessary strategies to confirm/investigate concerns noted. These can include things such as making collateral contacts, contacting the client for additional information, requesting additional documentation to resolve concerns.
- Once an Investigation is completed, Investigators complete an internal Investigative Closing Summary which outlines the allegation and summary/outcome of the investigation.
- The form is sent to the Child Care worker and outcome is noted in our internal Fraud Database - all FEDS investigations are to be completed and returned to the referring examiner within 20 days.

d. Describe the process for completing and submitting the Monthly FEDS Report to OCFS by the tenth of

Oswego County: Child Care Assistance Program (CCAP)

the following month including the staff member responsible for submitting the report to OCFS:

- The Principal SWE over Fraud/Investigations calculates all Child Care FEDS referrals received monthly and identifies outcomes completed within the same month. The same Principal SWE compiles the data and reports to OCFS utilizing the Child Care FEDS Reporting form.

3. List all local CCAP FEDS forms.

- Child Care FEDS Referral
- Investigative Closing Summary

II. Program Integrity

1. Each social services district must submit a description of the sampling methodology used to determine which providers of child care assistance services will be reviewed for the purpose of comparing the child care provider's attendance forms for children receiving CCAP services with any Child and Adult Care Food Program (CACFP) inspection forms to verify that child care was actually provided on the days listed on the attendance forms.

Describe the sampling methodology and review process:

Providers that participate in CACFP are cross referenced with a list of providers receiving subsidized care. Based on this cross-referenced list, a random sampling, at minimum of 5 providers, is selected each month to verify that child care was actually provided on the days that were listed on the CACFP attendance forms.

2. Each social services district must establish a random sampling methodology used to determine which cases will require verification of a recipient's continued need for child care, including, as applicable, verification of participation in employment, education, or other required activities.

Please note: The district cannot use criteria such as race, color, sex, gender identity, sexual orientation, disability, religious creed, political belief or any other factors prohibited by law as indicators in drawing the sample.

Describe the sampling methodology and review process:

- Monthly the Senior SWE over the Child Care Team pulls a random sample of cases from their active caseload via COGNOS report.
- Cases are reviewed to determine if they have had any other recent contact with the agency such as application, recertification or change.
- Once those cases are filtered out - the Senior SWE identifies 5 cases selected for verification review and notifies her staff.

III. Inspections of Child Care Provider Records and Premises

The district may choose to make announced or unannounced inspections of the records and premises of any provider / program that provides child care to children in receipt of child care assistance to determine if the child care provider is in compliance with applicable laws and regulations and any additional requirements imposed on such a provider by the social services district per 18 NYCRR §415.4.

The district has the right to make inspections of any child care provider prior to children in receipt of child care assistance receiving care, including care in a home, to determine if the child care provider is in compliance with applicable laws and regulations and any additional requirements imposed on such a provider by the district.

The district must report violations of regulations as follows:

Oswego County: Child Care Assistance Program (CCAP)

- Violations by a licensed or registered child care provider must be reported to the applicable Office of Children and Families (OCFS) Regional Office.
- Violations or areas of non-compliance by an enrolled or enrolling legally exempt child care provider must be reported to the applicable Enrollment Agency.

Does the district choose to make inspections of such child care providers / programs?

Yes No
