SUMMARY OF AUDIT FINDINGS

The OAS automatically populates the number and list of Standards exceeded, the number of Standards met, and the number and list of Standards not met.

Auditor Note: In general, no standards should be found to be "Not Applicable" or "NA." A compliance determination must be made for each standard. In rare instances where an auditor determines that a standard is not applicable, the auditor should select "Meets Standard" and include a comprehensive discussion as to why the standard is not applicable to the facility being audited.

Number of standards exceeded:	
4	<ul style="list-style-type: none"> • 115.313 - Supervision and monitoring • 115.333 - Resident education • 115.364 - Staff first responder duties • 115.367 - Agency protection against retaliation
Number of standards met:	
39	
Number of standards not met:

Random Inmate/Resident/Detainee Interviews

<p>53. Enter the total number of RANDOM INMATES/RESIDENTS/DETAINEES who were interviewed:</p>	<p>5</p>
---	----------

<p>54. Select which characteristics you considered when you selected RANDOM INMATE/RESIDENT/DETAINEE interviewees: (select all that apply)</p>	<p><input checked="" type="checkbox"/> Age</p> <p><input checked="" type="checkbox"/> Race</p> <p><input type="checkbox"/> Ethnicity (e.g., Hispanic, Non-Hispanic)</p> <p><input checked="" type="checkbox"/> Length of time in the facility</p> <p><input checked="" type="checkbox"/> Housing assignment</p> <p><input type="checkbox"/> Gender</p> <p><input type="checkbox"/> Other</p> <p><input type="checkbox"/> None</p>
--	---

<p>55. How did you ensure your sample of RANDOM INMATE/RESIDENT/DETAINEE interviewees was geographically diverse?</p>	<p>10 of the 18 residents (55.5% of the population) residing at TRC were interviewed in a private and confidential area. Ages of the residents interviewed ranged from 14 years old to 17 years old. Five residents from Opal Unit and five residents from Amethyst Unit were interviewed. All the residents interviewed were familiar with PREA, understood how to report an incident of sexual abuse, and sexual harassment, and were aware of the services which were available to them at the facility (including outside resources). All the residents interviewed stated they feel safe at TRC. The residents reported they feel PREA is taken seriously at the facility and that they have been educated about PREA. Overall, the residents were knowledgeable about PREA and could articulate multiple ways to report sexual abuse and sexual harassment, calling or writing an outside support organization, third party reporting, and anonymous reporting.</p>
---	---

<p>56. Were you able to conduct the minimum number of random inmate/resident/detainee interviews?</p>	<p><input checked="" type="radio"/> Yes</p> <p><input type="radio"/> No</p>
---	---

<p>57. Provide any additional comments regarding selecting or interviewing random inmates/residents/detainees (e.g., any populations you oversampled, barriers to completing interviews, barriers to ensuring representation):</p>	<p>10 of the 18 residents (55.5% of the population) residing at the facility were interviewed in a private and confidential area. Targeted Inmate/Resident/Detainee Interviews

58. Enter the total number of TARGETED INMATES/RESIDENTS/DETAINEES who were interviewed:	5
<p>As stated in the PREA Auditor Handbook, the breakdown of targeted interviews is intended to guide auditors in interviewing the appropriate cross-section of inmates/residents/detainees who are the most vulnerable to sexual abuse and sexual harassment. When completing questions regarding targeted inmate/resident/detainee interviews below, remember that an interview with one inmate/resident/detainee may satisfy multiple targeted interview requirements. These questions are asking about the number of interviews conducted using the targeted inmate/resident/detainee protocols. For example, if an auditor interviews an inmate who has a physical disability, is being held in segregated housing due to risk of sexual victimization, and disclosed prior sexual victimization, that interview would be included in the totals for each of those questions. Therefore, in most cases, the sum of all the following responses to the targeted inmate/resident/detainee interview categories will exceed the total number of targeted inmates/residents/detainees who were interviewed. If a particular targeted population is not applicable in the audited facility, enter "0".</p>	
60. Enter the total number of interviews conducted with inmates/residents/detainees with a physical disability using the "Disabled and Limited English Proficient Inmates" protocol:	1
61. Enter the total number of interviews conducted with inmates/residents/detainees with a cognitive or functional disability (including intellectual disability, psychiatric disability, or speech disability) using the "Disabled and Limited English Proficient Inmates" protocol:	1
62. Enter the total number of interviews conducted with inmates/residents/detainees who are Blind or have low vision (i.e., visually impaired) using the "Disabled and Limited English Proficient Inmates" protocol:	0
a. Select why you were unable to conduct at least the minimum required number of targeted inmates/residents/detainees in this category:	<input checked="" type="checkbox"/> Facility said there were "none here" during the onsite portion of the audit and/or the facility was unable to provide a list of these inmates/residents/detainees. <input type="checkbox"/> The inmates/residents/detainees in this targeted category declined to be interviewed.
b. Discuss your corroboration strategies to determine if this population exists in the audited facility (e.g., based on information obtained from the PAQ; documentation reviewed onsite; and discussions with staff and other inmates/residents/detainees).	This auditor interviewed the Facility PREA Compliance Manager, staff, and residents at the facility during the on-site portion of this audit. This auditor also reviewed resident files and the resident roster. It was determined there were no residents residing at the facility who were Blind or had low vision.
63. Enter the total number of interviews conducted with inmates/residents/detainees who are Deaf or hard-of-hearing using the "Disabled and Limited English Proficient Inmates" protocol:	0
a. <p>b. Discuss your corroboration strategies to determine if this population exists in the audited facility (e.g., based on information obtained from the PAQ; documentation reviewed onsite; and discussions with staff and other inmates/residents/detainees).</p>	<p>There were no residents residing at TRC who were ever placed in segregated housing/isolation for risk of sexual victimization due to isolation being prohibited by the State of New York. This was confirmed by interviewing the Agency PREA Coordinator, Facility Director, Facility PREA Compliance Manager, staff, and residents at the facility during the on-site portion of this audit. During the tour of the facility, this auditor did not view any areas a resident can be isolated.</p>
<p>70. Provide any additional comments regarding selecting or interviewing targeted inmates/residents/detainees (e.g., any populations you oversampled, barriers to completing interviews):</p>	<p>This auditor was able to interview five targeted residents (one resident who was diagnosed with a cognitive disability, one resident with a physical disability, two residents who disclosed prior sexual victimization during the risk screening, and one resident who identified as lesbian, gay, or bi-sexual) during the on-site portion of this audit. There were no residents residing at TRC who met the other sampling areas to interview. This was confirmed by interviewing the Agency PREA Coordinator, Facility Director, Facility PREA Compliance Manager, staff, and residents at the facility during the on-site portion of this audit. This auditor also reviewed resident files and the resident roster.</p>
<p>Staff, Volunteer, and Contractor Interviews</p>	
<p>Random Staff Interviews</p>	
<p>71. Enter the total number of RANDOM STAFF who were interviewed:</p>	<p>12</p>

<p>72. Select which characteristics you considered when you selected RANDOM STAFF interviewees: (select all that apply)</p>	<p><input checked="" type="checkbox"/> Length of tenure in the facility</p> <p><input checked="" type="checkbox"/> Shift assignment</p> <p><input checked="" type="checkbox"/> Work assignment</p> <p><input checked="" type="checkbox"/> Rank (or equivalent)</p> <p><input type="checkbox"/> Other (e.g., gender, race, ethnicity, languages spoken)</p> <p><input type="checkbox"/> None</p>
<p>73. Were you able to conduct the minimum number of RANDOM STAFF interviews?</p>	<p><input checked="" type="radio"/> Yes</p> <p><input type="radio"/> No</p>
<p>74. Provide any additional comments regarding selecting or interviewing random staff (e.g., any populations you oversampled, barriers to completing interviews, barriers to ensuring representation):</p>	<p>This auditor interviewed 12 randomly selected staff during the on-site portion of this audit. Staff interviewed years of experience ranged from 7 months to 22 years. Staff from all three shifts were interviewed (two staff from Tour 1, five staff from Tour 2, and five staff from Tour 3). All staff interviewed were knowledgeable of PREA, OCFS PREA policies, and reporting and responding to incidents and allegations of sexual abuse, assault, and harassment. All staff interviewed were aware of their responsibilities as first responders in the event of an incident of sexual abuse at the facility as they were able to discuss the PREA trainings they have received. Staff reported they have been trained to take all suspicions, knowledge, or reports of sexual abuse seriously regardless of how the information was received. Staff were all aware of their roles as mandated reporters in the State of New York and how to contact the Justice Center of New York to report allegations of sexual harassment and sexual abuse. 11 of the 12 staff interviewed were carrying their "PREA Cards" on their person and displayed the card to this auditor when prompted.</p>
<p>Specialized Staff, Volunteers, and Contractor Interviews</p>	
<p>Staff in some facilities may be responsible for more than one of the specialized staff duties. Therefore, more than one interview protocol may apply to an interview with a single staff member and that information would satisfy multiple specialized staff interview requirements.</p>	
<p>75. Enter the total number of staff in a SPECIALIZED STAFF role who were interviewed (excluding volunteers and contractors):</p>	<p>16</p>
<p>76. Were you able to interview the Agency Head?</p>	<p><input checked="" type="radio"/> Yes</p> <p><input type="radio"/> No</p>
<p>77. Were you able to interview the Warden/Facility Director/Superintendent or their designee?</p>	<p><input checked="" type="radio"/> Yes</p> <p><input type="radio"/> No</p>
<p>78. Were you able to interview the PREA Coordinator?</p>	<p><input checked="" type="radio"/> Yes</p> <p><input type="radio"/> No</p>

<p>79. Were you able to interview the PREA Compliance Manager?</p>	<p><input checked="" type="radio"/> Yes</p> <p><input type="radio"/> No</p> <p><input type="radio"/> NA (NA if the agency is a single facility agency or is otherwise not required to have a PREA Compliance Manager per the Standards)</p>
<p>80. 82. Did you interview CONTRACTORS who may have contact with inmates/residents/detainees in this facility?	<input type="radio"/> Yes <input checked="" type="radio"/> No
---	--

83. Provide any additional comments regarding selecting or interviewing specialized staff.	<p>This auditor interviewed the Agency Head (designee), Agency PREA Coordinator, Facility Director, Facility PREA Compliance Manager, two Medical Staff, two Mental Health staff, one staff who conducts risk assessments, one intake staff, two upper-level staff who complete Unannounced Rounds, one staff who monitors retaliation, two members of the Sexual Abuse Incident Review Team, and a representative from the Personnel Office. Due to the small size of this facility, several staff serve multiple roles and were interviewed for the multiple roles they serve. This included mental health staff (Clinicians) who deliver PREA education and conduct risk assessments, and the Facility PREA Compliance Manager who also monitors retaliation and serves on the Incident Review Team.</p>

SITE REVIEW AND DOCUMENTATION SAMPLING

Site Review

PREA Standard 115.401 (h) states, "The auditor shall have access to, and shall observe, all areas of the audited facilities." In order to meet the requirements in this Standard, the site review portion of the onsite audit must include a thorough examination of the entire facility. The site review is not a casual tour of the facility. It is an active, inquiring process that includes talking with staff and inmates to determine whether, and the extent to which, the audited facility's practices demonstrate compliance with the Standards. Note: As you are conducting the site review, you must document your tests of critical functions, important information gathered through observations, and any issues identified with facility practices. The information you collect through the site review is a crucial part of the evidence you will analyze as part of your compliance determinations and will be needed to complete your audit report, including the Post-Audit Reporting Information.

84. Did you have access to all areas of the facility?	<input checked="" type="radio"/> Yes <input type="radio"/> No
---	--

Was the site review an active, inquiring process that included the following:

85. Observations of all facility practices in accordance with the site review component of the audit instrument (e.g., signage, supervision practices, cross-gender viewing and searches)?	<input checked="" type="radio"/> Yes <input type="radio"/> No
--	--

86. Tests of all critical functions in the facility in accordance with the site review component of the audit instrument (e.g., risk screening process, access to outside emotional support services, interpretation services)?	<input checked="" type="radio"/> Yes <input type="radio"/> No
---	--

87. Informal conversations with inmates/residents/detainees during the site review (encouraged, not required)?	<input checked="" type="radio"/> Yes <input type="radio"/> No
--	--

88. Informal conversations with staff during the site review (encouraged, not required)?	<input checked="" type="radio"/> Yes <input type="radio"/> No
--	--

<p>89. Provide any additional comments regarding the site review (e.g., access to areas in the facility, observations, tests of critical functions, or informal conversations).</p>	<p>During the first day of the on-site portion of the audit (5/23/2022), this auditor completed a detailed tour of the facility which took approximately 1 hour and 30 minutes. This auditor was accompanied by the Facility Director and Facility PREA Compliance Manager during the tour. All areas of the facility that residents have access to were toured. During the tour, this auditor noticed numerous PREA audit notices and a wide variety of attractive zero-tolerance posters posted throughout the facility, including in the lobby, on bulletin boards in each living unit, visiting area, school, and dining area. The zero-tolerance posters were printed in both English and Spanish and contained both toll-free telephone numbers and addresses.</p>

Documentation Sampling

Where there is a collection of records to review-such as staff, contractor, and volunteer training records; background check records; supervisory rounds logs; risk screening and intake processing records; inmate education records; medical files; and investigative files-auditors must self-select for review a representative sample of each type of record.

<p>90. In addition to the proof documentation selected by the agency or facility and provided to you, did you also conduct an auditor-selected sampling of documentation?</p>	<p><input checked="" type="radio"/> Yes</p> <p><input type="radio"/> No</p>
--	---

<p>91. Provide any additional comments regarding selecting additional documentation (e.g., any documentation you oversampled, barriers to selecting additional documentation, etc.).</p>	<p>This auditor reviewed 10 resident files for documentation verifying PREA education and risk assessments were completed. This auditor also reviewed 10 direct care staff personnel files to confirm background checks were completed and to confirm all PREA trainings were completed as noted in OCFS Polices. This auditor requested and was provided training records/certificates for all specialized staff (medical and mental health staff) employed at the facility.</p> <p>In regard to contractors, this auditor reviewed three contractor files to confirm each contractor approved to enter TRC had a background check completed. This auditor also reviewed signed acknowledgement forms to confirm all contractors received PREA education prior to having contact with any residents in the facility.</p> <p>There were two contractors approved to enter the facility during the on-site portion of this audit. During the past 12 months, there were three contractors approved to enter the facility. There have been no volunteers approved to enter the facility during the past 12 months.</p>

SEXUAL ABUSE AND SEXUAL HARASSMENT ALLEGATIONS AND INVESTIGATIONS IN THIS FACILITY

Sexual Abuse and Sexual Harassment Allegations and Investigations Overview

Remember the number of allegations should be based on a review of all sources of allegations (e.g., hotline, third-party, grievances) and should not be based solely on the number of investigations conducted. Note: For question brevity, we use the term "inmate" in the following questions. Auditors should provide information on inmate, resident, or detainee sexual abuse allegations and investigations, as applicable to the facility type being audited.

92. Total number of SEXUAL ABUSE allegations and investigations overview during the 12 months preceding the audit, by incident type:

	# of sexual abuse allegations	# of criminal investigations	# of administrative investigations	# of allegations that had both criminal and administrative investigations
Inmate-on-inmate sexual abuse	0	0	0	0
Staff-on-inmate sexual abuse	0	0	0	0

Sexual Abuse and Sexual Harassment Investigation Outcomes

Sexual Abuse Investigation Outcomes

Note: these counts should reflect where the investigation is currently (i.e., if a criminal investigation was referred for prosecution and resulted in a conviction, that investigation outcome should only appear in the count for "convicted.") Do not double count. Additionally, for question brevity, we use the term "inmate" in the following questions. Auditors should provide information on inmate, resident, and detainee sexual abuse investigation files, as applicable to the facility type being audited.

94. Criminal SEXUAL ABUSE investigation outcomes during the 12 months preceding the audit:

Auditor Discussion Instructions

Auditor discussion, including the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

115.311	Zero tolerance of sexual abuse and sexual harassment; PREA coordinator
	<p>Auditor Overall Determination: Meets Standard</p> <p>Auditor Discussion</p> <p>(a) OCFS has a zero-tolerance policy (OCFS Policy 3247.01 – Prevention, Detection, and Response to Sexual Abuse, Assault, or Harassment) concerning sexual abuse and sexual harassment of OCFS youth and is committed to the prevention and elimination of sexual abuse and sexual harassment within the Division of Juvenile Justice and Opportunities for Youth (DJJOY) facilities through compliance with the Prison Rape Elimination Act of 2003. OCFS is committed to the equal opportunity to participate in and benefit from all aspects of the agency's efforts to prevent, detect and respond to sexual abuse and sexual harassment. Violations of this policy may result in disciplinary sanctions for staff and youth perpetrators and/or criminal prosecution as authorities deem appropriate. This policy contains the necessary definitions, sanctions, and descriptions of the agency strategies and responses to sexual abuse and sexual harassment and forms the foundation for the agency's training efforts with residents, staff, volunteers, and contractors.</p> <p>(b) OCFS has a designated PREA Coordinator who reports directly to the Agency Head (Deputy Commissioner). His official title is Bureau of Management and Program Support Director and Agency PREA Coordinator. The Agency PREA Coordinator oversees a total of nine Facility PREA Compliance Managers. The Agency Organizational Chart was reviewed by this auditor and confirmed the Agency PREA Coordinator's position and noted he reports directly to the Deputy Commissioner for any PREA related issues within the agency. He is knowledgeable of the PREA standards, and he stated he is committed to PREA and in implementing PREA in all OCFS facilities. The Agency PREA Coordinator also reported that he has the support needed and sufficient time to develop, implement, and oversee the agency's efforts towards PREA compliance in all the agency's facilities and to fulfill his PREA responsibilities. He was interviewed by this auditor on May 23, 2022.</p> <p>(c) TRC has a designated PREA Compliance Manager. Her official title is Assistant Director of Treatment and PREA Compliance Manager. The Facility PREA Compliance Manager has served in this role for approximately four years and is knowledgeable of the PREA standards. This is her second PREA audit as the Facility PREA Compliance Manager. She was interviewed by this auditor during the on-site portion of this audit on May 24, 2022, and stated she has sufficient time and authority to develop, implement, and oversee TRC's efforts to comply with the PREA standards.</p> <p>This auditor was provided the OCFS Organizational Chart (revised in January 2022) that confirms the Agency PREA Coordinator reports directly to the Agency Head and the TRC Organizational Chart (revised in May 2022) that confirms the Facility PREA Compliance Manager reports directly to the Facility Director.</p> <p>Reviewed documentation to determine compliance:</p> <ol style="list-style-type: none"> 1. This plan is reviewed on an annual basis and was reviewed and revised by the Facility Director on January 26, 2022. The facility is currently budgeted for 91 direct care staff; 62 of those positions are currently filled and 29 of those positions are currently vacant.</p> <p data-bbox="240 1223 1485 1518">TRC is equipped with 157 video surveillance cameras (118 indoor cameras and 39 outdoor cameras). There is a total of 10 monitors in the Central Control Center which allows the cameras to be manned around the clock by staff assigned to the Central Control Center. In addition, the Facility Director and Assistant Director of Programs have access to the video surveillance system on their computers in their offices that can be viewed and/or reviewed at any point during the day. Video from all major incidents is reviewed by the Facility Director and Assistant Director of Programs and retained on a flash drive. It was noted during interviews with the Facility Director and Facility PREA Compliance Manager that random video surveillance is reviewed on a weekly basis by the administrative team at TRC. It was noted in the 2022 Video Surveillance and Staffing Plan that the video surveillance system was installed at the facility on May 11, 2009, and was last upgraded in August 2021. An interview with the Facility Director confirmed the video surveillance system is inspected on an annual basis.</p> <p data-bbox="240 1547 1485 1641">(b) OCFS Policy 3247.01 – Prevention, Detection, and Response to Sexual Abuse, Assault, or Harassment states “minimum staff to youth ratios must be 1 to 8 during waking hours and 1 to 16 during sleeping hours. He also reported that in the event administrative staff at TRC feel staffing ratios cannot be maintained during an upcoming Tour, staff would be held over and paid overtime to meet the ratios. Interviews with the Facility Director and Facility PREA Compliance Manager revealed that staffing is monitored shift to shift by the Administrator on Duty and that adjustments are made as needed to ensure the ratios are met. Staff schedules and resident rosters were also reviewed by this auditor and confirmed the facility is exceeding minimum ratios daily.</p> <p data-bbox="240 1895 1485 2022">(c) OCFS Policy 3247.01 – Prevention, Detection, and Response to Sexual Abuse, Assault, or Harassment states “Minimum staff to youth ratios must be 1 to 8 during waking hours and 1 to 16 during sleeping hours. It was confirmed by this auditor after reviewing population reports for the past 12 months, staff</p>

schedules, and observations made during the tour of the facility that these ratios were being exceeded on a regular basis at the facility. During the on-site portion of this audit, there were a total of 18 residents residing at the facility (9 residents in Opal Unit and 9 residents in Amethyst Unit). There has been a minimum of three staff assigned to each living unit during Tour 2 and Tour 3, and a minimum of two staff assigned to each living unit during Tour 1 to ensure proper supervision of the residents.

(d) OCFS Policy 3247.01 – Prevention, Detection, and Response to Sexual Abuse, Assault, or Harassment states “Whenever necessary, but no less frequently than once a year in consultation with the OCFS PREA Coordinator, DJJOY facilities will assess, determine and document where adjustments are needed to:

1. The staffing plan;
2. Prevailing staffing patterns;
3. The facility’s deployment of video monitoring systems and other monitoring technologies;
4. Resources the facility has available to commit to adhere to its staffing plan and;
5. The OCFS 2167 Video Surveillance and Staffing Plan must be submitted to the OCFS PREA Coordinator by January 1st of each year on OCFS 2167.”

A review of the TRC Video Surveillance and Staffing Plan confirmed this plan is reviewed on an annual basis and was reviewed and revised by the Facility Director on January 26, 2022. The Video Surveillance and Staffing Plan is also reviewed and approved by the Facilities Manager, Agency PREA Coordinator, and Supervisor of Facilities Security.

(e) OCFS Policies 3247.01 – Prevention, Detection, and Response to Sexual Abuse, Assault, or Harassment and 3247.40 – Administrative Coverage in OCFS Facilities state “Intermediate level or higher- level supervisors must conduct and document unannounced rounds to identify and deter staff sexual abuse and sexual harassment. Such unannounced rounds must be implemented for all shifts (day and night). Facility staff are prohibited from alerting other staff members that these supervisory rounds are occurring, unless these announcements are related to legitimate operational functions of the facility.”

A review of Unannounced Rounds Logs and staff interviews confirmed that Unannounced Rounds occur as required in this standard. Unannounced Rounds are conducted by the Facility Director and Assistant Director of Programs at TRC. The Facility Director and Assistant Director of Programs who complete Unannounced Rounds were interviewed and they were able to discuss how they complete the rounds, assure minimum ratios are being met, and their inspections of the facility are completed. They both stated they obtain a radio from the Central Control Center, review video surveillance footage, and verbally notify the officers working in the Central Control Center not to notify any staff to ensure staff are not alerting each other that Unannounced Rounds are being conducted when Unannounced Rounds begin in the facility. In addition, both stated they also monitor radio transmissions and notify staff in the living units they visit not to notify other staff in the facility that Unannounced Rounds are being conducted. They both discussed how they make sure the rounds are random by selecting different times of the day/night and days of the week. This auditor was able to review the Unannounced Rounds Log with the Facility Director and Assistant Director of Programs to confirm Unannounced Rounds are being completed a minimum of twice per month (once during waking hours and once during sleeping hours) during the past 12 months.

(a) OCFS Policy 3247.01 – Prevention, Detection, and Response to Sexual Abuse, Assault, or Harassment states “OCFS is committed to the equal opportunity to participate in and benefit from all aspects of the agency’s efforts to prevent, detect, and respond to sexual abuse, assault, and harassment”. In addition, this policy states “all education and information shall be made available in formats accessible to all youth (Limited English, deaf, visually impaired or otherwise disabled as well as limited reading skills).”

This auditor interviewed one cognitively disabled resident during the on-site portion of this audit. This resident confirmed her needs are met and an intake staff took the time to explain the material and answer any questions she had, and anytime she does not comprehend something, she knows she can seek assistance from a staff, and they will take the time to review the material she does not understand to ensure she is able to comprehend that material. During an interview with the Facility PREA Compliance Manager, she noted any disabled resident residing at the facility, receives an equal opportunity to participate in and benefit from all aspects of the agency’s efforts to prevent, detect, and respond to sexual abuse. It was noted while reviewing the resident roster and resident files with the Facility PREA Compliance Manager that there were five residents residing at the facility during the on-site portion of this audit had some sort of a cognitive disability (this included residents who were deemed Special Education for having a learning disability).

(b) OCFS Policy 3247.01 – Prevention, Detection, and Response to Sexual Abuse, Assault, or Harassment states “All education and information must be made available in formats accessible to all youth (limited English, deaf, visually impaired, or otherwise disabled, as well as limited reading skills).”

The OCFS PREA Youth Brochure “Checking in for Your Safety” is available to residents in both English and Spanish. Both versions of this brochure were reviewed by this auditor prior to the on-site portion of this audit. PREA posters are posted in the living units, all common areas, hallways, and the area where family visits take place. These posters are also in both English and Spanish.

In addition, Limited English Proficient (LEP) interpreters are also available through the Office of Communications. An LEP liaison can be reached at (518) 402-3130. This auditor was provided a comprehensive list of LEP liaisons that are available to residents at TRC.

There were no limited English proficient residents residing at TRC during the on-site portion of this audit. Therefore, there were no residents for this auditor to interview. It was also confirmed during an interview with the Facility PREA Compliance Manager and a review of resident files that there have been no limited English proficient residents admitted into the facility during the past 12 months.

(c) OCFS Policy 3247.01 – Prevention, Detection, and Response to Sexual Abuse, Assault, or Harassment states “Facilities must not rely upon youth interpreters, youth readers or other types of youth assistants except in limited circumstances where an extended delay in obtaining an effective interpreter could jeopardize a youth’s safety, the performance of first responder duties subject to section 115.364 of the PREA Juvenile Standards, or the investigation of the youth’s allegations. All education and information must be made available in formats accessible to all youth (limited English, deaf, visually impaired or otherwise disabled, as well as limited reading skills).”

Interviews with staff confirmed that residents are not used as interpreters. In addition, it was confirmed during interviews with staff, the Facility Director, and Facility PREA Compliance Manager that there have been no circumstances during the past 12 months at TRC where resident interpreters, readers, or other types of resident assistants have been used. Staff interviewed all understood there are interpreters and resources available for the residents through the Office of Communications.

Employees promoted, transferred within OCFS or receiving a lateral transfer from other agencies to OCFS will be screened for criminal history background as a condition of employment for appointment to any vacancies in OCFS. The Justice Center of New York then sends a notification to the facility. This system captures arrest records for all employees. This screening process noted above was confirmed during an interview with a representative from the Personnel Office as well as reviewing ten randomly selected employees background checks. The OCFS employment application allows prospective employees to disclose their criminal history prior to a background check being completed.

Auditor Overall Determination: Meets Standard	
Auditor Discussion	
<p>(a) OCFS Policy 3247.01 – Prevention, Detection, and Response to Sexual Abuse, Assault, and Harassment states “All employees must receive training that is specific to juveniles and the gender of the population they are working with. Employees must sign an acknowledgement verifying that they understand the training they receive. Staff must be retrained when they transfer to a facility with a different gender population. Current employees must receive this training and receive refresher training annually. The training must include the following:</p> <ol style="list-style-type: none"> 1. OCFS’ zero tolerance policy on sexual abuse and sexual harassment; 2. Staff responsibilities under OCFS’ sexual abuse and sexual harassment prevention, detection, reporting and response policies and procedures; 3. Youth’s rights to be free from sexual abuse and harassment; 4. Rights of youth and employees to be free from retaliation for reporting sexual abuse and sexual harassment; 5. Dynamics of sexual abuse and sexual harassment in juvenile facilities; 6. Common reactions of juvenile victims of sexual abuse and harassment; 7. How to detect and respond to signs of threatened and actual sexual abuse and how to distinguish between consensual sexual contact and sexual abuse between youth; 8. How to avoid inappropriate relationships with youth; 9. Effective and professional communication with youth including those who identify as lesbian, gay, bisexual, transgender, intersex and/or gender nonconforming; 10. Compliance with relevant laws related to mandatory reporting of sexual abuse to outside authorities; and 11. Relevant laws regarding the applicable age of consent for OCFS youth.” <p>All employees receive an initial training created by the National Institute of Corrections (PREA: Your Role in Responding to Sexual Abuse). They receive this training at the Training Academy upon hire. Current employees who received this training, receive refresher trainings annually (OCFS – PREA Policy Review).</p> <p>All staff interviewed reported receiving the above-mentioned trainings/refreshers regarding PREA on an annual basis. In addition, staff interviewed discussed receiving additional PREA refreshers during the year to review any policy changes or PREA-related issues that may be observed in the facility. Training logs were reviewed by this auditor and indicated all staff who may have contact with residents at TRC completed the trainings/refreshers on an annual basis.</p> <p>(b) PREA training is provided specific to the facility annually. TRC only houses female residents; therefore, the training is tailored to that population. If a staff is reassigned to another OCFS facility which houses male residents, as per OCFS Policy 3247.01 – Prevention, Detection, and Response to Sexual Abuse, Assault, and Harassment, that staff would receive training tailored to the male population. This auditor reviewed the training specific to those staff working with female residents at TRC. After reviewing this training, it was confirmed the training is tailored to female residents.</p> <p>In addition to the above-mentioned trainings, OCFS Policy 3442.00 – Lesbian, Gay, Bisexual, Transgender, and Questioning Youth states all OCFS staff are required to attend LGBT training on an annual basis. This training raises awareness and capacity for staff to respond to gender identity, sexual orientation, and gender expression issues in residential settings.</p> <p>During the on-site portion of this audit, it was noted that posters are posted throughout the facility to educate both staff and residents on agency PREA policies.</p> <p>(c) OCFS Policy 3247.01 – Prevention, Detection, and Response to Sexual Abuse, Assault, and Harassment states “Current employees must receive the initial PREA training and receive refresher trainings annually.” This auditor reviewed training records and confirmed all staff completed the annual PREA trainings/refreshers on a yearly basis. Interviews with staff also confirmed they receive the trainings/refreshers on an annual basis and understood the material that was covered in the trainings/refreshers they received.</p> <p>(d) All staff who successfully complete the annual PREA training must sign a PREA Training Roster following the training. The PREA Training Roster contains the staff’s last name, first name, position/job title, and a box to note if they understood the training they received (the staff prints yes or no in the box). The PREA Training Roster is then signed by the instructor and dated. This auditor was able to review the TRC PREA Training Rosters and confirmed they had the appropriate staff signatures and noted if they understood the training they received.</p> <p>Interviews with randomly selected staff confirmed they are knowledgeable of PREA. Staff demonstrated their knowledge of PREA, the zero-tolerance policy, and the residents and staff’s right to be free from retaliation for reporting allegations of sexual abuse and sexual harassment during interviews. In addition, staff are provided “PREA Cards” which outlines</p>	

procedures and proper protocol for protecting residents from imminent sexual abuse and their role as a first responder. 11 out of 12 staff interviewed were carrying their "PREA Card" on their person and displayed it to this auditor when requested. Staff were also able to note the appropriate steps they would take to protect residents of imminent sexual abuse as well as their role as a first responder.

They are available in both English and Spanish. Upon receiving the pamphlets at intake, each resident signs an acknowledgement form noting they received these pamphlets. This auditor was able to review ten randomly selected resident’s files to confirm each resident received the PREA education pamphlets and signed an acknowledgement form noting they received the pamphlets. Residents interviewed were knowledgeable of PREA and were able to articulate ways they can report sexual harassment and sexual abuse. In addition, all residents interviewed confirmed they received PREA education during their intake (during their first day at the facility).</p> <p>(b) TRC reports there were 34 residents admitted into the facility whose stay was 10 days or longer during the past 12 months. All 34 of the residents received comprehensive PREA education following their intake into the facility. The facility delivers comprehensive PREA education to each resident following the intake process (during their first day at the facility). This education included their right to be free from both sexual abuse and sexual harassment and retaliation for reporting such incidents. This auditor reviewed ten randomly selected resident’s files and confirmed all ten of the resident’s files noted these residents received their comprehensive PREA education within 24 hours of being admitted into the facility. All residents interviewed confirmed they received comprehensive PREA Education during their first day at the facility or within 24 hours of being admitted into the facility, and each resident’s file had a signed acknowledgement form noting their received the comprehensive PREA education.</p> <p>(c) OCFS Policy 3247.01 – Prevention, Detection, and Response to Sexual Abuse, Assault, or Harassment states “youth who are transferred to another facility must receive this information again to the extent that the information from the previous facility differs from their new facility.”</p> <p>In addition, OCFS Policy 3402.00 – Limited Secure and Non-Secure Facilities Admission and Orientation states “upon admission to any OCFS limited secure/non-secure facility, youth must be informed of the OCFS zero tolerance policy on excessive use of force, sexual abuse, and sexual harassment.”</p> <p>Intake staff interviewed reported each resident admitted into TRC receives PREA education during the intake process. They were able to describe reviewing the agency zero tolerance policy and reviewing and providing each resident with the OCFS PREA pamphlets “What you should know about Sexual Abuse/Harassment” and “Checking in for: Your Safety at OCFS DJJOY”. In addition to providing each resident with these pamphlets during intake, a staff completes a comprehensive PREA education session and answers any questions they may have during the resident’s first day at the facility (following the intake process). This auditor reviewed ten randomly selected resident’s files during the on-site portion of this audit and all ten resident’s files reviewed contained a signed copy of the acknowledgement form noting the resident received both PREA education at intake and the comprehensive PREA education per OCFS policies noted above.</p> <p>All residents interviewed confirmed they received comprehensive PREA education following their intake into the facility. They also acknowledged reviewing and receiving copies of the OCFS PREA pamphlets “What you should know about Sexual Abuse/Harassment” and “Checking in for: Your Safety at OCFS DJJOY” upon intake. In addition, residents interviewed stated they receive PREA Education groups in their living units on a regular basis. Staff interviewed also noted these PREA Education groups are facilitated in the living units to re-educate the residents on the importance of PREA and its role in the facility.</p> <p>(d) OCFS Policy 3247.01 – Prevention, Detection, and Response to Sexual Abuse, Assault, or Harassment states “The required information must be communicated orally and in writing, in a language clearly understood by the youth during the admission process. Language assistance resources are available through the OCFS Public Information Office. Facilities must not rely upon youth interpreters, youth readers or other types of youth assistants except in limited circumstances where an extended delay in obtaining an effective interpreter could jeopardize a youth’s safety, the performance of first responder</p>

duties subject to section 115.364 of the PREA Juvenile Standards, or the investigation of the youth's allegations. All education and information must be made available in formats accessible to all youth (limited English, deaf, visually impaired or otherwise disabled, as well as limited reading skills)."

Interviews with intake staff at TRC confirmed all PREA education information is communicated orally and in writing and in a language clearly understood by the resident, during the intake process and during the resident's first day at the facility. Language assistance resources are available through the OCFS Public Information Office. TRC also ensures that key information about PREA is continuously and readily available or visible through posters, the Resident Handbook, and PREA pamphlets "What you should know about Sexual Abuse/Harassment" and "Checking in for: Your Safety at OCFS DJJOY" in both English and Spanish. This auditor was able to confirm this material was available in both English and Spanish during the tour of the facility and by reviewing the Resident Handbook and PREA pamphlets that all residents receive.

This auditor interviewed one cognitively disabled resident residing at TRC during the on-site portion of this audit. This resident confirmed all PREA educational materials were explained to her in a language she understood, and the staff took the time answer any questions she had. There were no limited English proficient residents residing at the facility during the on-site portion of this audit. It was noted there have been no limited-English proficient residents admitted into TRC during the past 12 months.

(e) OCFS Policy 3247.01 – Prevention, Detection, and Response to Sexual Abuse, Assault, or Harassment states "receipt of the above (PREA) education and information must be documented for each youth in the Juvenile Justice Information System (JJIS)."

All resident intake and comprehensive PREA education are documented on acknowledgement forms specific to TRC. These acknowledgement forms are signed and dated by the resident upon receiving the intake and comprehensive PREA education information and is also signed and dated by the staff who delivered the education. In addition, each resident receives copies of OCFS' PREA education pamphlets "What you should know about Sexual Abuse/Harassment" and "Checking in for: Your Safety at OCFS DJJOY" upon intake into the facility. Each resident signs an acknowledgement form noting they received these pamphlets. These acknowledgement forms are kept in the resident's files. This auditor was able to review ten resident's files and each file contained the above-mentioned documentation confirming the resident received the PREA pamphlets during intake and comprehensive PREA education within 24 hours of being admitted into the facility (generally on their first day at the facility).

(f) At intake, all residents receive OCFS PREA pamphlets titled "What you should know about Sexual Abuse/Harassment" and "Checking in for: Your Safety at OCFS DJJOY". These pamphlets include information about the agency's zero-tolerance policy and reporting information noting ways to report an allegation of sexual abuse or sexual harassment. In addition, there were visible posters (in both English and Spanish) in the hallways, all common areas, visiting areas, and in the living units of the facility that were viewed by this auditor during the tour of the facility. All residents interviewed stated they have been educated on PREA during their first day and on a regular basis during their stay at the facility through PREA Education groups. Each resident interviewed was knowledgeable of the PREA standards and their role in the facility.

This policy states “Youth are to be screened for potential vulnerabilities to victimization and propensity to victimize others with sexually aggressive behavior upon arrival/intake at an OCFS facility. This screening will be documented using OCFS 4928 Facility Classification Form and entered into JJIS within 72 hours of admission. Living unit and room assignments must be made accordingly. This form must be reviewed every 30 days and the review must be documented in JJIS.”</p> <p data-bbox="240 497 1493 651">This auditor discussed the Facility Classification Form with a staff who completes the form and the Facility PREA Compliance Manager. The Facility Classification Form is completed by a Clinician upon intake. Residents are reassessed periodically (a minimum of every six months) after the initial screening by Youth Counselors during Support Team Meetings with the resident. All staff interviewed were aware this screening is used to protect residents from sexual abuse while being housed at TRC.</p> <p data-bbox="240 687 1493 842">During the past 12 months, there were 34 residents admitted to TRC whose length of stay in the facility was for 72 hours or more. All 34 residents admitted into the facility were screened for risk of sexual victimization or risk of sexually abusing other residents upon intake by being administered the Facility Classification Form. This auditor was able to confirm the Facility Classification Form is completed upon intake by interviewing a Clinician who completes the assessment and by reviewing the database that logs the Facility Classification Forms with the Facility PREA Compliance Manager.</p> <p data-bbox="240 878 1493 1068">Interviews with residents confirmed the Facility Classification Form is completed as noted in the above-mentioned policy as all the residents interviewed stated they were asked questions when they first arrived as to whether they had every been sexually abused, if they had any disabilities, or if they were fearful of sexual abuse while at TRC. Ten current resident files were reviewed for documentation verifying the risk assessments were being completed as per the above-mentioned policy. All the files reviewed had the above-mentioned screening (Facility Classification Form) completed within 72 hours of intake and periodically throughout the resident's stay at the facility.</p> <p data-bbox="240 1104 1493 1294">(b) The Facility Classification Form is an objective screening assessment used to conduct risk assessments of each resident upon admission to the facility and periodically throughout their stay at the facility. A Clinician who completes the Facility Classification Form was interviewed and understood how to administer this screening and was aware of its importance in keeping residents safe from sexual abuse. The Clinician interviewed was able to explain how she reviews case history notes and behavior records of the resident prior to intake and then administers the Facility Classification Form to the resident by completing a one-on-one interview during the intake process.</p> <p data-bbox="240 1330 1493 1554">(c) OCFS Policy 3247.01 – Prevention, Detection, and Response to Sexual Abuse, Assault, or Harassment states “At a minimum, the facility must attempt to ascertain information about: prior sexual victimization or abusiveness; any gender non-conforming appearance or manner of identification as lesbian, gay, bisexual, transgender, or intersex, and whether the youth may therefore be vulnerable to sexual abuse; current charges and offense history; age; level of emotional and cognitive development; physical size and stature; mental illness or mental disabilities; physical disabilities; the youth's own perception of vulnerability; and any other specific information about the individual youth that may indicate needs for heightened supervision, additional safety precautions, or separation from certain other youth.”</p> <p data-bbox="240 1590 1493 1711">This auditor was able to review the Facility Classification Form that is used to screen residents at TRC and confirmed this form captures the information required in this standard. Each resident is then reassessed periodically throughout their stay at the facility by a Youth Counselor during monthly Support Team Meetings. It was noted the initial screening is completed during the resident's intake on their first day at the facility (no later than 72 hours after their admission). During an interview, a Clinician that completes the Facility Classification Form also stated she uses case history notes and behavioral records when completing the initial Facility Classification Form during intake.</p> <p data-bbox="240 1973 1493 2163">(e) All completed Facility Classification Forms are securely kept on a database and the only persons with access are Youth Counselors, Clinicians, and Administrative Staff at TRC. Both were able to discuss how the Facility Classification Form is used to place all residents in appropriate living units and bedroom assignments to ensure residents are kept safe at all times.</p> <p data-bbox="240 622 1485 813">A review of the Facility Classification Forms supported this policy. Residents confirmed through interviews that screenings are being administered as per policy. Any residents who were identified as sexually vulnerable from the information noted on the Facility Classification Forms, had a Safety Plan developed for them and communicated to all staff to keep them safe at TRC. There were no residents residing at TRC that were deemed to be sexually aggressive during the on-site portion of this audit. Safety Plans included increased supervision during waking hours. There was one transgender resident admitted to TRC during the past 12 months. The Facility PREA Compliance Manager noted this resident’s treatment plan and placement was reviewed monthly during Support Team Meetings with the resident. All members of the resident’s treatment team attend these monthly Support Team Meetings. There were no transgender residents residing at TRC during the on-site portion of this audit.

(f) OCFS Policy 3247.01 – Prevention, Detection, and Response to Sexual Abuse, Assault, or Harassment states “Transgender and intersex youth’s own views with respect to their own safety must be given serious consideration.”

There was one transgender resident admitted to TRC during the past 12 months. An interview with the Facility PREA Compliance Manager confirmed she ensures the resident’s views are given serious consideration as staff are educated on how to interact professionally with all residents at the facility. There were no transgender residents residing at the facility during the on-site portion of this audit. Therefore, there were no transgender residents for this auditor to interview.

(g) OCFS Policy 3247.01 – Prevention, Detection, and Response to Sexual Abuse, Assault, or Harassment states “Transgender and intersex youth must be given the opportunity to shower separately from other youth.”

There was one transgender resident admitted to TRC during the past 12 months. Interviews with the Facility PREA Compliance Manager and staff confirmed any transgender resident residing in the facility is given the opportunity to shower separately from the other residents. They stated all residents in the facility shower separately as only one resident is permitted to use the restroom at time to shower. There were no transgender residents residing at TRC during the on-site portion of this audit. Therefore, there were no transgender residents for this auditor to interview.

(h) OCFS Policy 3247.15 – Room Confinement states “Room confinement shall be used only when a youth constitutes a serious and evident danger to him/herself or others. Room confinement shall be used only to provide for the immediate safety of the youth and/or others when no less restrictive intervention has been, or is likely to be, effective in averting danger. It is not to be considered, in and of itself, as a method or technique of treatment but rather as an interim measure to control and contain dangerous behavior.”

There were no residents at TRC who were at risk of sexual victimization held in isolation during the past 12 months. The use of isolation is prohibited in all OCFS facilities. Therefore, there was no documentation for this auditor to review.

Auditor Discussion

(a) OCFS Policy 3247.01 – Prevention, Detection, and Response to Sexual Abuse, Assault, or Harassment states “Staff must attempt to make available a victim advocate from a rape crisis center and must document effort to provide rape crisis services.”

OCFS pamphlets “What you should know about Sexual Abuse/Harassment” and “Checking in for: Your Safety at OCFS DJJOY” contain telephone numbers and addresses for victim advocates from a rape crisis center. All residents receive a copy of these pamphlets at intake. In addition to residents receiving a copy of the above-mentioned pamphlets, there are numerous posters posted around the facility with telephone numbers and addresses to Vera House, Inc. This information is available in both English and Spanish and was reviewed by this auditor and noted during the tour of the facility. TRC also has a Memorandum of Agreement with Vera House, Inc. This Memorandum of Agreement states Vera House, Inc. will provide any victim of sexual abuse a victim advocate.

Interviews with residents confirmed they are educated and aware of the services that are available to them in the event they are a victim of sexual assault at TRC.

(b) Most of the residents interviewed were aware of the services available to them from Vera House, Inc. in the event they are a victim of sexual abuse. Residents interviewed also stated they were educated that any correspondence with Vera House, Inc. is confidential and private. In addition, the residents understood the responsibility of the victim advocate to report new information of sexual abuse to the authorities as they are mandated to report that information. Residents noted during interviews this information is provided to them during their intake, is noted in pamphlets they receive during their intake into the facility and reviewed during PREA Education groups.

There were no allegations of sexual abuse at TRC during the past 12 months. Therefore, there were no residents who were victims of sexual abuse to interview during the on-site portion of this audit.

(c) OCFS Policy 3247.01 – Prevention, Detection, and Response to Sexual Abuse, Assault, or Harassment states “Facilities must make efforts to establish a Memorandum of Agreement (MOA) with the medical facility. These efforts must be documented and part of the local operating procedure.”

A Memorandum of Agreement is in place with Vera House, Inc. in accordance with this standard. This Memorandum of Agreement confirms each party’s responsibilities regarding this standard. The Agency PREA Coordinator and Facility PREA Compliance Manager both described this Memorandum of Agreement and the services that are provided by Vera House, Inc. (to provide advocacy services to any victims of sexual assault at TRC). This auditor contacted a representative from Vera House, Inc., and she confirmed the services available to resident victims of sexual abuse that are noted in the Memorandum of Agreement.

(d) Visitation and contact with legal representation and family members is outlined in OCFS Policy 3422.00 – Resident Mail and OCFS Policy 3455.00 – Visits to Youth at DJJOY Facilities. TRC provides residents with reasonable and confidential access to their attorneys and/or legal representation as well as parents or legal guardians. Attorneys can also visit whenever it is convenient for them to do so, and these visits/conversations would be in private if requested by the resident or attorney. Interviews with residents confirmed any visits with their attorney would be in a private setting. Parents or legal guardians are permitted to visit on a weekly basis and residents also receive telephone calls to family members on a weekly basis. All residents interviewed stated they receive weekly telephone calls to their families and weekly visits (if the family is able to visit).

It should be noted; all staff (including medical staff and mental health staff) are trained to treat third party reports the same as if they witnessed the incident themselves when receiving a report from a third party.

Interviews with the Facility Director, Facility PREA Compliance Manager, and staff (including mental health staff and medical staff) confirmed they are aware of how to report an allegation and were aware all allegations are investigated by the Justice Center of New York. The Facility Director and Facility PREA Compliance Manager were able to describe the reporting process as well as the investigative process once the allegation is referred to the Justice Center of New York.

There was one allegation of resident-on-resident sexual harassment made during the past 12 months at TRC. This allegation was immediately reported to the Justice Center of New York by the Administrator on Duty. In addition, such residents must be monitored, counseled, and provided appropriate treatment. The Justice Center's Code of Conduct for Custodians of People with Special Needs reinforces this policy.</p> <p>The Agency Head designee was interviewed regarding the protective action the agency takes when learning that a resident to subject to substantial risk of imminent sexual abuse. The Agency Head designee reported the agency would ensure steps are taken to remove the risk to the resident which could include separation of the resident from the potential abuser, either by transferring the resident to another OCFS facility or making a living unit change if the potential abuser is a staff working at the facility. The staff could also be removed from the living unit or placed on Administrative Leave pending an investigation. The Agency Head designee stressed the safety of the resident is the agency's utmost priority.</p> <p>Staff interviewed stated they would immediately separate the resident at risk from the potential abuser, increase supervision, call for additional staff assistance if needed, and report the incident to their direct supervisor or the Administrator on Duty. Employees or residents who are found to have violated this prohibition shall be subject to disciplinary action. All OCFS facilities are to act promptly to remedy any form of retaliation.”</p> <p>The Assistant Director of Treatment is the staff charged with monitoring retaliation at TRC. The Assistant Director of Treatment also serves as the Facility PREA Compliance Manager and monitors staff and residents who make an allegation of sexual abuse or sexual harassment at the facility.</p> <p>It was noted that TRC employs multiple measures, such as housing unit changes or transfers for resident victims or abusers, removal of alleged staff or resident abusers from contact with victims, and emotional support services for residents or staff who fear retaliation for reporting sexual abuse or sexual harassment or for cooperating with investigations. Monitoring at the facility will continue for at least 90 days following an allegation of sexual abuse or sexual harassment (or until an allegation is determined to be Unfounded). Items that will be monitored include any resident disciplinary reports, housing or programming changes, negative performance reviews, and reassignments of staff. The OCFS Home Office must conduct periodic status checks on the resident. It was also noted, the facility’s obligation to monitor must terminate should the Justice Center of New York deem the allegation Unfounded following an investigation. There was one allegation of resident-on-resident sexual harassment that required retaliation monitoring during the past 12 months at TRC. This incident occurred on November 13, 2021. The resident who made the allegation was monitored for retaliation for a period of 90 days. This auditor requested and was provided a completed Retaliation Monitoring form that documented the retaliation monitoring for a period of 90 days.</p> <p>An interview with the Assistant Director of Treatment indicated she serves as a retaliation monitor at TRC. She was educated on the signs of retaliation when interviewed and seemed sincere about monitoring retaliation at the facility. The Assistant Director of Treatment stated the agency would expect that actions would be taken immediately to ensure the resident was safe. It is the expectation of the agency that any resident who reports an allegation of sexual abuse or would be monitored for at least 90 days or until the allegation is investigated by the Justice Center of New York and determined to be Unfounded. She stated she would monitor a resident by completing status checks for at least 90 days per policy. These status checks are made on a weekly basis during check ins with the resident and/or by reviewing documentation such as resident disciplinary reports, housing or programming changes, and discipline reports. The Assistant Director of Treatment stated if the need would arise, she would continue to complete status checks on the resident for the length of the resident’s stay at the facility, which may exceed the 90-day requirement noted in OCFS Policy 3247.01. Documentation of retaliation monitoring is kept on a Retaliation Monitoring form. This auditor was able to review a completed Retaliation Monitoring form that was completed by the Assistant Director of Treatment for an allegation of sexual harassment which occurred during the past 12 months. This log documented the Assistant Director of Treatment monitored retaliation for a period of 90 days by completing weekly notes on the form.</p> <p>There were no incidents of retaliation, known or suspected, during the past 12 months at TRC.</p> <p>Reviewed documentation to determine compliance:</p> <ol style="list-style-type: none"> 1. This form notes that residents will be held accountable for making allegations in bad faith. Consequences that are reviewed with the residents and noted on the “False Allegation Alert” form include:</p>

1. Release date being pushed back 30 – 60 days.
2. Being charged with a crime/misdemeanor

(g) OCFS Policy 3247.01 – Prevention, Detection, and Response to Sexual Abuse, Assault or Harassment states “Sexual activity between youth is prohibited, however for such activity to constitute sexual abuse, there must be no assent to the activity, or it must be forcible or coerced.”

An interview with the Facility Director noted any suspicion of possible sexual abuse is reported to the Justice Center of New York immediately for investigation. In addition, during an interview with a representative from the Justice Center of New York, he stated that any behavior that is determined to be consensual in nature between residents is not investigated as sexual abuse.

Auditor Discussion

(a) OCFS Policy 3243.18 – Initial Mental Health and Health Screening Interview for Facility Youth requires that residents at the facility who have disclosed any prior sexual victimization during a screening are offered a follow up meeting with a medical or mental health staff. If the screening indicates that a resident has experienced prior sexual victimization, whether it occurred in an institutional setting or in the community, staff ensure that the resident is offered a follow up meeting with a medical or mental health staff within 14 days of the intake screening. These assessments are documented in medical notes and in clinical case notes. The Assistant Director of Treatment is the persons responsible for ensuring the resident receives a medical and/or mental health assessment.

During the past 12 months, there were 23 residents who disclosed prior sexual victimization during their intake screenings. The residents were referred to medical and mental health staff for follow up meetings upon the completion of their initial Facility Classification Forms. This auditor interviewed the Facility PREA Compliance Manager, medical staff, and mental health staff during the on-site portion of the audit, and they confirmed the referral process once a resident discloses prior sexual victimization. This auditor was also able to review files of the residents who disclosed prior sexual victimization. These resident files contained documentation noting a medical and mental health staff followed up with the resident within 14 days of the resident disclosing prior sexual victimization. In addition, this auditor interviewed two residents who reported prior sexual victimization during their intake screenings. Both residents stated they were offered to be referred to medical and mental health staff during immediately following the administration of their risk screening. When a resident who discloses prior sexual abuse is offered and/or referred to a medical or mental health staff for follow up, this is noted on a "Contact Note" that is placed in the resident's file. This auditor reviewed "Contact Notes" for residents who disclosed prior sexual victimization during their intake screenings to confirm residents are referred to medical and mental health staff at the facility for a follow-up meeting immediately following the administration of their risk screening.

(b) OCFS Policy 3243.18 – Initial Mental Health and Health Screening Interview for Facility Youth requires that residents at the facility who have previously perpetrated sexual abuse are offered a follow up meeting with a mental health staff within 14 days of the intake screening.

There were no residents admitted into TRC during the past 12 months who previously perpetrated sexual abuse. Therefore, there was no documentation or files to review. However, this auditor interviewed two mental health staff who were able to confirm the referral process whenever it is noted a resident previously perpetrated sexual abuse during the intake screening. Both stated the resident would be referred for an assessment immediately and would be seen within 24 hours by a Clinician.

(c) OCFS Policy 3243.18 – Initial Mental Health and Health Screening Interview for Facility Youth notes any information from the Admission Screening Interview form related to sexual abuse, sexual victimization or abusiveness that occurred is limited to medical and mental health practitioners and other staff, as necessary, to implement treatment plans, security, and management decisions, including housing, bed, and program assignments.

Interviews with the Facility PREA Compliance Manager, medical staff, and mental health staff confirmed any information from the Mental Health and Health Screening Interview is limited to medical and mental practitioners. It was noted any information from the Mental Health and Health Screening Interview relayed to staff is done so only for safety and security reasons and this information is documented in a Safety Plan to ensure the safety of the resident(s). This auditor was able to review communication to staff to confirm information from the Mental Health and Health Screening Interview is for safety and security reasons only.

(d) During interviews with medical staff, mental health staff, and intake staff, it was noted they are mandated reporters in the State of New York and are required by law to report any information they receive from a resident relating to sexual abuse. All staff interviewed stated they inform the resident upon intake of their reporting duties.

115.386	Sexual abuse incident reviews
	Auditor Overall Determination: Meets Standard
	Auditor Discussion

(a) OCFS Policy 3247.01 – Prevention, Detection, and Response to Sexual Abuse, Assault, or Harassment states “Within 30 days of the conclusion/receipt of the investigation the facility must conduct a sexual abuse incident review of all allegations (substantiated and unsubstantiated), unless the allegation has been determined to be unfounded. Reviews must be conducted by a team of staff, grade 18 and above, and must include input from direct care staff, investigators, and medical and mental health practitioners.”

(b) OCFS Policy 3247.01 – Prevention, Detection, and Response to Sexual Abuse, Assault, or Harassment notes a Sexual Abuse Incident Review must be completed within 30 days of the conclusion/receipt of the investigation for all allegations which are Substantiated and Unsubstantiated, unless the allegation has been determined to be Unfounded.

(c) OCFS Policy 3247.01 – Prevention, Detection, and Response to Sexual Abuse, Assault, or Harassment states “Sexual Abuse Incident Reviews must be conducted by a team of staff, grade 18 and above, and must include input from direct care staff, investigators, and medical and mental health practitioners.”

(d) OCFS Policy 3247.01 – Prevention, Detection, and Response to Sexual Abuse, Assault, or Harassment states “The review team must: consider whether the allegation or investigation indicates a need to change policy or practice to better prevent, detect, or respond to sexual abuse; consider whether the incident or allegation was motivated by actual or perceived race, ethnicity, sex (e.g. intersex), gender identity (e.g. transgender identity), sexual orientation (e.g. gay, bisexual, lesbian), status, gang affiliation or was motivated by other group dynamics at the facility; examine the area in the facility where the incident allegedly occurred to assess whether physical layout may enable abuse; assess the adequacy of staffing levels in that area during different shifts; assess whether monitoring technology should be deployed or augmented to supplement supervision by staff; prepare a report of its findings, including but not necessarily limited to determinations made pursuant to this section, and any recommendations for improvement and submit such report to the facility head and PREA compliance manager.”

(e) OCFS Policy 3247.01 – Prevention, Detection, and Response to Sexual Abuse, Assault, or Harassment states “The facility must implement the recommendations for improvement or must document its reasons for not doing so.”

All OCFS facilities, including TRC, document Sexual Abuse Incident Reviews on “PREA Sexual Abuse Incident Review” forms. All requirements listed in this standard are reviewed and considered by the facility. There were no allegations of sexual abuse that were determined to be Substantiated or Unsubstantiated at the facility during the past 12 months. Therefore, there were no PREA Sexual Abuse Incident Reviews conducted during the past 12 months at TRC.

The Facility PREA Compliance Manager stated the Incident Review Team consists of the Facility Director, Facility PREA Compliance Manager, Agency PREA Coordinator, medical staff, mental health staff, Youth Counselor I’s, and direct care staff. Two members of the Incident Review Team were interviewed during the on-site portion of this audit and were able to describe the review process that would take place in the event an allegation of sexual abuse was either Substantiated or Unsubstantiated. They both stated the Incident Review Team would convene within 30 days upon the completion of an investigation by the Justice Center of New York for any Substantiated or Unsubstantiated allegations and recommendations would include examining the need to change a policy or practice to better prevent, detect, or respond to sexual abuse. This Sexual Abuse Incident Review is headed by the Facility PREA Compliance Manager.

This auditor was provided with a copy of the PREA Sexual Abuse Incident Review template to review. There were no allegations of sexual abuse at TRC during the past 12 months. Therefore, there were no Sexual Abuse Incident Reviews held and no documentation for this auditor to review.

All PREA Sexual Abuse Incident Reviews and findings are incorporated into the agency Annual PREA Report by the Agency PREA Coordinator and submitted to the Agency Head before its dissemination on the agency website.

This information must be entered into the agency PREA Database using standardized data fields and standardized definitions. The agency PREA Database is the central repository for all information regarding allegations of sexual abuse and sexual assault. The Facility PREA Compliance Manager is responsible for ensuring all allegations of resident-on-resident sexual abuse and staff sexual misconduct/sexual harassment are entered into the agency PREA Database.</p> <p>This auditor was able to interview the Facility PREA Compliance Manager who confirmed she collects uniform data for all allegations of sexual abuse and sexual assault and forwards this data to the Agency PREA Coordinator when then enters this data into the agency PREA Database. In addition, this auditor was able to review the agency PREA Database with the Facility PREA Compliance Manager to confirm compliance. There was one allegation of resident-on-resident sexual harassment at TRC noted in the PREA Database.</p> <p>(b) The Agency PREA Coordinator is responsible for gathering data on each reported incident of sexual abuse and sexual assault to aggregate an annual report. This auditor was able to review the 2020 Annual PREA Report. This Annual PREA Report provided in-depth information regarding PREA implementation throughout the agency. The Annual PREA Report notes the PREA Audit results for OCFS facilities audited, allegation statistics, definitions, and a comparison of statistics from previous years. In addition to the 2020 Annual PREA Report, this auditor also noted agency Annual PREA Reports since 2013 were posted on the agency website. These Annual PREA Reports also were in-depth and well-written as they noted the PREA Audit results for OCFS facilities audited, allegation statistics, definitions, and a comparison of statistics from previous years.</p> <p>(c) OCFS Policy 3247.00 – Prevention, Detection, and Response to Sexual Abuse, Assault, or Harassment notes the agency Annual PREA Report will include at a minimum the data necessary to complete the United States Department of Justice Survey of Sexual Victimization. 115.351 (e)	Resident reporting	
	Does the agency provide a method for staff to privately report sexual abuse and sexual harassment of residents?	yes
115.352 (a)	Exhaustion of administrative remedies	
	Is the agency exempt from this standard? NOTE: The agency is exempt ONLY if it does not have administrative procedures to address resident grievances regarding sexual abuse. This does not mean the agency is exempt simply because a resident does not have to or is not ordinarily expected to submit a grievance to report sexual abuse. This means that as a matter of explicit policy, the agency does not have an administrative remedies process to address sexual abuse.	yes
115.352 (b)	Exhaustion of administrative remedies	
	Does the agency permit residents to submit a grievance regarding an allegation of sexual abuse without any type of time limits? (The agency may apply otherwise-applicable time limits to any portion of a grievance that does not allege an incident of sexual abuse.) (N/A if agency is exempt from this standard.)	na
	Does the agency always refrain from requiring an resident to use any informal grievance process, or to otherwise attempt to resolve with staff, an alleged incident of sexual abuse? (N/A if agency is exempt from this standard.)	na

115.352 (c)	Exhaustion of administrative remedies	
	Does the agency ensure that: A resident who alleges sexual abuse may submit a grievance without submitting it to a staff member who is the subject of the complaint? (N/A if agency is exempt from this standard.)	na
	Does the agency ensure that: Such grievance is not referred to a staff member who is the subject of the complaint? (N/A if agency is exempt from this standard.)	na
115.352 (d)	Exhaustion of administrative remedies	
	Does the agency issue a final agency decision on the merits of any portion of a grievance alleging sexual abuse within 90 days of the initial filing of the grievance? (Computation of the 90-day time period does not include time consumed by residents in preparing any administrative appeal.) (N/A if agency is exempt from this standard.)	na
	If the agency determines that the 90 day timeframe is insufficient to make an appropriate decision and claims an extension of time (the maximum allowable extension of time to respond is 70 days per 115.352(d)(3)) , does the agency notify the resident in writing of any such extension and provide a date by which a decision will be made? (N/A if agency is exempt from this standard.)	na
	At any level of the administrative process, including the final level, if the resident does not receive a response within the time allotted for reply, including any properly noticed extension, may a resident consider the absence of a response to be a denial at that level? (N/A if agency is exempt from this standard.)	na
115.352 (e)	Exhaustion of administrative remedies	
	Are third parties, including fellow residents, staff members, family members, attorneys, and outside advocates, permitted to assist residents in filing requests for administrative remedies relating to allegations of sexual abuse? (N/A if agency is exempt from this standard.)	na
	Are those third parties also permitted to file such requests on behalf of residents? (If a third party, other than a parent or legal guardian, files such a request on behalf of a resident, the facility may require as a condition of processing the request that the alleged victim agree to have the request filed on his or her behalf, and may also require the alleged victim to personally pursue any subsequent steps in the administrative remedy process.) (N/A if agency is exempt from this standard.)	na
	If the resident declines to have the request processed on his or her behalf, does the agency document the resident's decision? (N/A if agency is exempt from this standard.)	na
	Is a parent or legal guardian of a juvenile allowed to file a grievance regarding allegations of sexual abuse, including appeals, on behalf of such juvenile? (N/A if agency is exempt from this standard.)	na
	If a parent or legal guardian of a juvenile files a grievance (or an appeal) on behalf of a juvenile regarding allegations of sexual abuse, is it the case that those grievances are not conditioned upon the juvenile agreeing to have the request filed on his or her behalf? (N/A if agency is exempt from this standard.)	na

115.352 (f)	Exhaustion of administrative remedies	
	Has the agency established procedures for the filing of an emergency grievance alleging that a resident is subject to a substantial risk of imminent sexual abuse? (N/A if agency is exempt from this standard.)	na
	After receiving an emergency grievance alleging a resident is subject to a substantial risk of imminent sexual abuse, does the agency immediately forward the grievance (or any portion thereof that alleges the substantial risk of imminent sexual abuse) to a level of review at which immediate corrective action may be taken? (N/A if agency is exempt from this standard.)	na
	After receiving an emergency grievance described above, does the agency provide an initial response within 48 hours? (N/A if agency is exempt from this standard.)	na
	After receiving an emergency grievance described above, does the agency issue a final agency decision within 5 calendar days? (N/A if agency is exempt from this standard.)	na
	Does the initial response and final agency decision document the agency's determination whether the resident is in substantial risk of imminent sexual abuse? (N/A if agency is exempt from this standard.)	na
	Does the initial response document the agency's action(s) taken in response to the emergency grievance? (N/A if agency is exempt from this standard.)	na
	Does the agency's final decision document the agency's action(s) taken in response to the emergency grievance? (N/A if agency is exempt from this standard.)	na
115.352 (g)	Exhaustion of administrative remedies	
	If the agency disciplines a resident for filing a grievance related to alleged sexual abuse, does it do so ONLY where the agency demonstrates that the resident filed the grievance in bad faith? (N/A if agency is exempt from this standard.)	na
115.353 (a)	Resident access to outside confidential support services and legal representation
