Wyoming County: Child Care Assistance Program (CCAP)

IV. Differential Payment Rates

1. Districts must complete the Differential Payment Rate Percent (%) column in the table below for each of the four differential payment rate categories. The state requires a minimum differential of 5% for licensed and registered providers for homelessness and for all providers for non-traditional hours. For these categories, the district must enter "5%" or, if it chooses a higher rate, up to 15%.

The differential payment rate categories for legally exempt providers for homelessness and for nationally accredited programs are optional. If the district chooses not to set differential payment rates, the district must enter zero. If the district chooses to set a differential payment rate, enter the appropriate percentage up to 15 percent (15%). If the district selects a differential payment rate for nationally accredited programs, that rate must be in the range of five percent (5%) to 15 percent (15%). If the district selects a differential payment rate for legally exempt providers for homelessness, the rate may be from 1 percent (1%) to 15 percent (15%).

Differential Payment Rate Category	Differential Payment Rate Percent
Homelessness: Licensed and Registered Providers <i>State required minimum of 5%</i>	5%
Homelessness: Legally Exempt Providers	0%
Non-traditional Hours: All Providers <i>State required minimum of 5%</i>	5%
Nationally Accredited Programs: Licensed and Registered Providers <i>Legally exempt child care providers are not eligible for a differential payment rate for accreditation.</i>	0%

2. For providers that qualify for multiple differential payment rates, the total percentage may not exceed 25% above the applicable market rate or actual cost of care. However, a district may request a waiver from the Office to establish a payment rate that is in excess of 25% above the applicable market rate upon showing that the 25% maximum is insufficient to provide access within the district to child care providers or services that offer care addressing more than one of the differential payment rate categories. If your district wants to establish a total differential payment rate that is more than 25% above the applicable market rate, describe below why the 25% maximum is insufficient to provide access to such child care providers or services.

V. Increased Enhanced Market Rate for Legally Exempt Family and In-Home Child Care Providers

2. Indicate if the district is electing to establish an enhanced market rate for child care services provided by legally exempt group child care programs when, in addition to the training required in 18 NYCRR §415.13, the director has completed an approved course and a minimum of 15 hours of approved training annually and each employee with a caregiving role completes a minimum of 5 hours of approved training annually and the enhanced requirements have been verified by the enrollment agency.

Does the district choose to expand eligibility for child care assistance beyond the requirements of 18 NYCRR §415.4?

Yes No

If the district chooses to expand eligibility for child care assistance beyond the requirements of 18 NYCRR §415.4, in order to allow a parent or caretaker who works non-traditional hours to sleep, please describe below:

In such cases, the district may create an exception to the applicability stated above.

Note: The Child Care Facility System cannot track such exceptions and, therefore, the district remains responsible for notifying the applicable Enrollment Agency, using the OCFS-2114, District Notification to Legally Exempt Caregiver Enrollment Agency, that an additional standard is "not applicable" to the specific provider / person named on the referral list.

Part Five: Fraud and Abuse Control Activities

I. Front End Detection System (FEDS) Plan

Each district must submit a CCAP FEDS plan as part of their CFSP. The Front End Detection System (FEDS) is an anti-fraud tool that is designed to identify erroneous or fraudulent information on an assistance application before a case is opened and any benefits are issued.

1. Please mark which of the following indicators, if any, the district uses to determine which CCAP applications suggest a higher than acceptable risk for fraudulent or erroneous CCAP payments:

- P.O. Box supplied as a mailing address without a reasonable explanation
- Applicant has a history of denial, case closing or overpayment, resulting from an investigation
- Applicant is self-employed, but cannot provide adequate business records
- Primary tenant with no utility bills in their name
- Information on application is inconsistent with prior case information
- Applicant unsure of their own address
- Applicant cannot supply documentation to verify identity, or identity is suspect
- Documentation or information provided by applicant is inconsistent with the application
- Child care provider lives in the same household as the child
- No absent parent information or information is inconsistent with the application
- Other
Please specify:
Applicant is working off the books--- Applicant cannot provide a berth certificate for a child younger than six

2. Please describe the step-by-step FEDS process for CCAP applications.

a. Describe how the application is reviewed for FEDS indicators and referred to the appropriate investigative unit:

Wyoming County utilizes our local fraud referral flow chart. When an indicator is identified, the process is as follows: Childcare worker interviews the client, works with the client(s) to resolve the issue through

communication with the applicant prior to the FEDS referral, if no resolutions with the applicant occurs, the worker completes appropriate referral, supervisor reviews the referral, the supervisor then forwards the referral to the Community Services Worker (CSW) in the fraud unit. The referral is data entered into a fraud tracker database, then forwarded to the investigator. Should there be any important changes to the application, the eligibility worker will notify the investigator through electronic and with in person communication. The completed investigation is given to the Director for approval. The referral is then given back to the Community Services Worker for data entry and forwarded to the Principal Program Specialist (PPS) for review and assignment. The assigned worker will take appropriate action and send copies of the original referral, with action taken to the investigator.

b. Describe how the referral is sent to the investigative unit and assigned to an investigator:

The referral (see attached Wyoming County Department of Social Services Referral) is data entered into a fraud tracker database, then forwarded to the investigator via email and in person on paper. The completed investigation is given to the Director of Programs for approval. The referral is then given back to the Community Services Worker for data entry and forwarded to the Principal Program Specialist (PPS) for review and assignment. The assigned worker will take appropriate action and send copies of the original referral, with action taken, to the investigator.

c. Describe how the investigator completes a report of investigation which includes findings and recommendations:

Once the referral is given to the investigator, the investigator utilizes the referral to review the report. The investigator can then utilize multiple resources, service providers, complete interviews with the applicant to come to a finding and recommendation. Interviews and home visits are only conducted when necessary. The first option if a face to face interview is needed is to ask the applicant to meet with the WCDSS office. The investigator completes the referral with a recommendation within 30 days. The investigator will make a recommendation which can include but not be limited to rejecting the application, working with the applicant to resolve the concern, sanctioning the applicant, pursuing the applicant in a legal manner. Once the finding and recommendations are made, it is sent to the Director of Programs for review. Once approved, the finding and recommendation is then given to the worker to complete the application. If there is a discrepancy in the recommendation, the Director, Investigator, eligibility worker, and all other workers involved with the case can case conference to discuss the best possible action for the application.

d. Describe the process for completing and submitting the Monthly FEDS Report to OCFS by the tenth of the following month including the staff member responsible for submitting the report to OCFS:

The Community Services Worker will review the Monthly FEDS report with the investigation team. Once the monthly report is verified and completed, either the Community Services Worker, or the Director of Programs will submit the report to OCFS.

3. List all local CCAP FEDS forms.

Wyoming County FEDS referral form

II. Program Integrity

1. Each social services district must submit a description of the sampling methodology used to determine which providers of child care assistance services will be reviewed for the purpose of comparing the child care provider's attendance forms for children receiving CCAP services with any Child and Adult Care Food Program (CACFP) inspection forms to verify that child care was actually provided on the days listed on the attendance forms.

Describe the sampling methodology and review process:

Wyoming County: Child Care Assistance Program (CCAP)

At the present time we have 10 providers of child care services who utilize the Child and Adult Care Food Program. We do not anticipate this number to change drastically.

Wyoming County will sample at least 10% of the CACFP programs. Each provider will be placed into a random generator to ensure that the sample is done transparently and with no bias.

Wyoming County will take those picked in the sampling to ensure that all regulations and policies are met and followed.

2. Each social services district must establish a random sampling methodology used to determine which cases will require verification of a recipient's continued need for child care, including, as applicable, verification of participation in employment, education, or other required activities.

Please note: The district cannot use criteria such as race, color, sex, gender identity, sexual orientation, disability, religious creed, political belief or any other factors prohibited by law as indicators in drawing the sample.

Describe the sampling methodology and review process:

Verification is accomplished at initial and recertification screenings. Recertification screenings are completed every 12 months and 100% of the cases are reviewed. These reviews verify continued need for child care by requiring the recipient to complete recertification application and submit documentation (pay stubs, school schedules, etc.) They are also required to submit a supplemental sheet on who their current employer is and the number of hours they are working along with what days per week.

Wyoming County will use a sample generator to select at least 10% of the cases for review. Those cases will be reviewed to ensure that all regulations are met and followed.

III. Inspections of Child Care Provider Records and Premises

The district may choose to make announced or unannounced inspections of the records and premises of any provider / program that provides child care to children in receipt of child care assistance to determine if the child care provider is in compliance with applicable laws and regulations and any additional requirements imposed on such a provider by the social services district per 18 NYCRR §415.4.

The district has the right to make inspections of any child care provider prior to children in receipt of child care assistance receiving care, including care in a home, to determine if the child care provider is in compliance with applicable laws and regulations and any additional requirements imposed on such a provider by the district.

The district must report violations of regulations as follows:

- Violations by a licensed or registered child care provider must be reported to the applicable Office of Children and Families (OCFS) Regional Office.
- Violations or areas of non-compliance by an enrolled or enrolling legally exempt child care provider must be reported to the applicable Enrollment Agency.

Does the district choose to make inspections of such child care providers / programs?
