Introduction

- The enacted legislation as of December 29, 2022, raised the lower age (RTLTA) of juvenile delinquency (JD) under the Family Court Act (FCA) from 7 to 12 years of age, with an exception for alleged homicide offenses.
- Purpose is to be responsive to children and their families using community services and early interventions and to address disparities in child welfare and juvenile justice systems.

4

Introduction

- Requires each Local Department of Social Services (LDSS) to develop a RTLTA differential response (DR-RTLTA) for children under twelve years of age who no longer fall under the definition of Juvenile Delinquent (JD) under the FCA as of December 29, 2022, and whose behavior, but for their age, would otherwise bring them under the jurisdiction of Article 3 of the FCA.
- Requires OCFS to review the LDSSs' differential response plans for approval.
- Differential Response could be supported by Supervision and Treatment Services to Juveniles Program (STSJP) funding.
- Requires an annual report by OCFS.
