APPENDIX G-3

III. Reasonable Distance, Very Low Income, Definition of Engaged In Work For Child Care In Lieu of Temporary Assistance, Family Share, Case Closings and Openings, and Fraud and Abuse Control Activities_ (Required Section)

Reasonable Distance

Your district is required to define reasonable distance based on community standards for determining accessible child care.

The following defines "reasonable distance": **20 miles**

Describe any steps/consultations made to arrive at your definition: **An internal review took place which included discussions with child care staff in Temporary Assistance and Children's Services. Agency took into consideration the size and rural nature of our county. We considered travel to where the major employment areas are in relation to where day care centers and/or homes are located in the county.**

Very Low Income

Very Low Income is defined by each district and is used in determining priorities for child care benefits.

Very Low Income is defined as **200%** of the State Income Standard.

Family Share

Family share is the weekly amount paid towards the costs of the child care services by the child's parent or caretaker. In establishing family share, your district must select a percentage from 10% to 35% to use in calculating the family share. The family share of child care is calculated by applying the family share percentage against the amount of the family's annual gross income that is in excess of the State Income Standard divided by 52.

Family Share Percentage selected by our district **25%**.

Case Closings (select one or two)

1. The district must describe below how priority is given to federally mandated priorities and describe local priorities. If all NYSCCBG funds are committed, the district will discontinue funding to those families that have lower priorities in order to serve families with higher priorities. Described below is how the district will select cases to be closed in the event that there are insufficient or no funds available.

2. The district has not established priorities beyond the federally-mandated priorities. If all NYSCCBG funds are committed, case closings for families which are not eligible under a child care guarantee and are not a federally-mandated priority must be based on the length of time in receipt of services. The length of time used to close cases may be based either on the shortest or longest time receiving child care services but must be consistent for all families. The district has chosen to close cases based on:

- shortest time receiving child care services
- longest time receiving child care services

Case Openings

The district must describe below how priority is given to federally mandated priorities and how the district will select cases to be opened in the event that there are insufficient funds available.

Apply the "Very Low Income" definitions first. Next will be children with special needs. In cases where information is duplicated Agency will determine date of application received within the Agency from cases on the waiting list. Cases will be opened based on earliest application date if eligible to receive the service.

Fraud and Abuse Control Activities

The district must identify below the criteria it will use to determine which child care subsidy applications suggest a higher than acceptable risk for fraudulent or erroneous child care subsidy payment and procedures for referring such applications to the district's front end detection system.

See enclosed EVR Plan completed by Liz Thomas of the fraud unit.

FEDS Indicators;

- 1) Application is inconsistent with prior case information**
- 2) Prior history of denial, case closing or overpayment resulting from an investigation**
- 3) Landlord does not verify household composition or provides information inconsistent with application**
- 4) No absent parent information or information is inconsistent with application**
- 5) Child Care Provider lives in the same household as child**

The district must describe below its sampling methodology used to determine which cases it will seek verification of an applicant or recipient's continued need for child care including, as applicable, verification of participation in employment, education or other required activities.

St. Lawrence County has 6-month recertificationans and looks at 100% of the low income cases and veitffies the continued need for child care by obtaining pay stubs, statements from emplyers,and school schedules.

The district must describe below its sampling methodology used to determine which child care providers of subsidized child care services they will review for the purpose of comparing the child care providers' attendance forms for children receiving subsidized child care services and any child and adult care food program inspection forms to verify that child care was actually provided on the days listed on the attendance forms.

St Lawrence County has approximately 50 child care providers that participate in CACFP (the actual number fluctuates as new providers participate and others leave CACFP). The child care council has agreed to randomly select 4 providers per month, if the provider has previously been selected or does not care for subsidized children they will not be included in the sample. The child care council will determine the last time a CACFP inspection was completed and the subsidized children seen at that inspection. The subsidized children's name will be compared with the subsidy attendance forms submitted by the provider, to the district, to verify that child care was actually provided on the days listed on the attendance forms. The council will give the results to the district. The district will follow up with any inconsistencies.

APPENDIX G-4

TRANSPORTATION, DIFFERENTIAL PAYMENT RATES, ENHANCED MARKET
RATES FOR LEGALLY EXEMPT, SLEEP**

Transportation

Describe below under what circumstances and limitations if any your district will use to reimburse for transportation, what type of transportation will be reimbursed (public vs. private), and how much your district will pay (per mile or trip). Note if paying for transportation, Appendix F will need to reflect this choice.

DSS provides transportation for any Protective or Children's Services eligible client who may not be able to get their child(ren) to day care. DSS pays taxis, DSS volunteer driver, commercial buses. Volunteer drivers are reimbursed at the State rate designated for that year.

Differential Payment Rates

Indicate below the percentage above the market rate your district has chosen.

Accredited Programs may receive a differential payment up to _____ % above market rate.

Care during non-traditional hours may be paid up to _____ % above market rate.

Limitations to the above differentials are as follows:

Payments may not exceed 15% above market rate. However, if your district wishes to establish a payment rate that is in excess of 15% above the applicable market rate must describe below why the 15% maximum is insufficient to provide access within the district to accredited programs and/or care provided during non-traditional hours.

Enhanced Market Rate For Legally-Exempt Family and In-Home Child Care Providers

If a district elects to establish a payment rate that is in excess of the enhanced market rate for legally- exempt family and in-home child care providers who have annually completed 10 or more hours of training and the training has been verified by the legally-exempt care giver enrollment agency. The district must state the percentage above the market rate it proposes to use.

Our district is requesting to increase the legally-exempt enhanced market rate up to _____ percent of the applicable registered family day care market rate. Market rate may not exceed 75 percent (75%) of the child care market rates established for registered family day care.

A district that selects the option to increase the legally-exempt enhanced market rate must select one of the options listed below for implementation of the legally-exempt enhanced market rate:

for all legally-exempt family and in-home child care providers that have been approved by the applicable legally-exempt caregiver enrollment agency; or

for those legally-exempt family and in-home child care providers who were receiving the enhanced rate on the date of the regulations, but only for the remainder of their current one-year enrollment period; or

for those legally-exempt family and in-home child care providers who were receiving the enhanced rate on the date of the regulations, for the remainder of the time they remain enrolled and continue to meet the ten-hour annual training requirement.
