IV. Differential Payment Rates

1. Districts must complete the Differential Payment Rate Percent (%) column in the table below for each of the four differential payment rate categories. The state requires a minimum differential of 5% for licensed and registered providers for homelessness and for all providers for non-traditional hours. For these categories, the district must enter "5%" or, if it chooses a higher rate, up to 15%.

The differential payment rate categories for legally exempt providers for homelessness and for nationally accredited programs are optional. If the district chooses not to set differential payment rates, the district must enter zero. If the district chooses to set a differential payment rate, enter the appropriate percentage up to 15 percent (15%). If the district selects a differential payment rate for nationally accredited programs, that rate must be in the range of five percent (5%) to 15 percent (15%). If the district selects a differential payment rate for legally exempt providers for homelessness, the rate may be from 1 percent (1%) to 15 percent (15%).

Differential Payment Rate Category	Differential Payment Rate Percent
Homelessness: Licensed and Registered Providers <i>State required minimum of 5%</i>	5%
Homelessness: Legally Exempt Providers	5%
Non-traditional Hours: All Providers <i>State required minimum of 5%</i>	5%
Nationally Accredited Programs: Licensed and Registered Providers <i>Legally exempt child care providers are not eligible for a differential payment rate for accreditation.</i>	5%

2. For providers that qualify for multiple differential payment rates, the total percentage may not exceed 25% above the applicable market rate or actual cost of care. However, a district may request a waiver from the Office to establish a payment rate that is in excess of 25% above the applicable market rate upon showing that the 25% maximum is insufficient to provide access within the district to child care providers or services that offer care addressing more than one of the differential payment rate categories. If your district wants to

establish a total differential payment rate that is more than 25% above the applicable market rate, describe below why the 25% maximum is insufficient to provide access to such child care providers or services.

V. Increased Enhanced Market Rate for Legally Exempt Family and In-Home Child Care Providers

No Yes

2. If yes, indicate the percent (71%–75%), not to exceed 75%, of the child care market rate established for registered family day care.

Indicate if the district is electing to establish an enhanced market rate for child care services provided by legally exempt group child care programs that have prepared an approved health care plan and have at least one caregiver in each classroom with age appropriate cardiopulmonary resuscitation (CPR) certification and the enhanced requirements have been verified by the enrollment agency.

Yes No

2. Indicate if the district is electing to establish an enhanced market rate for child care services provided by legally exempt group child care programs when, in addition to the training required in 18 NYCRR §415.13, the director has completed an approved course and a minimum of 15 hours of approved training annually and each employee with a caregiving role completes a minimum of 5 hours of approved training annually and the enhanced requirements have been verified by the enrollment agency.

Yes No

If a district chooses to establish both legally exempt group child care enhanced rates and a program is eligible for both enhanced rates, then the enhanced market rate must be based on the percentages selected for each individual market rate, up to a maximum of 87%.

Does the district choose to expand eligibility for child care assistance beyond the requirements of 18 NYCRR §415.4?

Yes No

Part Five: Fraud and Abuse Control Activities

I. Front End Detection System (FEDS) Plan

Each district must submit a CCAP FEDS plan as part of their CFSP. The Front End Detection System (FEDS) is an anti-fraud tool that is designed to identify erroneous or fraudulent information on an assistance application before a case is opened and any benefits are issued.

1. Please mark which of the following indicators, if any, the district uses to determine which CCAP applications suggest a higher than acceptable risk for fraudulent or erroneous CCAP payments:

- P.O. Box supplied as a mailing address without a reasonable explanation
- Applicant has a history of denial, case closing or overpayment, resulting from an investigation
- Applicant is self-employed, but cannot provide adequate business records

- Primary tenant with no utility bills in their name
- Information on application is inconsistent with prior case information
- Applicant unsure of their own address
- Applicant cannot supply documentation to verify identity, or identity is suspect
- Documentation or information provided by applicant is inconsistent with the application
- Child care provider lives in the same household as the child
- No absent parent information or information is inconsistent with the application
- Other
Please specify:

2. Please describe the step-by-step FEDS process for CCAP applications.

a. Describe how the application is reviewed for FEDS indicators and referred to the appropriate investigative unit:

The child care worker is responsible to refer any case that has been identified to have FEDS indicator to the legal department. Additionally, the child care worker will refer issues of dispute or complaints received, written, verbal or anonymous, in writing to the legal department for investigation. The legal department will have less than 30 days to resolve the issue. If the day care worker determines an overpayment or ineligibility for past payments a written refusal to the legal department is mandated pursuant for pursuit of collection of assistance incorrectly granted. Prior to referring any case to the legal department, the child care worker will attempt to resolve the issue or dispute directly with the provider and client.

b. Describe how the referral is sent to the investigative unit and assigned to an investigator:

The child care worker is responsible to refer any case that has been identified to have FEDS indicator to the legal department. Additionally, the child care worker will refer issues of dispute or complaints received, written, verbal or anonymous, in writing to the legal department for investigation. If the day care worker determines an overpayment or ineligibility for past payments a written refusal to the legal department is mandated pursuant for pursuit of collection of assistance incorrectly granted

c. Describe how the investigator completes a report of investigation which includes findings and recommendations:

The investigator will submit a written report to the legal department for review and follow up

d. Describe the process for completing and submitting the Monthly FEDS Report to OCFS by the tenth of the following month including the staff member responsible for submitting the report to OCFS:

The investigator in the legal department will submit any reports necessary

3. List all local CCAP FEDS forms.

II. Program Integrity

1. Each social services district must submit a description of the sampling methodology used to determine **Putnam County: Child Care Assistance Program (CCAP)**

which providers of child care assistance services will be reviewed for the purpose of comparing the child care provider's attendance forms for children receiving CCAP services with any Child and Adult Care Food Program (CACFP) inspection forms to verify that child care was actually provided on the days listed on the attendance forms.

Describe the sampling methodology and review process:

Putnam currently has approximately 18 providers who are not day care centers in the CACFP program. We subcontract with the Child Care Council of Dutchess to do food program inspections. The Council forwards the attendance forms from each inspection to the Department where annually 15 of the 18 providers are selected for a point in time review. The day care worker will contact the Council and request a list of 2 providers that had site visits done that month along with the names of the subsidy children present at the time of the visit. The day care worker will then compare that information to the attendance forms for the provider to verify that DSS was billed correctly. Any discrepancies will be referred in writing to the Legal Department for further action.

2. Each social services district must establish a random sampling methodology used to determine which cases will require verification of a recipient's continued need for child care, including, as applicable, verification of participation in employment, education, or other required activities.

Please note: The district cannot use criteria such as race, color, sex, gender identity, sexual orientation, disability, religious creed, political belief or any other factors prohibited by law as indicators in drawing the sample.

Describe the sampling methodology and review process:

Every quarter the state gives us a random sampling of cases to create a quarterly report for them. Usually for Putnam it is only one or two cases. We will review a minimum of one case provided by the State on a quarterly basis or four cases annually. The district will request additional documentation from the parent/caregiver to verify participation in employment, education or other required activities to ensure that the recipient is still in need and qualifies for the child care benefit. If it is learned throughout this review that the recipient no longer qualifies for child care benefits, the district will follow statutory guidelines.

III. Inspections of Child Care Provider Records and Premises

The district may choose to make announced or unannounced inspections of the records and premises of any provider / program that provides child care to children in receipt of child care assistance to determine if the child care provider is in compliance with applicable laws and regulations and any additional requirements imposed on such a provider by the social services district per 18 NYCRR §415.4.

The district has the right to make inspections of any child care provider prior to children in receipt of child care assistance receiving care, including care in a home, to determine if the child care provider is in compliance with applicable laws and regulations and any additional requirements imposed on such a provider by the district.

The district must report violations of regulations as follows:

- Violations by a licensed or registered child care provider must be reported to the applicable Office of Children and Families (OCFS) Regional Office.
- Violations or areas of non-compliance by an enrolled or enrolling legally exempt child care provider must be reported to the applicable Enrollment Agency.

Does the district choose to make inspections of such child care providers / programs?

Yes No
