The standing committees are: Quality Assurance; Policy, Procedure and Planning; Workforce Development;
Transition and Accessibility. Chair Parker will appoint the Chairs and members of each committee and will give
each its charge. The Executive Committee will ensure that membership will continue to include qualified,
diverse candidates to fill new positions or vacancies on the State Rehabilitation Council.

Below are several goals the Council plans to work on during the next year through its committees and task
force, in keeping with its mandated requirements.

Quality Assurance Committee
Goal 1: Review the most recent Consumer Satisfaction Survey and the most recent Needs Assessment and
generate recommendations to NYSCB based on their results.

Policy, Procedures, and Planning Committee
Goal 2: Work with NYSCB to make intake materials available on National Library Service (NLS) cartridges.
Explore the possibility of including voluntary registration for NLS as part of the intake process for prospective
participants who may not already be NLS patrons.
Goal 3: Research other state legislation that provides for the procurement of accessible information and
communications technologies. Report back to SRC and NYSCB about potential best practices and strategies.
for advocacy.

Workforce Development Committee

Goal 4: Work with NYSCB to develop concrete plans to increase utilization of Supported Employment services for eligible blind and visually impaired job seekers.

Goal 5: Provide feedback and recommendations on training curriculum for DOL workforce center staff to improve efficacy in serving the blind and visually impaired community.

Goal 6: Request and review information regarding the Business Engagement Measures required under WIOA and how they are determined.

Transition Committee

Other Planned Activities in FY 2018/2019

The SRC will participate with NYSCB in revising the combined State Plan for Federal Fiscal Year 2018/2019. The participation will include information gathering from its members' respective constituencies.

The SRC will continue to work with NYSCB on the 2018/2019 State Plan and incorporate information obtained at the public forums held at the ACB and NFB state conventions as well as any other public hearings held by NYSCB.

The SRC will continue to support and advise NYSCB in its collaboration with ACCES VR to ensure full accessibility to test preparation and test taking for the high school equivalency test (TASC).

The SRC will re-examine its current by-laws to determine whether any amendments or restructuring may be needed.

The SRC will continue the orientation and new member training in the future at one of the quarterly meetings based on the timeliness of appointment each Fiscal Year hereafter.

The SRC and its committees will collaborate with the ACCES-VR SRC to ensure the implementation of the vocational rehabilitation services goals of the combined State Plan.

In addition, the SRC will work to strengthen connections with other SRC's outside New York State, as well as with the National Coalition of SRC's and the National Council of State Agencies for the Blind.

Finally, the SRC will work with NYSCB to bring about implementation of the various recommendations made by the committees and Council as a whole. Many of the recommendations of the committees overlap with each other as well as with those of the NYSCB Executive Board. Communication and brainstorming among the members of all of these bodies will further refine their recommendations, and thereby result in an across-the-board improvement in services and opportunities for New Yorkers who are blind.
