APPENDIX M#1: Reasonable Distance, Recertification Period, Family Share, Very Low Income, Federal and Local Priorities

The following sections of Appendix M#1 of the CFSP are replaced with this form as of December 1, 2021.

II. Recertification Period

○ Our district acknowledges that the district's recertification period is every 12 months.

IV. Very Low Income

☑ Our district acknowledges that "Very Low Income" is defined as 200% of the state income standard (SIS).

V. Federal and Local Priorities

1. The district must rank the federally mandated priorities. Cases that are ranked 1 have the highest priority for receiving child care assistance. These rankings apply to case closings and case openings.

The district ranks the federal priorities as follows (number 1 through 3):

3	_ Very low income (200% SIS)
2	Families with income up to 200% of the SIS who have a child with special needs and a need for child care
1	_ Families with income up to 200% of the SIS who are experiencing homelessness

2. If the district has local priorities, list them below and rank beginning with rank 4. Local priorities cannot replace the federally mandated priorities, cannot be based on income, and cannot have the effect of limiting parental choice of eligible child care providers.

The district has the following local priorities (rank beginning with 4; if none, write "none"):

- 4- Full- time working parents (30 hours per week or more)
- 5-Part- time working parents (working less than 30 hours per week)
- 6- Parents actively engaged in job search
- 7- Teen parents in approved training/ educational programs
- 8-Parents attending an approved higher education program or an approved vocational program

APPENDIX M #2: Case Openings, Case Closings, and Waiting List

The following sections of Appendix M#2 of the CFSP are replaced with this form as of December 1, 2021.

II. Title XX. Case Closings When Sufficient Funds Are Not Available

If the district does not use Title XX funds for child care assistance, indicate below.

If the district elects to use Title XX funds to provide child care assistance and the district does not have sufficient funds to continue to provide such assistance to all families in its current caseload, the district may decide to discontinue assistance. The district may establish priorities upon which the district will close cases if sufficient funds are not available. If no priorities are established and all funds are committed, case closings for families must be based on the length of time they have received services (must choose #1 below).

Select a closing plan from the options below and indicate how it will be implemented (e.g., shortest length of time to longest length of time).		
X	The district does not use Title XX funds for child care assistance.	
	The district uses Title XX funds for child care assistance and has the following plan to close such cases when funds are not available:	

Close cases based on AMOUNT OF TIME receiving child care services.
 Note: This option must be selected if the district indicated in Appendix M#1 that it does not have local priorities.

☐ The district will close cases starting	g from the shortest time receiving child
care services to the longest time.	

☐ The district will close cases starting from the longest time receiving child care services to the shortest time.

3. Close cases based on CATEGORY OF FAMILY. 4. Close cases based on INCOME AND CATEGORY OF FAMILY. 5. Close cases based on OTHER CRITERIA.
