IV. Differential Payment Rates

1. Districts must complete the Differential Payment Rate Percent (%) column in the table below for each of the four differential payment rate categories. The state requires a minimum differential of 5% for licensed and registered providers for homelessness and for all providers for non-traditional hours. For these categories, the district must enter "5%" or, if it chooses a higher rate, up to 15%.

The differential payment rate categories for legally exempt providers for homelessness and for nationally accredited programs are optional. If the district chooses not to set differential payment rates, the district must enter zero. If the district chooses to set a differential payment rate, enter the appropriate percentage up to 15 percent (15%). If the district selects a differential payment rate for nationally accredited programs, that rate must be in the range of five percent (5%) to 15 percent (15%). If the district selects a differential payment rate for legally exempt providers for homelessness, the rate may be from 1 percent (1%) to 15 percent (15%).

Differential Payment Rate Category	Differential Payment Rate Percent
Homelessness: Licensed and Registered Providers <i>State required minimum of 5%</i>	15%
Homelessness: Legally Exempt Providers	15%
Non-traditional Hours: All Providers <i>State required minimum of 5%</i>	5%
Nationally Accredited Programs: Licensed and Registered Providers <i>Legally exempt child care providers are not eligible for a differential payment rate for accreditation.</i>	5%

2. For providers that qualify for multiple differential payment rates, the total percentage may not exceed 25% above the applicable market rate or actual cost of care. However, a district may request a waiver from the Office to establish a payment rate that is in excess of 25% above the applicable market rate upon showing that the 25% maximum is insufficient to provide access within the district to child care providers or services that offer care addressing more than one of the differential payment rate categories. If your district wants to establish a total differential payment rate that is more than 25% above the applicable market rate, describe below why the 25% maximum is insufficient to provide access to such child care providers or services.

Part Five: Fraud and Abuse Control Activities

I. Front End Detection System (FEDS) Plan

Each district must submit a CCAP FEDS plan as part of their CFSP. The Front End Detection System (FEDS) is an **Warren County**: Child Care Assistance Program (CCAP)

anti-fraud tool that is designed to identify erroneous or fraudulent information on an assistance application before a case is opened and any benefits are issued.

1. Please mark which of the following indicators, if any, the district uses to determine which CCAP applications suggest a higher than acceptable risk for fraudulent or erroneous CCAP payments:

- P.O. Box supplied as a mailing address without a reasonable explanation
- Applicant has a history of denial, case closing or overpayment, resulting from an investigation
- Applicant is self-employed, but cannot provide adequate business records
- Primary tenant with no utility bills in their name
- Information on application is inconsistent with prior case information
- Applicant unsure of their own address
- Applicant cannot supply documentation to verify identity, or identity is suspect
- Documentation or information provided by applicant is inconsistent with the application
- Child care provider lives in the same household as the child
- No absent parent information or information is inconsistent with the application
- Other
Please specify:

2. Please describe the step-by-step FEDS process for CCAP applications.

a. Describe how the application is reviewed for FEDS indicators and referred to the appropriate investigative unit:

If one or more of the above indicators is present in a case the case will be referred to FEDS in the DSS Fraud Unit.

b. Describe how the referral is sent to the investigative unit and assigned to an investigator:

A OTDA Request for Action form is completed and hand delivered to the Fraud Unit. Upon receipt of a Request for Action the matter is assigned to a Fraud Investigator.

c. Describe how the investigator completes a report of investigation which includes findings and recommendations:

The investigator reviews the case records and State regulations. Depending on the nature of the investigation the investigator may conduct field, in office, or phone interviews with the subject recipient and/or collateral contacts to make a determination as to whether the subject recipient was fully eligible, eligible for reduced benefits, or not eligible for any benefits. The findings and recommendations are put in a memo and provided to the Child Care Unit.

d. Describe the process for completing and submitting the Monthly FEDS Report to OCFS by the tenth of the following month including the staff member responsible for submitting the report to OCFS:

The Fraud unit uses a computer program (currently a locally maintained FoxPro application – this however, will soon be obsolete and a new program or Excel workbook will be implemented) to input

Warren County: Child Care Assistance Program (CCAP)

complaints regarding possible fraudulent actions, which includes marking the complaint as a FEDS referral. At the end of the month the Supervising DSS Investigator reviews all investigations completed during the month and inputs the results of the investigations into the computer program, including whether or not the investigation resulted in a finding of no errors, with discrepancies detected affecting the budget, with discrepancies not affecting the budget, or if the application was denied or withdrawn for reasons other than FEDS. The FoxPro program, using the Child Care cases that were marked as FEDS, is then used to generate a report, with similar properties to the Excel Child Care FEDS report provided by the State, the FoxPro report is then transcribed onto the State Excel report which is then emailed to Ocfs.sm.districtsupport.subsidy@ocfs.ny.gov.

3. List all local CCAP FEDS forms.

Warren County does not utilize local forms.

II. Program Integrity

1. Each social services district must submit a description of the sampling methodology used to determine which providers of child care assistance services will be reviewed for the purpose of comparing the child care provider's attendance forms for children receiving CCAP services with any Child and Adult Care Food Program (CACFP) inspection forms to verify that child care was actually provided on the days listed on the attendance forms.

Describe the sampling methodology and review process:

The Southern Adirondack Child Care Network sends Warren County their monitoring format quarterly for the child care providers for whom they completed a Child and Adult Care Food Program Inspection form. We compare these with our billing forms for the providers that are subsidized by the Department. If discrepancies are noted between the forms regarding attendance dates and billing dates a referral is made to the DSS Fraud Unit.

2. Each social services district must establish a random sampling methodology used to determine which cases will require verification of a recipient's continued need for child care, including, as applicable, verification of participation in employment, education, or other required activities.

Please note: The district cannot use criteria such as race, color, sex, gender identity, sexual orientation, disability, religious creed, political belief or any other factors prohibited by law as indicators in drawing the sample.

Describe the sampling methodology and review process:

Warren County conducts informal random reviews of 3-5 cases per month. The child care examiners mail a Random Review Request form to families requesting updated income information, current child support payment information, current college/class schedule print out, employment schedule and changes to household composition. Cases are referred to the DSS Fraud Unit if information is inconsistent, Warren County also conducts Child Care Quarterly case Level Reports as requested by OCFS.

III. Inspections of Child Care Provider Records and Premises

The district may choose to make announced or unannounced inspections of the records and premises of any provider / program that provides child care to children in receipt of child care assistance to determine if the child care provider is in compliance with applicable laws and regulations and any additional requirements imposed on such a provider by the social services district per 18 NYCRR §415.4.

The district has the right to make inspections of any child care provider prior to children in receipt of child care assistance receiving care, including care in a home, to determine if the child care provider is in compliance with applicable laws and regulations and any additional requirements imposed on such a provider by the district.

The district must report violations of regulations as follows:

Warren County: Child Care Assistance Program (CCAP)

- Violations by a licensed or registered child care provider must be reported to the applicable Office of Children and Families (OCFS) Regional Office.
- Violations or areas of non-compliance by an enrolled or enrolling legally exempt child care provider must be reported to the applicable Enrollment Agency.

Does the district choose to make inspections of such child care providers / programs?

Yes No
