#### IV. Differential Payment Rates

1. Districts must complete the Differential Payment Rate Percent (%) column in the table below for each of the four differential payment rate categories. The state requires a minimum differential of 5% for licensed and registered providers for homelessness and for all providers for non-traditional hours. For these categories, the district must enter "5%" or, if it chooses a higher rate, up to 15%.

The differential payment rate categories for legally exempt providers for homelessness and for nationally accredited programs are optional. If the district chooses not to set differential payment rates, the district must enter zero. If the district chooses to set a differential payment rate, enter the appropriate percentage up to 15 percent (15%). If the district selects a differential payment rate for nationally accredited programs, that rate must be in the range of five percent (5%) to 15 percent (15%). If the district selects a differential payment rate for legally exempt providers for homelessness, the rate may be from 1 percent (1%) to 15 percent (15%).

<b>Differential Payment Rate Category</b>	<b>Differential Payment Rate Percent</b>
<b>Homelessness: Licensed and Registered Providers</b> <i>State required minimum of 5%</i>	5%
<b>Homelessness: Legally Exempt Providers</b>	0%
<b>Non-traditional Hours: All Providers</b> <i>State required minimum of 5%</i>	15%
<b>Nationally Accredited Programs: Licensed and Registered Providers</b> <i>Legally exempt child care providers are not eligible for a differential payment rate for accreditation.</i>	0%

2. For providers that qualify for multiple differential payment rates, the total percentage may not exceed 25% above the applicable market rate or actual cost of care. However, a district may request a waiver from the Office to establish a payment rate that is in excess of 25% above the applicable market rate upon showing that the 25% maximum is insufficient to provide access within the district to child care providers or services that offer care addressing more than one of the differential payment rate categories. If your district wants to establish a total differential payment rate that is more than 25% above the applicable market rate, describe below why the 25% maximum is insufficient to provide access to such child care providers or services.

## V. Increased Enhanced Market Rate for Legally Exempt Family and In-Home Child Care Providers

Indicate if the district is electing to establish an enhanced market rate for child care services provided by legally exempt group child care programs that have prepared an approved health care plan and have at least one caregiver in each classroom with age appropriate cardiopulmonary resuscitation (CPR) certification and the enhanced requirements have been verified by the enrollment agency.

Yes     No

If a district chooses to establish both legally exempt group child care enhanced rates and a program is eligible for both enhanced rates, then the enhanced market rate must be based on the percentages selected for each individual market rate, up to a maximum of 87%.

## VII. Sleep

Does the district choose to expand eligibility for child care assistance beyond the requirements of 18 NYCRR §415.4?

Yes     No

-----

## Part Five: Fraud and Abuse Control Activities

---

### I. Front End Detection System (FEDS) Plan

Each district must submit a CCAP FEDS plan as part of their CFSP. The Front End Detection System (FEDS) is an anti-fraud tool that is designed to identify erroneous or fraudulent information on an assistance application before a case is opened and any benefits are issued.

1. Please mark which of the following indicators, if any, the district uses to determine which CCAP applications suggest a higher than acceptable risk for fraudulent or erroneous CCAP payments:

- P.O. Box supplied as a mailing address without a reasonable explanation
- Applicant has a history of denial, case closing or overpayment, resulting from an investigation

**Schuyler County:** Child Care Assistance Program (CCAP)

- Applicant is self-employed, but cannot provide adequate business records
- Primary tenant with no utility bills in their name
- Information on application is inconsistent with prior case information
- Applicant unsure of their own address
- Applicant cannot supply documentation to verify identity, or identity is suspect
- Documentation or information provided by applicant is inconsistent with the application
- Child care provider lives in the same household as the child
- No absent parent information or information is inconsistent with the application
- Other  
Please specify:  
Working off the books, currently or previously

2. Please describe the step-by-step FEDS process for CCAP applications.

a. Describe how the application is reviewed for FEDS indicators and referred to the appropriate investigative unit:

All applications are screened through WMS Clearance Reports, fraud files and CAMS and any discrepancies are noted in the case record. If one or more unresolved FEDS indicators are discovered during the eligibility process the eligibility worker will submit a FEDS Referral to the Fraud Unit within one week of receipt of the application, with a copy of the application and any other pertinent documentation. A FEDS form is completed for each new application indicating either no indicator present, indicator present but with reasonable explanation, or referred for investigation.

b. Describe how the referral is sent to the investigative unit and assigned to an investigator:

FEDS referrals are hand delivered to the investigative unit, logged into a database for tracking and reporting purposes, and assigned to Fraud Unit staff on a rotating basis

c. Describe how the investigator completes a report of investigation which includes findings and recommendations:

During each step of our investigation notes are kept and included in our FEDS investigative file. Our FEDS Referral Form has a section on the reverse side of form for FEDS Referral Response. Our Response has four categories, 1. FEDS investigation found no additional eligibility information; 2. Applicant requests withdrawal of application; 3. Applicant failed to show for interview; and 4. The following information must be considered in making an eligibility determination. Number 4 is where we would provide a summary of our findings and recommendations.

d. Describe the process for completing and submitting the Monthly FEDS Report to OCFS by the tenth of the following month including the staff member responsible for submitting the report to OCFS:

We utilize an Excel spreadsheet for monitoring and tracking all incoming FEDS referrals and the case dispositions. The spreadsheet is reviewed each month to complete the monthly FEDS Report to OCFS. Tammy Brown is in charge of the Fraud Unit and is responsible for submitting the monthly FEDS report.

3. List all local CCAP FEDS forms.

**Schuyler County:** Child Care Assistance Program (CCAP)

## II. Program Integrity

1. Each social services district must submit a description of the sampling methodology used to determine which providers of child care assistance services will be reviewed for the purpose of comparing the child care provider's attendance forms for children receiving CCAP services with any Child and Adult Care Food Program (CACFP) inspection forms to verify that child care was actually provided on the days listed on the attendance forms.

Describe the sampling methodology and review process:

CACFP inspections are completed by a contract agency, Pro-Action, three to four times per year. Not including our only Center, MyPlace, Schuyler County currently has only three children receiving both CCAP and CACFP. Pro-Action will notify our Fraud Director each time an inspection is completed and due to the low enrollment number we would review each case for potential discrepancies.

2. Each social services district must establish a random sampling methodology used to determine which cases will require verification of a recipient's continued need for child care, including, as applicable, verification of participation in employment, education, or other required activities.

*Please note: The district cannot use criteria such as race, color, sex, gender identity, sexual orientation, disability, religious creed, political belief or any other factors prohibited by law as indicators in drawing the sample.*

Describe the sampling methodology and review process:

The District will randomly select cases based on a sample size of approximately 25%, or 4 per quarter, using the current caseload of approximately 60. The Child Care Supervisor or Fraud Unit will randomly select 4 cases and verify employment through The Work Number if employed. If the consumer's employment isn't listed on The Work Number the Child Care Supervisor or Fraud Unit will use IEDR to check for verification of employment in other DSS programs that are currently active, such as SNAP or Medicaid. If the consumer is in a vocational or educational program the Child Care Supervisor or Fraud Unit will check IEDR for any other active cases with the district and see if the need for care can be verified with the information available. If verification can't be obtained through IEDR the Child Care Supervisor will request updated current employment information including work schedule, education/school schedule or vocational training schedule from the consumer.

## III. Inspections of Child Care Provider Records and Premises

The district may choose to make announced or unannounced inspections of the records and premises of any provider / program that provides child care to children in receipt of child care assistance to determine if the child care provider is in compliance with applicable laws and regulations and any additional requirements imposed on such a provider by the social services district per 18 NYCRR §415.4.

The district has the right to make inspections of any child care provider prior to children in receipt of child care assistance receiving care, including care in a home, to determine if the child care provider is in compliance with applicable laws and regulations and any additional requirements imposed on such a provider by the district.

The district must report violations of regulations as follows:

- Violations by a licensed or registered child care provider must be reported to the applicable Office of Children and Families (OCFS) Regional Office.
- Violations or areas of non-compliance by an enrolled or enrolling legally exempt child care provider must be reported to the applicable Enrollment Agency.

Does the district choose to make inspections of such child care providers / programs?

- Yes     No
